Until her death, Mrs. Carkeek held the leadership of the group, opening her home, one of the early city's finest on the First Hill, at least once a year for a reception and a day of reminsicence. It always was a costume affair, sometimes al fresco, again indoors, but always one that was greatly anticipated by those fortunate enough to be eligible to membership, or in the role of an invited guest. Many lovely and highly prized relics were entrusted to the society's keeping in anticipation of the time when the society would build a per-manent home for their safe keeping and exhibition. This was Mrs. Car-

NATURAL LAXATIVE FOOD WINS NATION

Kellogg's ALL-BRAN Helps Millions to Regular Habits

Kellogg's ALL-BRAN is one of the most popular laxative foods in the country today. Millions have found it thoroughly satisfactory for correcting constipation due to in-sufficient "bulk" in meals.

In addition to its popular approval, ALL-BRAN has been accepted by science. Research shows it offers mild "bulk" to aid elimination. Also vitamin B and iron

The American Medical Association Committee on Foods has granted Kellogg's ALL-BRAN its Seal of Acceptance. This delicious cereal is also approved by Good Hausekaning Institute Housekeeping Institute.

Within the body, ALL-BRAN forms a soft mass which gently clears out the intestinal wastes. More effective than the "bulk" in fruits and vegetables, as it does not break down in the body. Isn't this food better than patent medicines? Unlike cathartics, it re-

mains effective with continued use. Two tablespoonfuls daily are usu-ally sufficient. Chronic cases, with each meal. If not relieved this way, see your doctor. Get the red-and-green package

at your grocer's. ALL-BRAN is much more satisfactory than part-bran products. Made by Kellogg in Battle
