

Colman Explains Check to Goodwill

Laurence Colman announced today that the check for \$18,500 which recently was given to the Seattle Goodwill Industries, was made up of contributions from various friends.

Your piano as an investment

Few people seem to look forward to the day when the new piano they are buying will become old instruments. Steinways, after years of use, have been sold for practically as much as they originally cost.

You may pay for your Steinway over a convenient period of years. Used pianos accepted in partial exchange. Prices: uprights, \$950 and up; grands from \$1575.

14 ARE KILLED IN EGYPTIAN RIOTING Eight Europeans Lose Lives When Troops Fire Into Mob

WILD DISORDERS FOLLOW STRIKE IN ALEXANDRIA

Demonstrators Shatter Shop Windows, Battle Police Until Army Rifles Belch Lead Into Human Mass.

By Associated Press. ALEXANDRIA, Egypt, Tuesday, July 15.—Severe fighting between troops and Wafd strike rioters today resulted in the killing and injury of many persons, much property damage and the reported deaths of 14 persons, including eight Europeans, in the streets of Alexandria.

At midday thoroughfares around the square of Mohammed Ali were strewn with stones and broken glass of hundreds of windows. An army lorry which rioters had upset was flaming in the square.

Soldiers, it was reported by the Exchange Telegraph Company's correspondent, were forced when demonstrations grew ugly to send their bullets into the mob. The correspondent reported 250 persons injured, many seriously, with the dead being removed from the scene in carts.

Strikers Opposed to King. Today's disorders in Alexandria were precipitated in sympathy with the victims of recent political rioting in Mansourah and Bilbels. A general strike had been called. The previous disorders followed the resignation of Premier Nahas Pasha when the King refused to sign a bill which Parliament had passed. The King dissolved Parliament, but Nahas Pasha received a vote of confidence. Wafd deputies and senators, numbering about 500, later met as a self-constituted National Assembly and passed resolutions against the King. In subsequent meetings of these political factions police interfered and violence resulted.

Four Hindus Killed By Police Bullets

MYMANSINGH, India, Tuesday, July 15.—(AP)—Four persons were killed and two wounded yesterday in the course of a recrudescence of the rioting between Moslems and Hindus which started last Saturday in Kishoreganj, Bengal. Fifty-three arrests were made by the police, who fired into the crowd in an effort to stop the riots. Ten Hindus have been killed.

Convict Found Dead

HUNTSVILLE, Tex., Tuesday, July 15.—(AP)—The body of a man found on the banks of the Brazos River near the Ramsey state prison farm was definitely identified as that of Isaac C. Brogan, alias Rex Stone, a life termor from El Paso County, penitentiary officials announced today. Brogan had escaped from the farm June 9.

M'DONALD LOSES HOUSE OF LORDS OVER COAL BILL

British Premier Will Announce Within Few Days Whether to Resign or Carry Battle to Election.

By United Press. LONDON, Tuesday, July 15.—The government was defeated in the House of Lords today on its coal bill.

The government's defeat—one of a series in the House of Lords—came when the peers, by a vote of 168 to 36, reinserted in the coal mines bill a clause providing for ninety hours of work in the mines spread over two weeks instead of a straight forty-five hour week as the government wishes. The House of Lords had inserted the same clause in the bill twice previous and each time it was rejected by the House of Commons.

The government now faces three alternatives: 1—Swallowing a defeat and accepting the clause. 2—Dropping its coal mines bill entirely. 3—Resigning and precipitating a general election.

MacDonald Delays Decision

The government's defeat precipitated a critical situation but it may be several days before the government announces the alternative it chooses to accept. It was understood that before deciding the cabinet would consult leaders of the Miners' Federation on whether the miners would accept the bill with the ninety-hour per fortnight clause included.

The government's resignation on a defeat in the House of Lords, observers believed, would be MacDonald's best chance of going to the country at present. A general election might be called on the slogan, "Peers versus People," which recent speeches of MacDonald's have indicated he might be considering.

Soviet Strikes At New York Schools

NEW YORK, Tuesday, July 15.—(AP)—Opening its inquiry into activities of Communists today, the special House investigating committee was told by Hazen Chaffetz, district school superintendent in the Bronx, that approximately 200 out of 1,500 pupils in one public school were dominated by a radical group influenced by Communists.

Edward B. McGuire, principal of a junior high school, said the Communist movement is dangerous, not from what has been done, but from what potentialities it possesses, and that the Young Pioneers of America is a bitter enemy to the ideals of the Boy Scouts of America. The organization, he said, was inspired by soviet Russia, and financed and directed by able minds. Many youngsters are taught communistic principles at secret schools.

Hindenburg,irate, Turns Down Fete

By Associated Press. BERLIN, Tuesday, July 15.—Venerable President von Hindenburg threw something akin to a political bombshell today when he notified the Prussian premier, Dr. Otto Braun, he must decline to participate in the festivities planned at Coblenz, Treves, Aix-La-Chapelle and Wiesbaden in celebration of the liberation of German soil from foreign troops.

The President's refusal was based upon the fact the Prussian government has not yet lifted the ban on the "Stahlhelm," an organization of former service men who participated in the war. President von Hindenburg is an honorary member of this organization. While eliminating his visits to Prussian cities the soldier President said he would stand by his acceptance of invitations to the Bavarian county of the Palatinate and its capital, Speyer, as well as to the Hessian city of Mayence.

Butte Has Fourth Day's Holiday As Strike Continues

By Associated Press. BUTTE, Mont., Tuesday, July 15.—With neither strikers nor employers divulging plans for the future, Butte's wholesale and retail sections today observed a fourth successive holiday.

It was estimated more than 1,500 persons are idle as a result of the walkout June 20, of members of the teamsters' union. Some 500 clerks were locked out Saturday by members of the Silver Bow Employers' Association, who said business houses would be closed in sympathy with the teamsters, until further notice.

The closing affected bookkeepers, stenographers, sub-managers and others not affiliated with the unions. A proposal of employers to reduce teamsters' wages to about \$6 a day started the breach.

Death Now Laid To Auto Crash

PORTLAND, Ore., Monday, July 14.—Hugo H. Carlson, 30 years old, logger, of Warren, Ore., whose death July 4 he was attributed to injuries suffered in a drunken brawl, apparently was the victim of a hit and run motorist, according to information at police headquarters today.

Carlson had been in a fight with Roland Casselman, 23, but suffered a bitter enemy to the ideals of the Boy Scouts of America. The organization, he said, was inspired by soviet Russia, and financed and directed by able minds. Many youngsters are taught communistic principles at secret schools.

CHINESE REBELS COUNTER AGAINST RAILROAD LINES

Northern Alliance Moves to Cut Purse Strings of Nanking Nationals While Troops Resume Battle.

By Associated Press. SHANGHAI, Tuesday, July 15.—The launching of a heavy offensive on the Haichow-Tungkwan railway front by the Northern Alliance rebels was reported today in Japanese advices from Honan Province.

Nationalist troops, reports said, were forced to abandon front line positions there and withdraw to secondary positions as the Northerners continued their attack. Renewal of fighting in Honan came after a lull occasioned by Nationalist military activity centering in South-Shantung. Troops were withdrawn from the Haichow-Tungkwan front recently in the effort to retake Shantung.

A direct effort to cut off one of the Nationalists' money supplies was made by Northern Alliance spokesmen at Peiping today when they warned local Chinese bankers here not to make loans to Gen. Chiang Kai-shek, head of the Nanking government. Northern spokesmen said such loans would be criminal acts, punishable by the Peiping Alliance.

Nationalists Not Alarmed. Nationalist leaders at Nanking today were little concerned over the secessionist conference in Peiping of an appreciable portion of the Kuomintang (People's Party) central executive committee seeking to set up a separate government in the northern metropolis. Nationalists said the disgruntled Peiping leaders likely would succeed in forming a government, but believe Nanking's relatively better financial position would prevent the northern move from becoming embarrassing.

Lockhart Reports Outrage Inquiry

WASHINGTON, Tuesday, July 15.—(AP)—American Consul General Frank P. Lockhart at Hankow advised the State Department yesterday the Chinese military authorities have instructed officials at Suiping to investigate allegations that American missionaries were driven through the streets there June 23. The Suiping officials have been instructed to punish the guilty parties, Lockhart said.

Japanese May Lease Land Under California Ruling

By Associated Press. SAN FRANCISCO, Tuesday, July 15.—Under provisions of the treaty between the United States and Japan, alien Japanese may lease California land for commercial or residential purposes for as long as they desire, Attorney-General Webb ruled yesterday. Webb held the treaty "by inference" accords alien Japanese the same privileges regarding long-term leases as American citizens.

Nicaraguan Rebel Boasts of Victory

MEXICO CITY, Tuesday, July 15.—Heavy casualties among United States Marines and Nicaraguan constabulary were claimed by Gen. Agustin Sandino, leader of the Nicaraguan rebels, in a statement released here by his Mexico City representative. The statement was signed by Pedro Zepeda, who is handling Sandino's affairs in Mexico. Zepeda claimed a courier had reached him from Sandino bearing the information. Encounters between the rebels and the combined forces of the Marines and constabulary to June 20 had resulted in 200 killed and approximately 500 wounded among the combined troops, while only 13 of Sandino's followers were killed and 85 wounded, the statement claimed.

Sahara Is Called 'Cradle of Race'

NEW YORK, Tuesday, July 15.—Recent excavations in the sands of the Northern Sahara Desert show that the "cradle of the human race" was in Southern and Central Africa and not in Asia, according to Alonzo W. Pond, leader of the Logan African Expedition of Beloit College, Wis., which has just returned after three months' work in the Sahara. Indications that the Sahara was not a desert during the Stone Age, but was moist and was the scene of a great northward migration were also found, Pond said.

BOYD'S PLEA FOR FREEDOM TURNED DOWN

Seattle Rum Law Prisoner at McNeil Penitentiary Is Loser in Federal Appeal.

By Associated Press. SAN FRANCISCO, Tuesday, July 15.—John A. Boyd, serving consecutive sentences of fifteen months each in McNeil Island penitentiary for violations of the prohibition law in Seattle, yesterday was denied a writ of habeas corpus by the United States Circuit Court here.

Boyd appealed from a Washington District Court judgment dismissing his petition, in which he claimed the trial court had not specified which sentence the second fifteen-month-term should follow. He contended the sentence followed a two-year term previously served in Leavenworth penitentiary for bribing a federal officer. The Circuit Court upheld certain points in his appeal, but refused the writ, declaring his release would be a "gross miscarriage of justice."

Gopher Picnic Sunday

The Minnesota Gopher Club of Seattle will have a picnic at Woodland Park Sunday, Bertha Bruman, in charge of arrangements, announced today.

Shoes 'Squeak, Squeak' Says 'Caste, Caste' to Hindus

By Associated Press. CALCUTTA, Tuesday, July 15.—Many Indians from prince to merchant and certain Swaraj leaders have gone in for squeaky shoes, considering they give them swank. The average Indian coolie goes barefooted from babyhood. On the other hand ruling classes all wear shoes and it was a prince of royal blood who conceived the idea of wearing noisy footwear to attract attention when he went among laboring natives and their likewise shoeless women in the various districts of his province. Speakers of the Gandhi movement for self government in traveling about the country and appearing before assemblies of natives in the country districts, have found, too, they say, squeaky shoes have helped them considerably, as the noise not only attracts attention but gives them individually as well. The squeaky shoes are made chiefly by Chinese shoemakers in Calcutta and Bombay, the squeak being brought about by the loose tacking of the sole leather so there is a certain amount of friction.

Korean Floods Kill 120; Fifty Priests Missing

By Associated Press. LONDON, Tuesday, July 15.—An Exchange Telegraph dispatch from Tokyo today reported 120 persons drowned in floods in Korea Sunday. Many others are missing, including fifty priests whose temple was overwhelmed in a landslide.

New Zealand Farms Overrun With Deer

AUCKLAND, N. Z., Tuesday, July 15.—(AP)—Deer introduced into New Zealand forty years ago as an attraction for sportsmen, have become a serious menace to farms. A conference of forty-eight agricultural societies recently adopted resolutions calling on the government to take immediate measures to exterminate the animals. Government shooting parties have been sent to various districts to begin destruction.

FRASER-PATERSON A SEATTLE INSTITUTION It would be GRANITE! The Aristocrat of Dull Silk Hose-- A Real Crepe In Seattle Granite Silk Stockings are obtainable here only. These exquisitely sheer silk stockings are not related in any way to the large family of dull-finished hosiery. They are the leaders of all--as Granites always are.
