COUNCIL REQUESTS ACTION ON PROFITS

To take action to have a portion of the Co-op profits used for recreational facilities for young people and create an emergency fund for medical purposes, the City Council has decided to request the Planning Board to send a delegation to the Cooperative enterprises to facilitate this matter.

DRAFT RULING IS CLARIFIED

To clarify when 18 and 19 year olds should register, the Legal department released the following selective service regulation:

"During the continuance of the present war, those who were born on or after Jan. 1, 1925 shall be registered on the day they attain the 18th anniversary.

"Provided that such anniversary falls on Sunday or a legal holiday, their registration shall take place on the day following."

CITY COUNCIL MEETING

EXECUTIVE COMMITTEE TO BE FORMED

The formation of an executive committee, labor relation board and reports on relocation and co-op were discussed at the City Council meeting Wednesday afternoon.

The executive committee when formed will handle the routine administrative work of the council. The policy making function will be carried on by the latter body.

It is planned to have one council representative from each ward to serve part time on a volunteer basis on the committee.

The question of setting up a machinery to mediate labor problems was discussed.

It was suggested that a board of three be set up to act as a mediating body. This group will

COUNCIL SENDS INVITATION TO SENATE GROUP

An invitation was issued by the Tule Lake Council this week to the Senate Military Affairs sub-committee to make the Tule Lake Project its first stop-over on its proposed investigation tour of the WRA centers.

Some of the members of the sub-committee went on record recently in Washington as suggesting that the residents in the WRA centers are being "coddled" and "pampered" by the administration, and proposed that the centers be turned over to the Army from the present civil authorities. Before taking any definite step toward that end, the committee proposed to make investigation of those charges.

The letter addressed to the Senate sub-committee declared that the City Council and the evacuees will give full cooperation in facilitating its investigation.

"You and your members will be given privileges of living in one of our quarters," the Council invitation said, "and eat in our block mess halls and do toilet in block shower-rooms."

In general, the investigation committee members will be permitted to live just as any resident of the Project.

The reply is not expected to arrive for some time, it was said.

The Council decided to assist the co-op in furthering the sale of scrips and on their membership drive.

Harry Mayeda, Council president, announced that because of the shortage of water creation of ice rinks or further use of water in the old rinks would be discouraged.

MARRIED WITH INCOME OF \$1200 IN 1942 MUST FILE TAX RETURN EARNINGS EXCEEDING \$500 MADE BY SINGLE PERSONS MUST BE REPORTED

Every single person must file a Federal income tax return whose gross income for the year from all sources was \$500 or more; that is, as much as \$9.62 per week. Widows, widowers, divorcees, and married persons separated by mutual consent, are classed as single persons.

Every married person, living with husband or wife throughout the year, must file a return if his or her gross income together with any income of the spouse, was as much as \$1,200 for the year; that is, as much as \$23.08 per week. If husband and wife both have an income, they must both make a return. Such return may be made separately, or, if they are both citizens or residents, they may make a joint return. A joint return may be made by husband and wife even though one has no income, and a joint return is advisable in the case of persons, one of whom has no income, who marry during the year, since the personal exemption attributable to each spouse during the period of premarital status is allowable in a joint return.

A joint return must be signed by both husband and wife, and verified by a written declaration that it is made under the penalties of perjury.

SEPARATE RETURNS

Where separate returns are filed by husband and wife on Form 1040, the joint personal exemption allowable (\$1,200 where the married status has existed throughout the year) may be taken by either or divided between them in any proportion agreed upon. If separate returns are filed one may not report income which belongs to the other, but must report only the income which belongs to him (or her).

No person is exempt from filing a return if

his gross income is equal to or greater than the amount specified above for his classification. Neither the President of the United States, nor the Vice President, nor Federal judges, nor Members of Congress, are exempt from filing returns.

Moreover, all income from whatever source, unless specifically excluded by statute, must be reported in the return. The types of income specifically exempt are listed in the instructions accompanying the return form.

SIMPLIFIED FORM

A person whose gross income does not exceed \$3,000, and consists wholly of salary, wages, dividends, interest, or annuities, may make a Simplified Return on Form 1040A, in which the tax due may be readily ascertained by reference to a table contained in the form.

A husband and wife living together on July 1 of the taxable year may file separate Simplified Returns if the gross income of each is from the prescribed sources and does not exceed \$3,000, or they may file a single joint return on that form if their combined income is from the prescribed sources and does not exceed \$5,000. A taxpayer may not, however, file a Simplified Return if the other spouse files a return on Form 1040.

DESTROYED OR LOST CLOTHING CLAIMS

All persons having lost their laundry or dry cleaning goods which were destroyed by fire are requested to come to Warehouse #351 to place their claim. They are requested to report for claim by Feb. 10.

On the 12th the Bussei group will sponsor a couple of Valentine Hops in its two church districts to start of its social activities. With both orchestras secured the committee are working for a successful affair.

The Mikado-Pensioneer combination will put on a really super-duper on the 13th. From all angles this one should be the best ever to be held in Tule Lake. On the same night the Block #74 Young People will sponsor a Valentine dance.

Numerous are the other socials being contemplated for Valentine week-end. However, bids are necessary for admission to any of them and that's not easy to get.

WED COUPLES MUST NOTIFY

All couples who have been married since arriving on the Project are requested to inform the Clothing Unit at #801-D of this fact and of their address at the present time. This is to make sure that they are not overlooked in preparing the clothing allowance.

The class projects will include doll and artificial fruit making. For further details, inquire at #5008.

SAN FRANCISCO PARTY SATURDAY

The to-gether party of former residents of San Francisco will be held 7 p.m. Feb. 6 in Moss 44.

The report that it was to be held last Saturday was erroneous.

To alleviate complaints and misunderstanding by the customers, the following new policies are being observed by the Co-op:

1. There will be no sales of merchandise to anyone at the Co-op warehouse.

2. No merchandise will be reserved in advance for anyone.

3. All merchandise purchased by the canteen clerks must be purchased from the department head and be checked by the cashier.

4. The Co-op clerks have been instructed to tear off the scrip in front of the customers so that there will be no doubt or misunderstanding.

SALES TAX MUST BE PAID

The clerks are oftentimes still under pressure from the public on the matter of the payment of State Sales Tax. There apparently is considerable misunderstanding by the people who think that if they purchase the scrip, they will not have to pay the Sales Tax.

The Co-op Management desires to have the public understand that by the use of scrip, INCOME TAX may be saved, but regardless of whether or not scrip is used; regardless of whether or not one is a member STATE SALES TAX must be paid. This tax is levied on everyone.

"THE WRONG ANCESTORS" IS OREGONIAN FEATURE STORY

"The Wrong Ancestors" so the Portland Oregonian titled a two full page feature on the fate of the 110,000 Japanese Americans in this country. The article was the first of the Sunday magazine series written by Mel Arnsfeld, who was sent by the Oregonian to Minidoka to make an eyewitness appraisal of life of the evacuees.

The headlines stated that "This Is a Question Which Poses Major Test for American Democracy," followed by a sub-head, "They are charged with no crime; they are accused of no sabotage. They had the wrong ancestors."

Thus the article tells of the livelihood of the evacuees in the city of barracks--walking in mud, furnishing the meager apartments, leaving the Project to save the sugar crop, and their experience in Twin Falls and nearby cities.

Several illustrations were drawn by evacuees, which included the layout of the colony, inside of an apartment, a truck battling the mud and a pitiful nisei girl sitting on a "no trespassing" sign.

The article for this coming Sunday is to be titled "How loyal are the Japanese evacuees."

SEASON NEARS FINISH

MIKS MUST TAKE FINAL GAMES FOR PENNANT

It's hard telling just how many more week-ends will go by before the outdoor season is through in basketball, but the games that remain are mostly the final and clinching battles slated for this Saturday and Sunday for the various league leaders—that is if games can be played.

In the Class A League the undefeated Miks have a two game session, meeting the Clippers on Sat. and the tall Placer All-Stars in the season finale on Sunday.

Winning both games will sew up the title for the Mikados, which is something that will most likely happen. A loss to either team will definitely be the biggest upset in any division so far.

All that can be said is that if the Miks are not the Aye champs after the two games are played, there will be a rousing play-off series.

The only other games will be a battle of the

Block 12 will meet Block 41 as soon as possible to see who will enter the finals against Block

POSTERS WILL WIN TITLE SUNDAY

Industrial League championship will officially go to Poster's Artistes on Sunday as they are pitted against the Canteen team.

If it is possible to play and the Storemen show up, then it's guaranteed that the Artistes will win and they won't have to work up a sweat to do it.

All the game will be is a formality to hand the Poster the league title.

Fight for second place will prove more interesting with the Pensioners, Timekeepers, and Engineers still in the thick of things.

AMERICAN AND NATIONAL LEAGUE LEADERS FACE FINAL CONTESTS

Of the two Class B leagues, the Mik Jrs., National League leader, have the easiest path to the title with only a win over a fifth place Enumclaw team necessary to cinch the championship.

The unscathed Zephyrs must defeat the Ten Fellow quintet and White River Cubs to take the American pennant. Cubs shouldn't be any trouble at all, having four straight setbacks, but Ten Fellow could provide a good battle and possibly an upset.

In any event both Mik

Jrs. and Zephyrs must win to be undisputed in first place.

Termites of the American League is the only team to complete their slate in the Bee Leagues.

Complete schedule for the Bee teams is:
