MINISTER RAPS MAYOR

READY TO PROVE CHARGES, SAYS DR. HAWKINS.

Pastor of Plymouth Church Throws Down Gauntlet in Talk to Business Men.

The Rev. Chauncey J. Hawkins, pastor of Plymouth Congregational Church, speaking before the Young Men's Business Club luncheon at the Punglow Cafe yesterday, attacked Mayor E. J. Brown's conduct of his office and said he stands ready to prove his charges.

"In avoiding direct action to remedy the conditions confronting us, Mayor Brown has hoped around so much it is hard to keep up with him," said Mr. Hawkins. "However, we may expect his next move to be the appointment of a committee of infants to take charge of the situation."
"The present campaign began after two sermons I preached, designed, not to attack the mayor or the Police Department, but to awaken the city to existing conditions. However, the mayor took the matter as a personal affront."

Bill Denies Citizenship To Native-Born Japanese

WASHINGTON, Friday, Jan. 5.—Citizenship would be denied hereafter to American born children of Japanese, and would be taken from many of those who have acquired citizenship under existing laws, a constitutional amendment which Senator Jones has in hand is submitted and adopted.

The amendment would provide that citizenship by birth cannot be acquired by the children of aliens who themselves under existing laws cannot obtain citizenship. It would, of course, orientals of the yellow races.

Confesses Robbery Story Was Invented

Will J. Swanson, 26 years old, 5755 Kirkwood Place, confessed to detectives last night, they announced, that his story to them that he had been kidnaped and robbed of \$20 and that his employer's automobile which he was driving had been stolen, was partly a fabrication of his imagination. He holds the story of being kidnaped, police said, but says the robbery story was mythical.

Following the discovery of \$15 in Swanson's pockets, following his report yesterday that he had been kidnaped, beaten and robbed, Swanson was arrested and held in the city jail pending further investigation. He told police yesterday that while driving an automobile belonging to Charles M. Culp, 562 First Ave. S., he was kidnaped and after robbing him of \$20, threw him out of the car near Kirkland. Swanson said he walked to Kirkland and then returned to Seattle.

PROTEST HIGHER GAS TAX

TACOMA, Friday, Jan. 5.—Protest against higher gasoline taxes was made today by representatives of the Dyers & Cleaners' Association at a conference of members of the legislative committee of the Automobile Club of Washington, which met for the purpose of working over and making its recommendations to the coming session of the Legislature. Auto bus and transportation men declared that 5 per cent of the gross income from their trucks under state regulation went into fees and taxes, which amounted to ten per cent of the invested capital in the business. These men declared they had no objection to an additional tax upon gasoline as they believed it would be the fairest and most equitable method of taxation if there was some more equitable distribution of the license fees.
