Attack May Have Been Counted Upon by Tokyo to End Resistance on Luzon, Army Declares

By Associated Press.

Another Japanese smash-which Tokyo heralded as possibly the climactic drive in the Battle of the Philippines—has ended in costly failure although the enemy used his best troops and new tactics against Gen. Douglas MacArthur's men, a War Department communique announced today.

This was the third triumph recorded by American forces in the Pacific in the past two days.

The Japanese had reported heavy

gunfire along the east coast of Ba-tan Peninsula, apparently signal-ing a general offensive; hence this American success may rank with the destruction of an invasion flo-tilla aimed at Corregidor and the slashing sea-and-air attack on six Japanese air and naval bases in the Pacific, announced yesterday.

Best Troops Used Two Japanese divisions were hurled simultaneously against the American-Filipino lines on the east and west sides of the peninsula, the communique said.

On the west, the South China Sea shore, the Japanese were driven back and destroyed, cap-tured or drowned. On the east, facing Manila Bay, artillery fire broke up a mass frontal attack before it got fully under way.

The attackers on the east, Mac-Arthur said, were "entirely de-stroyed." (Presumably, he meant that the division had been destroyed as a fighting unit, rather than that all of its men were

DERHAPS YOU wouldn't Precognize a fugue if you met one in an alley. Perhaps you don't know a sonata from a sofa. Yet you needn't know how a rose creates its perfume to enjoy it. And you don't have to dissect music to enjoy the best. Fritz Kreisler says you recognize it by your goese-flesh.

Great music does stir everyone-rich man, poor man . . . highbrow, lowbrow - particularly when it combines the genius of a master composer, a fine orchestra, and a top-flight conductor like Pierre Monteux. Wherefore the Standard Symphony Hour has become a bome institution.

Our fan mail tells us that every Thursday evening at 8 o'clock Mutual stations are dialed by listeners in overalls ...in silken gowns...and even in diapers. Anyhow, a mother recently thanked us because her 15-year old son had known great music "from birth." Of course, the Symphony Hour isn't yet 15-but it's past 14.

Some people, we know, pre-fer le jazz hot or le crack wise. But, honestly, what other program has the recommendation of thousands who have made it part of their lives - since Coolidge was president? We hope that you are sharing their pleasure. For it's our way of saying "Thank You" for patronage-often of longer standing, even, than the Standard Symphony Hour.
