SWEET BABIES, SUGAR RATION—PRAM JAM
IN BROOKLYN YESTERDAY Take an amount of rationed sugar and a group of sweet youngsters, mix them in the vicinity of a public school and the result is a pram jam. This is what happened when mothers left their babies to sun while they registered for sugar cards on the first day of sugar rationing.—A. P. wirephoto.

FAILURE TO DOWN RUSS SEEN AS END OF NAZIISM

Army Chiefs Led by Von Brauchitsch Are Said to Have Told Fuehrer They Will Act if He Loses Out

By ROBERT BUNNELLE Associated Press Foreign Staff LONDON, May 5.—A group of Adolf Hitler's generals headed by Field Marshal Walther von Brauchitsch was reported today to have told the Fuehrer bluntly that if his 1942 campaign in Russia fails, they will try to institute for Germany an alternate plan of their own calling for "abolition of the Nazi system."

A responsible source with unusually reliable information about conditions inside Germany said Hitler had accepted this challenge calmly and appointed Von Brauchitsch a member of the Supreme Command.

Hitler relieved Von Brauchitsch as commander in chief last December 21 and announced that he himself, relying on his "intuition," had assumed direct command of his army.

The source said the incident might be interpreted in two ways: 1. That Hitler was confident of victory but needed the help of his former commander in chief and Von Brauchitsch's friends and hoped his appointment would win over critics; or 2. That he was beginning to rec-

Move on Island Off Africa Taken to Balk Japs, Says London; Break Between U. S. and France Seen; Allied Position Improved by Occupying Key Territory, Say English

By Associated Press. British Commandos, marines and infantry were reported storming the big French naval base at Diego Suarez, Madagascar, from the rear, while warships and squadrons of airplanes attacked the harbor frontally late today after British sea-borne forces had made a surprise landing on the island.

French Chief of Government Pierre Laval announced late today he had received a note from President Roosevelt demanding that France should not defend Madagascar against the British.

Laval said the Vichy government regarded Mr. Roosevelt's note as "inadmissible."

Nevertheless, Laval said he had told the United States charge d'affaires this morning that under no circumstances would France make the first move toward a rupture between France and the United States.

Bitter fighting was reported raging for control of the 1,000-mile-long island, a Vichy French possession off the coast of East Africa.

Diego Suarez, one of the finest naval bases in the Indian Ocean, lies at the north end of the island, which is fourth largest in the world.

A Vichy broadcast said the government had announced officially that the British also were using parachute troops.

The Vichy broadcast said the British naval forces consisted of two cruisers, four destroyers, two troop transports and probably an aircraft carrier. Two British planes were reported shot down.

Otherwise, reports of specific operations were meager.

88 'Sub' Victims Saved; Flyer Swims to Man's Side, Sets Broken Leg

By Associated Press. COCOA, Fla., May 5.—Eighty-eight survivors from two torpedoed freighters—one British and one of the United Nations—have reached safety, with spectacular stories of a heroic naval rescue at sea and of a gun crew that risked death to keep firing upon an Axis submarine.

The Navy revealed today that the two vessels fell victim to torpedoes off the eastern United States coast early last Sunday morning. Twenty-three men lost their lives in the sinkings.

Seventeen died when a torpedo struck their lifeboat as it was being lowered over the port side of the medium-sized United Nations freighter. Another of the ship's crew was killed, and 46 survivors were brought to an East Coast naval air station.

The other five were killed in the engine room of the medium-sized British freighter, from which 42 survivors were brought to the naval station.

Two Navy men Ensign John F. Gray of Champaign, Ill., and Radioman James Wesley White of Jacksonville, Fla., were heroes in rescuing Thomas Jones, 27-year-old seaman of Birkenhead, England.

Jones suffered a broken leg when the United Nations ship was sunk and for three hours clung to a piece of wreckage, where he was sighted from a plane by the two Navy men.

Gray landed the small plane on the water, strewn with wreckage, and White swam to the injured man, lifted him onto a raft, and fashioned for him a crude splint made from a floating board and canvas from the raft.

Then the seaman was hoisted to the plane, and Radioman White remained on the raft while Jones was rushed to land for medical treatment. White later was picked up by another plane.

For most of the United Nations ship's crew, it was the second torpedoing in three weeks. They were aboard a British ship sunk earlier, but volunteered for service

KING COUNTY JAP FARMERS ORDERED OUT

Japanese in another large section of Seattle and a huge portion of King County south and east of the city, including the areas adjacent to the Boeing Airplane Company and properties, the Cedar River watershed and a number of King County towns, cities and farm communities, were ordered evacuated by the Army today.

The removal of south and east King County Japanese will be the first from important farm lands near Seattle. It includes many farmers in the White, Green and Snoqualmie River Valleys.

The orders were two of five issued by Lieut. Gen. John L. De Witt, commanding general of the Western Defense Command and Fourth Army.

The evacuation will begin Friday and be completed by Monday.

The Seattle order affects all Japanese living within the area bounded by Fifth Avenue, Yesler Way, 15th Avenue and Madison Street.

Wide Area Included

The King County order includes Benton, Issaquah, North Bend, Snoqualmie Pass, Kent, Des Moines, Seahurst, Three Tree Point and Auburn.

The three other orders will evacuate Japanese from areas in Los Angeles and San Francisco, and will bring the removal of Japanese from West Coast military areas near the half-way mark. About 5,570 Japanese are affected by today's orders, 2,200 of them in Seattle and King County.

The Japanese in the Seattle area—about 1,150 of them—will be taken to the assembly center on the Western Washington Fair Grounds at Puyallup. The 1,050 from the remaining King County area will be taken to a new assembly center

(Continued on Page 2, Column 2.)

90 Per Cent Signing Bond Pledges, Say Minute Man Leaders

(See Page 17 for photographs)

Better than 90 per cent of residents in Seattle and King County are signing pledges to buy war bonds, and that percentage will be increased as the Minute Man war-bond pledge campaign continues, directors of the drive said today.

In Seattle, more than 60,000 pledges have been obtained, and county areas are building up big pledge lists. At yesterday's Victory Square rally, spectators bought \$2,150 worth of bonds and \$115.10 worth of stamps. The rally was scheduled again today.

Stanly Donogh, King County chairman, said one difficulty Minute Men are having is that many residents point out they are already buying bonds through the payroll deduction plan. He said such persons should sign pledges, too, as they are guaranteeing only to continue buying bonds but not to buy extra amounts.

Donogh also issued a rebuke to any Minute Men who are 'lagging': "There should not be, but the fact is, there are some late starters among the Minute Men," they said. "You know who you are and your loss of time is already showing up in the reported pledges."

Donogh warned that the campaign has made a good start, but can be ruined by over-optimism and complacency.

"The American public is not com-

Summary of Today's War News

British forces attempting to take over the French island of Madagascar off the coast of Africa were reported meeting fierce resistance today. One French battery was reported captured. Berlin said a French submarine and tender had been sunk and that French forces had been ordered to defend the island.

Washington told Vichy that the United States is behind Britain in the Madagascar move. A statement from Vichy was expected today with some sources predicting an open break with the United States and an alleged British action "aggression."

In Burma the Japanese were reported from Chungking to have crossed the border of Yunnan Province into China from Burma, but the report said the Chinese still held the border town of Wanting and fighting was fierce.

United States planes stationed in India again bombed an airbase at Rangoon, inflicting heavy damage.

North of Australia Allied air forces attacked Rabaul on New Britain and Lae on New Guinea, damaging planes and setting fires. The Japanese again raided Port Moresby.

British bombers ranged wide over the Continent, blasting the Skoda arms plant at Pilsen and foundries at Stuttgart in Southern Germany. Docks at Nantes were bombed and shipping off the Dutch and Norwegian coasts was attacked.

The Russian army launched an intensive offensive on a 300-mile front in the Ukraine and listed some successes in the Leningrad area. Berlin also reported gains in the north.

Rome reported an Axis aerial attack on Alexandria. Berlin listed continuance of the air attack on Malta and only minor action in Libya.

France Won't Take 1st Step Toward Break, Says Laval

By Associated Press. VICHY, France, May 5.—Chief of Government Laval declared tonight he had received a note from President Roosevelt demanding that France not defend Madagascar against British attack, and that the Vichy government regarded this note as inadmissible.

Nevertheless, Laval under no circumstances will make the first move toward a rupture with the United States, Laval said.

Addressing a press conference, Laval declared in a husky voice: "The French government leaves to President Roosevelt his part of the responsibility of the eventual consequences of this aggression."

Laval said he had given this word to the United States charge d'affaires, S. Pinckney Tuck, in a 15-minute conference this morning at which Roosevelt's note was delivered. He said: "In response to the American note, the French government raises the most energetic protest against this aggression and takes notice that Madagascar will be returned to France and rejects as inadmissible the pretense to forbid the French government to defend its territory."

Laval spoke to the correspondents just after Paul Marion, secretary of state for information announced that British paratroopers, followed by lights armored forces, landed on Madagascar this morning.

Laval said Tuck gave him a note from President Roosevelt and received Vichy's reply. He said: "In answer to the American note,

Rubber Firm O. K's General Wage Boost

BUFFALO, N. Y., May 5.—(AP)—A 2-cent-an-hour general wage increase for production and maintenance employees of the Hewitt Rubber Corporation was announced today by company and Congress of Industrial Organizations United Rubber Workers' Union officials.

The wage boost, retroactive to Friday, was in accordance with a cost-of-living clause in a company contract with the union. Present wage scales were not disclosed.

No Naps Till Japs Beat

EVANSTON, Ill., May 5.—(AP)—Stacked on the lawn of a large house for the salvage campaign was a pile of odds and ends, and beside it an iron cot, complete with mattress and pillows. Tied to the head-board of the cot was this placard: "No more naps till we beat the Japs."

'Bob' of Seattle bags 20th Jap plane

Victory Square, war-bond pledge campaign rallying place in the central business district, will present a Navy Day program tomorrow noon.

A score of new Navy recruits will be inducted and take the oath of allegiance in ceremonies conducted by Comdr. H. J. McMully, Navy recruiting officer for the Seattle area.

Stephen F. Chadwick, past commander of the American Legion, will be the principal speaker.

Bob Harvey's orchestra, with Carol King, vocalist, from the China Pheasant, will be heard, and a steel guitar trio directed by Paul Tutmarc, also is on the program. Jerry Ross, master of ceremonies, will present Audrey Post, Beverly Beck and Marion Hayes, dance pupils of Joan Ross.

The Musicians' Association and the American Guild Variety Artists are cooperating in presenting the entertainment program.

The rally is sponsored by the Seattle Advertising and Sales Club, with Beatty Stevens in charge of speakers and James Nutter sub-chairman for tomorrow's program.

Navy Recruits To Take Oath At Victory Square

COMING!
MY INDIA,
MY AMERICA
By Krishnalal Shridharani

Here's the latest best-seller, giving an up-to-the-minute picture of Mother India, her people, problems, personalities and progress; a book that is invaluable today, with American forces fighting to protect the region; a book written by a "twice-born" Hindu, a disciple of Gandhi, a pupil of Tagore and himself a political leader in his country.

UNLUCKY BIRDS OUT OF 'MOVIE'

HOLLYWOOD, May 5.—(Wide World)—There will be no peacocks in the new Bob Hope-Bing Crosby comedy film—all because of an ancient superstition.

Jamiel Hasson, who is Arabian by birth and who is supposed to know Arabia like a book, was engaged as technical director for "The Road to Morocco."

But when Hope and Doty found out about it, they set up an awful howl.

P. S.: There will be no peacocks in the picture.

A new process measures the thickness of zinc electroplated on other metals by timing with a stop watch the time required for measured amounts of a special chemical to eat through a coating.

King County Jap Farmers Are Ordered Evacuated

NEW EVACUATION AREA DEFINED BY ARMY TODAY Japanese must move from Kent; not get from Auburn

(Continued From Page One) opened today at Pinedale, near Fresno, Calif.

Officials of the Farm Security Administration said about 150 farms in the King County area are operated by Japanese, and from a third to a half of these have been transferred to white or Filipino operators already.

Field agents are making a survey today, and probably will arrange for transfer of the others before the evacuation begins.

Officials said experience has shown a speed-up in the transfers as soon as evacuation is ordered, and the situation in King County is considered "good."

As defined by General De Witt, the boundaries are "an area in King County bounded by the southern city limits of Seattle, along the city limits to the Lake Washington Pontoon Bridge, U. S. Highway No. 10 to the point it crosses the Snoqualmie River near Snoqualmie Falls, up the river to the junction of the North and Middle Forks of the Snoqualmie, along the Middle Fork to the Kittitas County line, along the Kittitas County line to the Green River, the Green River to State Highway 5A, Highways 5A and 1K to Des Moines, west to Puget Sound, and the shoreline to southern Seattle limits."

Seattle Japanese will register tomorrow and Thursday from 8 to 5 o'clock at Washington Hall, 34th Avenue and East Fir Street. Those in King County will register the same days at Lonely Acres Skating Rink, at Renton Junction on the old Seattle-Tacoma Highway.

The new orders bring the total of evacuated Japanese to 55,000. Japanese were urged by Col. Karl R. Bendisen, assistant chief of staff, to arrange for private sale or storage of their automobiles before evacuation.

"These cars will not be made available to Japanese after they are evacuated and if left for outdoor storage will rapidly turn to scrap metal," Colonel Bendisen warned.

The Wartime Civil Control Administration has arranged through the Federal Reserve Bank for storage sites near the assembly centers, but these are out-of-doors, and not recommended. Serviceable automobiles disposed of in this manner will become useless as units of transportation within a few months, Colonel Bendisen said.

Existing regulations permit a

Japanese to store or sell his car privately, store it in one of the outdoor areas, turn it over to the bank for sale, or, under certain circumstances, the Army will buy it on an appraised-value accounting for condition of tires.

CITY SIDETRACKS FIREARMS BILL

The proposed ordinance strictly regulating storage and possession of firearms was sidetracked by the City Council public safety committee today after Corporation Counsel A. C. Van Soelen questioned it and after it was protested by the Washington State Sportsmen's Council and the Seattle Rifle & Pistol Association.

The committee was unanimous in killing the measure. Even its author, Councilman William L. Norton, declared today it isn't needed and voted against it. Norton said the police chief had requested the ordinance. The bill was copied after a proclamation of Gov. Arthur B. Langlie, which regulates firearms registration and control for the state.

The bill would have required that firearms "be stored at all times under lock and key in an adequately safe place not readily or easily accessible to forcible entry."

It would have required that firing pins be removed from the firearms and that ammunition be kept separate from the weapons. Sales of more than one weapon to an individual or two to a firm, or storage of more than five arms by any person or firm would have to be reported to the State Patrol. The state proclamation, which has the force of law, does all this anyhow.

Bahamas Demand Passports
MIAMI, Fla., May 5.—(AP)—Official notices have been received here that travelers between the United States and the Bahamas must have passports before entering Nassau. As a war measure, passports have been required by the Bahamian government, for the first time. The new regulations became effective May 1.

MASUDA TRIAL TO SKIP 'MOVIES'

The federal government will not attempt to prove that Thomas S. Masuda, American-born Japanese attorney, made motion pictures of the Armistice Day military parade here last November 11, it was revealed today when Masuda's trial opened before United States District Judge Lloyd L. Black.

At the start of the trial, Gerald D. Hile, assistant United States attorney, informed the court that no evidence would be offered to support that act, which was charged in the indictment against Masuda. Although he gave no reason to the court, Hile said later that he had been unable to develop evidence to show the films were made on behalf of the Japanese government.

10 Years Maximum Penalty
At the same time, Hile moved for dismissal of Count Two in the indictment, which charged that Masuda possessed certain papers and documents.

The motion was granted by Judge Black, leaving but one count. Thus, if Masuda should be convicted, the possible maximum sentence would be ten years, whereas if he should have been convicted on both counts, the maximum sentence would have been 15 years.

The entire forenoon session was given over to selection of a jury. One prospective juror, Peter A. Sator, was excused when he said he felt he was prejudiced on the basis of what he had already heard of the case.

Natily Dressed
Masuda, nattily attired in a black, double-breasted suit, appeared to be in high spirits. During recesses, he was permitted to confer with his wife and several Japanese friends who were spectators.

Masuda is represented by Samuel B. Bassett and Tracy Griffin. Alton Pomeroy is aiding Hile in the prosecution.

During the questioning of prospective jurors, Bassett asked if Masuda's Japanese ancestry and the "treacherous attack on Pearl Harbor" would prejudice them. All those asked the question said it would not make them prejudiced.

Lord Beaverbrook Arrives in Britain
LONDON, May 5.—(AP)—Lord Beaverbrook, British publisher who has been in Washington on a special mission, arrived at a southwest British port this morning while members of the House of Commons were asking where he was.

Ma. Clement R. Attlee, secretary of state for Dominion affairs, had told questioners he did not know the whereabouts of Beaverbrook.

Smoker Burned To Death When He Falls Asleep

Walter O. Wickstrom, 28-year-old meatcutter, was burned to death at 3:49 o'clock this morning when a cigarette he was smoking set fire to the davenport on which he fell asleep at his home, 3924 Hudson St.

The fire was discovered by Patrolmen F. J. Meyer and A. R. Nelson, who were patrolling in a police car. The flames had spread through the house by that time.

Station Chief Lincoln Johnston said Wickstrom apparently had discovered his plight and tried to escape.

"His body was lying in the middle of the living-room floor," Chief Johnston declared. "Apparently he was trying to get out when he finally fell."

Chief Johnston estimated the damage to the house and its contents at \$650.

Wickstrom is survived by his parents, Mr. and Mrs. Oscar Wickstrom, 3047 14th Ave. W., a daughter, Carol Ann, 3, and his wife. The little girl and her mother were with relatives at 11558 Evanston Ave., last night when the tragedy occurred.

Three Drivers Are Fined For Recklessness
Three motorists were fined for reckless driving and the drivers' license of each was suspended 30 days in Police Court yesterday.

The three are Frank A. Waltz, 33 years old, mechanic, fined \$50; Ray G. Fahrnkopf, 34, laborer, fined \$45, and Hosea R. Palmer, 48, laborer, \$40. Fahrnkopf also was fined \$5 for not having an operator's license.

William M. Cooper, 35, laborer, was fined \$5 for negligent driving.

Dr. Howard Odum To Address Rotary
Dr. Howard W. Odum, visiting professor of sociology at the University of Washington, will address the Seattle Rotary Club tomorrow noon in the Spanish ballroom of the Olympic Hotel.

'LOUSY DEAL' HIT BY M'CAFFREY

With Councilman Frank McCaffrey insisting that "it go in the minutes that the city gets a lousy deal," the City Council yesterday afternoon approved a compromise settlement of the arrangement by which James R. Boldt serves meals to an Army contingent in the Civic Auditorium.

Boldt holds the city concession for serving food at the Auditorium and the contract provides that the concessionaire pay the city 12 per cent of gross receipts. Boldt asked the Council to charge him a flat \$25 per day, saying he could not afford to serve the Army group using the auditorium on a 12 per cent basis.

McCaffrey had sought to hold Boldt to the 12 per cent. Council members agreed yesterday Boldt shall be charged 7 per cent of receipts, which would be more than a \$25 daily charge.

Councilman David Levine pointed out the city would get \$1,000 a month out of this and added "the Council should recognize a good tenant when it has one."

McCaffrey said Levine should not consider what the city would get "but how much it would lose" by not charging 12 per cent.

Brazil is the only American country producing large quantities of titanium, used in combination with aluminum to harden alloys.
