

# GRANGER URGES JAP DEPORTATION

---

GRAND RAPIDS, Mich., Nov. 16. —(P)—The National Grange convention was urged by its California representative today to favor deportation of all Japanese at the end of the war.

George Sehlmeier, master of the California State Grange, also presented a resolution urging that all Japanese camps be transferred from supervision of the War Relocation Authority to the Army.

The W. R. A. has shown itself incapable, Sehlmeier asserted, of controlling the camps.

National Master Albert S. Goss opposed the deportation resolution, saying the State Department and the American Red Cross opposed raising this issue now.
