

JAPS TO BE PUT ON RESERVATION

Ample Evacuation Planning Needed, Social Workers Told

SAN FRANCISCO, April 16.—(AP)—The Army announced plans today for resettlement of more than 10,000 Japanese on the Gila River Indian Reservation in Arizona.

The new relocation center for Japanese evacuated from Pacific Coast military zones will be near Sacaton, about 50 miles southeast of Phoenix. Work on buildings will start at once, it was said by E. R. Fryer, regional director of the War Relocation Authority. Construction will be carried out by Army engineers.

Fryer said that under lease arrangement with the Indian Service the W. R. A. will operate more than 7,000 acres of irrigated land in the reservation on which Japanese farmers will produce large quantities of vegetables.

In addition to the 7,000 acres of rich vegetable lands, the Relocation Board is considering taking over about 8,000 acres of other land nearby on which improvement work will be carried out.

Death Decorates Forty Nazis

MOSCOW, April 16.—(AP)—The Moscow radio reported tonight that 40 German soldiers assembled in headquarters at Staraya Russa to receive Iron Crosses were killed when Russian guerrillas blew up the building.

Rivets that explode when subjected to heat and set themselves firmly in metals have been invented by a Delawarean.

Methodist Church, the delegates heard Gov. Arthur B. Langlie speak on "Our Job in Civilian Defense" and Richard M. Neustadt, regional director of the Federal Security Agency at San Francisco, on "Social Service in War Time."

Councilmen Balk at Giving Travel Expense

Fearing to set a precedent, the City Council finance committee yesterday afternoon held up a request of Roy A. Palm, secretary to the Civil Service Commission and chief examiner of the Civil Service Department, to spend \$125 of department funds to defray expenses of attending an Oakland convention May 8 and 9.

Palm planned to attend the Western Regional Conference assembly to "study the manner in which other civil service jurisdictions are meeting personnel problems" brought about by war conditions.

"If we pass this, we will be setting a precedent," said Council President David Levine. "We should have further conference on this."

Dummy Plane, 'Hidden,' Fools Jap Bombers

UNITED STATES ARMY HEADQUARTERS IN AUSTRALIA, April 16.—(AP)—Brig. Gen. Ralph Royce, who led the American bombing raid on the Philippines, disclosed today that he fooled Japanese bombers by fixing up an old, decommissioned B-17 Flying Fortress on a Philippine landing field.

Four wooden "propellers" were attached to the worthless plane, and new "camouflage" was provided—not to conceal it, but to make the Japanese think concealment was intended.

Sure enough, the Japanese came over and bombed it all day, but their 13 twin-engine bombers failed to find Royce's base.

As souvenirs of the ruse, Royce displayed metal fragments with which Japanese bombs are filled. Several of the pieces of scrap had "Ford" stamped on them.

FOREST-FIRE FUND SLASHED

WASHINGTON, April 16.—(AP)—Senate and House conferees on the sixth supplemental national-defense appropriation bill reduced today the Forest Service appropriation for fighting forest fires from \$18,100,000 to \$5,000,000, the budget estimate.

Senator Holman, Republican, Oregon, a Senate conferee, said the House members of the conference committee demanded the amount be reduced to the budget estimate or they would insist that the item be referred back to the House. The conferees also eliminated from the Forest Service appropriation the amendment by Senator McKellar, Democrat, Tennessee, that cost of any Civilian Conservation Corps camps assigned to the Forest Service by Congress or the President should be paid out of the forest-fire-fighting fund.

Stem Increased

Holman said the conferees agreed to the Senate figure of \$500,000 for national forest protection and management. The House had approved \$250,000 for this item.

The \$18,100,000 was written into the bill by the Senate after the House had cut the budget figure to \$2,000,000. The action today indicated a fight on the floor of the House to restore the \$18,100,000 to the bill, as the California delegation served notice it would seek to do this if the conference committee did not retain the Senate figure. The Washington and Oregon delegations have said they also would support the higher figure.

Increase Held Doubtful

Representative Hill, Democrat, Washington, chairman of the Pacific Coast congressional committee on forest fires, said he saw no chance of increasing the funds for fighting fires when the conferee report was returned to the House.

Hill said such reports had to be accepted or rejected in their entirety and because of this it was hardly likely the House would hold up the \$19,000,000 measure because of reduction of the amount for fighting forest fires.

Holman said the conference committee included in the section a provision that the \$5,000,000 should be allocated to states where the danger of forest fires was greatest.

Rabbi Levine Looks to Fruitful Ministry Here

DR. RAPHAEL LEVINE
 Married U. W. graduate

Dr. Raphael Levine, newly elected rabbi of Temple de Hirsch, is looking forward "to a fruitful ministry in Seattle," beginning July 1, when he will take over his duties here.

Dr. Levine, in Seattle today between lectures in Olympia and Victoria, B. C., said that he had traveled a great deal but found this city "has more beauty from every point of view. I am very fond of this community—it is a great one to work in. Dr. Samuel Koch, who will become rabbi emeritus of the temple, has built up a wonderful congregation over a period of 35 years."

Dr. Koch resigned last November because of ill health.

Dr. Levine, former associate rabbi of the Great Liberal Jewish Synagogue in London, came to America in September. He has been on a lecture tour to build up civilian morale, and lectured here March 30.

"One of my greatest interests is the fostering of deeper understanding and closer cooperation between all religious groups," Dr. Levine said today. "My home is in Liverpool, where I was rabbi of the Liberal Liverpool Synagogue for six years before going to London, was a rendezvous for ministers of every religious denomination. We met to discuss common religious problems and philosophical and social issues."

Dr. Levine received his law degree from the University of Minnesota and practiced law for six months before deciding to become the first rabbi in his family. He entered Hebrew Union College, and while studying there, married the former Madeline Reinhart, University of Washington graduate and member of a pioneer West Coast family.

"Our daughter, Loris Jean, who is 11 years old, attended my graduation," he said. The Levines have a son, David Ernest, 4.

Mrs. Levine and the children are with her parents in Portland, Or., where the family has lived since 1874.

Torrance New President Of U. W. Students

Kirby Torrance, Jr. of Seattle was the newly elected president of the Associated Students of the University of Washington today by virtue of his triumph, 1,350 votes to 1,189, over North Burn of Waldron, San Juan County, in yesterday's campus election.

Torrance was president of his class four years at O'Dea High School and has served as sophomore vice president and junior president at the University. "He will be commissioned in the Infantry next June."

Don Urquhart of Vashon was elected president of the senior class, winning over Jack Wilson and Bob McCarther, both of Seattle; Shirli Thomas of Seattle was elected senior class vice president, defeating Mariem Murfin of Sunnyside, Yakima County, and Burt Robbins of Seattle; Jerrie Wolf of Seattle, unopposed, was elected senior class secretary, and Virginia Garhart of Seattle won the senior class treasurer post, defeating Marilyn Hudson of Watsonville, Calif., and Ruby Gauthier of Bremerton.

Jim French of Cashmere, Chelan County, was elected president of the junior class, defeating Norm King and Frank Dupar, both of Seattle; Lee Campbell of Yakima won the contest for junior class vice president over Eleanor Ring of Seattle and Dick Dunnington of Ellensburg and Fred Schlichting of Redwood; Dorothy Wilson of Seattle defeated Jack Sheedy of Seattle for junior class secretary, and Lynne Hobrock of Mercer Island was elected treasurer, defeating Amy Hetherington and Ruth Converse, both of Seattle.

Sophomore class results were: Ted Christenson of Morton, Lewis County, president, winning over Art Mortensen of Tacoma and George Guy of Seattle; Mary Margaret Smith of Spokane, vice president, victor over Ted Christenson of Morton and Edith Herman of Seattle; Alice Johnson of Seattle, treasurer, defeating Janet Turnbull of Spokane.

Miss Johnson, majoring in electrical engineering, is the campus "electrical queen," and her opponent, Miss Turnbull, is "the most kissable co-ed."

Union Cleared Of Slowdown, Says C.I.O. Aide

COLUMBUS, Ohio, April 16.—(AP)—William Gibson, international representative of the C. I. O. United Auto Workers, said today the Navy had exonerated union leaders of charges by Senator Byrd, Democrat, Virginia, that they were responsible for a work slowdown in the Curtiss-Wright plant here.

Gibson said Navy officials in Washington informed him they would issue a statement to the effect that "nothing has been introduced to substantiate" Byrd's assertions, and that the Navy would make a complete investigation of plant conditions here.

Byrd said Tuesday the Columbus plant was operating about 60 per cent of capacity. He said the inspector of naval aircraft reported that U. A. W.-C. I. O. local labor leaders were responsible for constant discontent of the workers caused by statements they were overworked, the hours too long, and wages inadequate.

More than 110,000 men, women and children in Elre receive public assistance under the Poor Law.

If a Name Means Anything!
 BOISE, Idaho, April 16.—Classification clerks looking through a list of recruits at Gowen Field Air Base today decided one new man should be a cinch to earn his wings in the Air Corps. He is Pvt. Arch Angel of Whitley City, Ky.

Norwegian Bishop Freed
 STOCKHOLM, April 16.—Bishop Evinnd Berggrav of Oslo has been released from a German concentration camp, but "measures have been taken to prevent him from renewing his political activity," the Oslo correspondent of the newspaper Stockholm-Tidningen said today. Berggrav and three other clergymen were imprisoned when Vidkun Quisling, Norwegian puppet leader, became enraged by his failure to overawe the Norwegian Protestant church.

Death Takes Dr. Crowder
 CHICAGO, April 16.—(AP)—Dr. Thomas K. Crowder, 70 years old, head of the department of sanitation and surgery for the Pullman Company since 1915, died last night.
