ALLEN'S WILDNESS COSTLY

Rathskeller Champions Get a Flying Start Off Long Missourian and They Held It to the End of the Game.

Killilay Tossed Off a Game He Had Already Won From Aberdeen by Passing Four Batters—Tacoma Loses.

RESULTS OF YESTERDAY'S GAMES.
Vancouver, 3; Seattle, 2.
Aberdeen, 4; Spokane, 3.
Butte, 3; Tacoma, 2.

A streak of wildness on the part of the usually steady Frank Allen in the first inning lost the game for the Cubs yesterday. The long Missourian made a wild throw and a wild pitch, and as the Rathskellers clouted out four hits, two runs clattered over the pan. Thus encouraged the cellar champs played fine ball behind the steady pitching of Bert Dunn and they lasted long enough to win.

Allen steadied down after the first inning and gave a brilliant performance, but the Cubs could not bunch hits off Dunn and the subway champs refused to blow up, so the locals had to be content with two runs. Vancouver got the winning run in the third inning when Noisy Art Ross dropped a fly ball.

Myers beat Martinke's throw to the plate in the eighth inning and the fans howled in glee because they thought the score was tied, but they yelled with rage when the vampire calmly announced that Myers was out because he had been hit by a batted ball. The vampire made this decision after Bull Croll had talked low and earnestly to him. As a matter of fact the vampire waved Myers out at the plate, and realizing afterward that he had made a bad break, he covered it up by deciding that Myers had been hit by a batted ball.

The fielding of Quigley and Myers was a feature and the batting of "Hambone" Hyatt was another. "Hambone" got three hits and tore off a fourth one a safe swat to center, but Benny Myers scooped it in on the run and whipped the ball to second before Martinke arrived there, thus robbing the big woodchopper of a hit. Aberdeen, 4; Spokane, 3.

Young Killilay, who nearly drove Russ Hall crazy by losing games in the last inning, pulled off one of his old-time tricks in Aberdeen yesterday while pitching for Spokane. He had outpitched Higginbotham, but Fitzgerald made a home run in the ninth tying the score. The kid took a balloon ascension in the tenth and after walking three men in a row, he hit Gene Mahon with the ball and forced in the winning run without giving his fielders a chance to do a thing except curse. HIGH SCHOOL BOYS ARE GOING OUT OF THEIR CLASS

Seattle Lads Are Playing Teams Composed of Men in Eastern Cities and Always Make Good Showing.

WASHINGTON, D. C., Saturday, July 13.—Seattle High School baseball team lost today by a 9-3 score to a picked team of the Capital City League. The game was closer than the score indicates. Washington having only two earned runs. The Seattle boys are going away out of their class and are playing teams composed of men.

Agnew has been pursued by a hoodoo the last four games. His wildness and the team errors never missing connections. Overwork and the effect of the heat has much to do with the general condition of the Seattle boys.

The teams split on eight hits each, but the locals had one less error, at five. Kerr fanned eleven and Agnew seven. Jimmy passed three and hit two after being spiked on the ankle in the fourth inning. He will be obliged to take a rest.

Bunched hits in the fifth gave Washington five tallies and they got four more in the eighth on two passes, a wild pitch, an error and two hit batsmen. Seattle got two in the eighth and one in the last by bunching hits. Singles were obtained by Hickingbottom, Smith, Coyle, Hemingway, each one, and Maguire and Martin each two.

A team from the postoffice department will be played today and on Monday the boys will see the Jamestown Exposition. Charlottesville, Va., will be played Tuesday and Wednesday.

UNION MEN AMBITIOUS.

Electrical Workers of Trades Union League to Play the Strong Ballard Giants Tomorrow.

Owing to a misunderstanding regarding dates, the Ballard team had an open date tomorrow, and so a game has been arranged with the Electrical Workers, one of the leading teams of the Trade Union League, to be played tomorrow afternoon at the Ballard Park.

Woodworth, Ballard's star twirler, is out of the game owing to injuries sustained two weeks ago, and the Electrical Workers are confident that they will be able to win from Lou Hein's Ballard team.

Belford will probably be on the slab for Ballard unless Woodworth gets in condition to work, and opposed to him the Electrical Workers will have Swan, the star pitcher of the Union League.

HUGH KELLACKEY WILL JOIN THE TACOMA TEAM

Dugdale Sells the Big First Baseman to Shreeder—Shaffer Will Be in Game Tomorrow.

Hugh Kellackey is probably playing his last game in a Seattle uniform this afternoon. He has been sold to the Tacoma team, and if Shaffer gets here in time to play tomorrow, Hugh will help Tacoma beat Butte. When Dug signed Shaffer he said he intended keeping Kellackey and making a right fielder out of him until he could get a reliable man for that place, but since big Jack Burnett was sold, the Tacoma Club has been in a bad way for a first baseman, and Dug was urged to let Hugh go there. He closed the deal last night.

Kellackey is a catcher by trade, but he has put up a pretty good game for Seattle around the first sack. He is a quiet, hard working fellow and the Seattle fans will be sorry to see him go. Stanley and Arbogast can take care of the catching department, so there was really no room for Hugh after Shaffer was signed.

Dugdale is still the busy kid signing ball players. He announced last night that he had signed Zimmerman, an outfielder who has been making a great record in the Colorado State League, and he expects him here early next week. As the Los Angeles team has put in a claim for Ross, Dugdale does not propose to be caught napping again. If Bruyette ever reports in shape to play, Howell will be available for the outfield, and Roberts will be able to get into the game as soon as his weak ankle is mended, so the fat manager will have plenty of flychasers on his pay roll.

AMERICAN PLAYERS ARE BEATEN AT TENNIS

Wright and Behr Trimmed by Australian Pair—May Sutton Wins Welsh Championship for Third Time.

LONDON, Saturday, July 13.—In the first qualifying round of the tennis singles for the Davis cup at Wimbledon today Norman E. Brookes, Australia, beat Beals C. Wright, American, by 3-0. The scores were: 6-4; 6-4; 6-2.

In the second round of the singles, A. F. Wilding, of New Zealand, defeated Karl H. Behr, the American player, by the following scores: 1-6; 6-3; 3-6; 8-5; 6-3.

S. H. Smith, on whose play England's hopes of retaining the Davis cup largely rested, today announced his decision not to compete, as his practice had convinced him that he is not in proper form to contest in such important tennis.

The British team therefore is reduced to A. W. Gore, Roper Barrett and W. L. Eaves.

NEWPORT, Wales, Saturday, July 13.—May Sutton, of California, again won the Welsh tennis championship today by defeating Miss Lowther, 6-0; 7-5. As this is the third time the American has captured the title she becomes absolute possessor of the $420 championship trophy presented by the late Marquis of Bute.

NOTES FROM THE DIAMOND

The Brooklyn team has won five of the last seven games played with the "Giants."

Infielder Nichols is making good with the Philadelphia Americans.

Cincinnati, Brooklyn and Boston are having a great struggle to lead the second division in the National League.

The St. Louis Browns look to be as strong as any team in the American League, still they can't win enough games to get near the top.

The annual announcement of Manager Clark's retirement at the end of the season is out. Perhaps Fred likes to worry the Pittsburg fans.

For the first time in twenty years a National League pennant floats from the flag staff at the West Side grounds in Chicago.

The Cleveland's three links of German pitching, Liebhardt, Thielman and Berger, are doing good work for the "Naps."

It would not surprise many if the teams that finish first and second in both major leagues are Western teams.

Elmer Flick of the Cleveland team has a great record in batting, base stealing and run getting this season.

Pitcher Lew Moren of the Philadelphia Nationals owns $5,000 worth of stock in the Boston National League Club.

The teams comprising the Eastern division of the American League are all playing better ball than they played during their first Western trip.

The champion White Sox are playing a much stronger game than they were playing at this time last season. It looks as though the team that wins the pennant will have to beat the Sox.

Manager McCloskey of St. Louis says that he told his boys he wanted harmony and didn't care what place they occupied in the pennant race. "Mac" has the harmony all right and also a tailend club.

There has been some great hitting at the New York American League grounds this season. During the last stay of the Highlanders at home they made 77 hits and their opponents 75 hits in five successive games.

Two Boston women who attend the American League games always buy three seats, the third seat being for a fat poodle who curls up on a newspaper and sleeps during the game. When one of the kids who hang out at the bleacher entrance heard the story he said: "Gee! Wish I was a dog."

INVITES SEATTLE TO ATTEND STATE FAIR

State Commissioner E. Remy Tells of the Plans for the Exhibition at North Yakima in Fall.

Seattle and her citizens have been invited to participate in and attend the state fair to be held at North Yakima in September by E. Remy, a member of the state fair commission and superintendent of the fruit department of the fair, who was in Seattle yesterday in an effort to arouse interest in the coming exhibition.

Remy says that the fair will be the greatest in the history of the state and nothing is left undone to insure success. KING OF KOREA IS PRISONER

Marquis Ito's Statement to Contrary Flatly Contradicted by William Ellis of Philadelphia, Who Adduces Proof.

Japanese Says Emperor Has Abdicated and Choate, at The Hague, Advises Telling Troubles at Washington.

By Associated Press, Special by Leased Wire.

PHILADELPHIA, Saturday, July 13.—The dispatch from Seoul in which the Marquis Ito declares Korea's King is not a prisoner is denied by William Ellis of this city who has just returned from a protracted investigation of conditions in the Far East. Ellis says:

"Everybody in Korea, native and foreign, knows the Emperor is absolutely a prisoner in Japanese hands. I investigated this particularly. C. D. Stevens, foreign adviser to Marquis Ito told me the King could not be seen because they had to keep him in 'leading strings.' Not content with this, I obtained a statement from Marquis Ito's own lips that the King is involuntarily in Japanese hands and confirmed Stevens' refusal to let a foreigner see the King. From Koran's close to the throne I learned the Emperor would be very glad to meet anyone who could tell his wrongs to the public. The King has been a prisoner ever since he refused to sign the treaty accepting the Japanese protectorate, and he is not permitted to even see his physician or most intimate friends without a pass from the Japanese. He is confined to his palace and exercises no authority whatever."

CHOATE, AT THE HAGUE, LECTURES THE KOREANS

THE HAGUE, Saturday, July 13.—It was officially stated today that Joseph H. Choate, speaking to the Korean delegates at The Hague yesterday, merely said America always felt good will toward Koreans, but he manifested no opinion about the present condition of that country and only expressed the belief no action can be taken here, adding if the Koreans desire to make representations to the United States they must address themselves to the authorities at Washington.

ANOTHER JAPANESE SPY CAUGHT AT FT. ROSECRANZ

SAN DIEGO, Cal., Saturday, July 13.—It is learned from a trustworthy source that in addition to the Japanese detected in making sketches at Fort Rosecranz a few days ago, another was ejected from the fort yesterday for having a blueprint of the works in his possession. This latter Japanese was employed as a servant at the fort. He is a man of superior attainments. In his room was found a standard work on engineering. The blueprint was well drawn and showed much technical skill, but was not quite completed.

Major Getchell still positively refuses either to admit or deny that Japanese have been detected in spying at the fort, but from others in a position to know the facts the report is confirmed.

The orders of the war department are very strict regarding the visits of persons to the coast and lake defenses, and it is provided that neither written nor pictorial descriptions of these works are to be made for publication without the authority of the secretary of war.

Late yesterday Counselor Miyaoka, of the Japanese embassy, called on acting Secretary Adee to ascertain whether the government had received notice of the reported arrest of the Japanese at Fort Rosecranz. He was told neither the state nor the war department had been so advised.
