The Americans and British were forced to mark time in Tunisia by bad weather and other circum stances which favored the enemy President Roosevelt served notice on the Axis that we shall strike hard this year in both Europe and the Pacific and broached "the possibility" that the United Nations

may win the war in 1944.

That, briefly, summarizes the high spots of the war news the past

To many Americans, the most impressive portion of the President's address Thursday was the statement of American accomplishments during 1942 and the confi-dent assurance that the output of planes, tanks, ships and other war materials would be vastly greater

Allies Less Impressed

It may be salutary for Americans to realize that our Allies are not nearly so much impressed by those figures as many of us are. American foreign correspondents and such observers as Wendell Willkie have reported that Chinese, Russians, Australians and even Argentinians and other neutrals remain unimpressed when they hear or read American boasts of huge war output. They want to know what
