

# GOLF'S NICE WORK

## Hogan Leads Money Winners

ATLANTA, Thursday, Feb. 5.—It's nice work if you can get it—and Gopher Ben Hogan is getting it, at \$2.85 a stroke. That's little Ben's take if you want to be as inquisitive as an income tax collector—since the start of his winter tournament tour, and the long-hitting Hershey (Pa.) professional has nine more stops before he shoots for Craig Wood's crown in the Masters' tournament climaxed the winter tour at Augusta April 9.

# JOHNNY KATICA PAGES CAGE WIN

Wild scoring marked small-college basketball games in the Pacific Northwest last night as three games averaged better than 100 points each.

# SPORTSMEN SEEK MEETING HALL

As the first step in a move hoped to result eventually in a central clubrooms and meeting hall for all Seattle outdoor sportsmen's organizations, Stephen J. Morrissey, president of the King County Outdoor Sports Council, last night named a special committee to make a preliminary survey.

# TOP RIFLE TEST SLATED TONIGHT

The match Western Washington Rifleman have awaited all season, between the Seattle Rifle & Pistol Association and the North End Rifle Club, takes the center of the stage tonight at the new Armory.

# 'Foul,' Says Phil

This Scott was a tall, pallid party, who always looked and talked as if his feelings had been just badly hurt.

# DiMaggio Gets His Contract

NEW YORK, Thursday, Feb. 5.—(AP)—Joe DiMaggio received his \$500,000 contract from the New York Yankees in yesterday's mail and this year's biggest baseball salary struggle immediately swung into motion.

# HITLER WATCHING SINGAPORE SIEGE

By DEWITT MACKENZIE

Wide World Service War Analyst Japanese bombs today are pouring down on Singapore with increasing intensity; the Mikado's heavy siege guns are hurling destruction onto the island from their concealments on the neighboring mainland; and down the jungling bordered highways of the peninsula swing long lines of enemy troops, bent on invasion of the British stronghold.

The barbarians of the Rising Sun are last swarming to the shores of the narrow waterway which is all that lies between them and this great prize. The attempted invasion appears to be close at hand.

This is one of the crucial moments of the war. Soon we shall know whether the keynotes of Allied strength in the Orient—one of the most powerful defenses ever created—can withstand the forces which Nippon is letting loose against it.

Far to the westward the mastermind of aggression is watching intently. And in his mind's eye he sees not the tropical Isle of Singapore but another greater island which lies just across the English Channel from his own army of invasion which so long has been waiting for a chance to strike.

The least we can say is that the defense has a mighty task on its hands. If the Allies possessed adequate air strength they probably could walk away with the island.

The thing troops most dislike is the bombing, because the great explosives come hurtling out of the sky and the machine guns, like a swarm of hornets which leave you pretty helpless because you don't know which way to turn.

The match Western Washington Rifleman have awaited all season, between the Seattle Rifle & Pistol Association and the North End Rifle Club, takes the center of the stage tonight at the new Armory.

The North Enders are unbeaten in seven matches this year, while the Seattle group, beaten their first time out, has won six straight since bowing to the Tacoma Rifle & Revolver Club.

A win for the North Enders would give them an inside track to the title in the Puget Sound Small-bore Rifle League, for they already have scored over Tacoma.

The North Enders depend on the shooting: Burnhams, Wall and Gloria, Jimmy Davis and Roy Meister for their wins this year. Vern Harland has sparked the Seattle club, backed by Mickey Johnson, Earl Coe, Karl Kepp and Royal Kilgore.

Soccer fans will get a taste of five-side competition in a game when two matches will be played as preliminaries to the Hamilton Douglas Cup final between Mrs. Wickman's Pies and Glaser 7-Up.

Two bob-tailed teams from the Roller Bowl will mix in an exhibition at 1 o'clock and two from Ravensdale at 1:30. The cup teams will take their place at 2:15.

Removal of All Japanese From Coast Is Urged

Removal of All Japanese from the Pacific Coast area was demanded in a resolution adopted this week by Bremerton Post No. 149, American Legion.

Removal of Japanese aliens from coast-defense areas is not sufficient to insure against a sabotage and fifth-column activities along the West Coast, the resolution read, it said, also, that "the rights of individuals during the present conflict are secondary to the security and preservation of the nation as a whole."

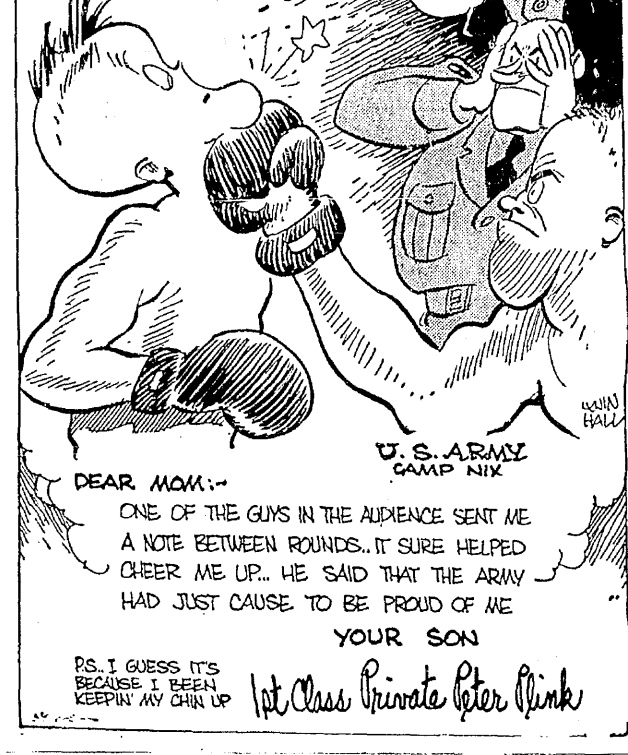

NEW YORK, Thursday, Feb. 5.—(AP)—Joe DiMaggio received his \$500,000 contract from the New York Yankees in yesterday's mail and this year's biggest baseball salary struggle immediately swung into motion.

# Russia Will Need Allied Help When Snows Thaw

(Here you will find the answers to many of the questions you have been asking about Russia, land of mystery, written for Wide World by Sir Stafford Cripps, former British ambassador to that country and one of the world's best informed authorities on the subject. This is the first of two articles.)

LONDON, Thursday, Feb. 5.—(Wide World)—In the mass of contradictory propaganda which floods the world in these times of war, everyone is doubtful as to what to believe and what to discard.

When fighting is going on along a front of 2,000 miles, collection of 100 per cent reliable news is impossible, but it is unimportant whether there is exact accuracy or not.

The principle that is adopted in giving the news is that the news should be the principle of the Nazis to make the news fit the momentary needs of propaganda regardless of the facts—or that of making the news as truthful and unambiguous as safety of armed forces permits.

No Exaggeration This latter method, which has been adopted by the British government as its principle, may lead to many omissions especially when things are going badly, but it does not lead to exaggeration of success.

It is this latter principle that the Russians have utilized. It has been remarkable that accounts of Soviet victories have been restrained in many cases and little or no news has been given until it was certain that an operation would be successful or in most cases until it had actually resulted in success.

The German army is not yet a defeated army, nor has it yet been routed. It is, however, being driven out of a great number of occupied points and towns that it would have much to be gained through the winter.

Club to Hear Coast Yards To Launch 200 Ships in Year

PORTLAND, Or., Thursday, Feb. 5.—(AP)—The Pacific Coast shipyard hearing the peak of their all-out war production effort, will launch approximately 200 emergency cargo vessels during the next 12 months for the Maritime Commission.

# Oregon Yards Get Baltimore Challenge

PORTLAND, Or., Feb. 5.—(AP)—Shipbuilding race was today with Oregon defense crews pitted against those in yards at Baltimore.

# Flyers' Sea Terms Arouse Fisherman

ASTORIA, Or., Thursday, Feb. 5.—(AP)—Army and Navy pilots in the catches on the Seattle Fish Exchange could do with a little instruction in nautical terminology.

# Fishing Vessels

Three fishing vessels arrived in Seattle today from the deep-sea banks and sold at auction to the Seattle Fish Exchange at Pier 8, as follows:

# Japs Wear Captured Britons' Clothing in Moulmein Battle

thrusts from Thailand into South-east Burma were described to me at the front by a British officer of the Burma Rifles, who fought at Moulmein.

Jap Firecrackers Annoying Rubbing his unshaven chin and contending with the head-to-toes through his cap, said he said: "We held the enemy attack for 36 hours. By day, groups of two and three Japanese tried to annoy us and draw our fire by shooting from treets and setting off firecrackers at various points."

# GAMBLING SHIP WILL SAIL AGAIN

By HUBBARD KEAVY

SAN PEDRO, Calif., Thursday, Feb. 5.—(Wide World)—The Tango will sail at last.

There, for two years, this big hull with the outlandish superstructure like a top-heavy ship, anchored. Fairly visible upon her weather-carried bow was the name: TANGO.

Some harbor officials said the Tango was unsafe and, anyway, what good in these days of speed was a vessel that had been once suggested she would make a study target for the Navy to pond away at. It was said that the hull had become unseaworthy, but harbor officials said this hadn't reckoned with the quality of the steel and the workmanship of Glasgow shipwrights in 1904.
