RACE MEET STARTS TODAY

Program Will Be Opened by a Grand Parade of Fine Horses.

Six First-Class Events Scheduled for the Opening Day.

After months of thorough preparation, the great thirty-day race meeting of the King County Fair Association will start at The Meadows this afternoon.

The rail birds are having a pretty hard time picking the winners in this opening handicap.

The clubhouse, always beautiful, has been redecorated and refurnished.

The association has arranged with the city and county authorities to have the Grand Street bridge and on out through Georgetown to the track.

Regarding the car service, the Puget Sound Electric Company has issued the following notice.

SAV DOGFISH ARE NUMEROUS

Coast Pest Is Now Calling Forth All Kinds of Agitation.

Fisherman Cannot Put Out a Trawl Without Having Bait Taken.

The dogfish pest is calling forth all kinds of agitation in the East, and a question has been investigated on this coast without doing any harm.

There are three or four kinds of dogfish. The most common breeders are the picked dog or spring dogfish.

Bavages Are Serious. The ravages of dogfish first became serious in Canadian fisheries in 1893.

In connection with the effort made towards dogfish, the dogfish is not used as food, it has some commercial value.

Bounties have already been suggested as a means of checking the fish.

RAILWAY EXHIBITS AT WORLD'S FAIR

St. Louis a Great Center for the Study of Transportation.

Old and New Methods—Object Lessons of Rare Interest and Immense Utility.

The railway exhibits at the St. Louis World's Fair have been collected and prepared with a view not only of showing present methods but also of comparing them with past methods.

The visitor sees the first locomotive that was constructed as well as the latest and more perfect specimens of the builders art.

Those who are wisely securing the "Forest City" Series of World's Fair Art Portfolios...

Further particulars may be gleaned from the following announcements which appear from time to time.

Lots of people do good work, but mighty few do work just right.

FORCE is rich in the Nitrogen and Phosphates of Whole Wheat, mated with Best iron ready digestibility.

These miracles worked by proper diet are so easy to perform that few appreciate them.

Just as a test—try "FORCE" for a straight two weeks, eating a liberal portion with every meal, and note its effect!

Tough business problems are easily solved by men who eat "FORCE."
