

JAPANESE GOOD-NATURED AS THEY REGISTER

Almost in the happy mood of Saturday-night patrons lined up in wait of a seat at a motion-picture theatre, Seattle Japanese lined up yesterday to register for evacuation from the city next week. About 2,100 Japanese are to be moved, but only 500 heads of families

registered. This picture was taken at 2100 Second Ave., one of two registration centers which were signing evacuees yesterday and today. The registrants were gay, apparently resigned to any eventuality caused by the war.
