

ALIEN REGISTRATION TO START

NOBODY WILL BE FORCED TO LEAVE PROJECT

Registration of all project aliens, 17 years or over, will begin Wednesday, Frank C. Smith announced today. All aliens are required to register for leave clearance. This will be accomplished by filling in WRA Form 126-Rev.

Mass clearance of aliens for work on the outside is being conducted now so that they may accept positions on the outside when these jobs become available or join their children who may go out before them.

13 REMOVED FROM COLONY FOR BEATINGS

Thirteen young colonists were removed from the Project on Friday and Saturday to await trial for assertedly perpetrating or attempting to perpetrate beatings upon other colonists this past week.

On Friday morning, three colonists, all from Block 52, were arrested by members of the Department of Internal Security and lodged in the Tule Lake and Alturas jails.

Ten more men were arrested early Saturday morning for removal to the Alturas County jail. These men came from widely scattered areas of the Project and are said to be members of a kibe gang that have terrorized colonists during the registration program.

REC. ACTIVITIES WILL BE RESUMED

All community activities will resume schedule effective immediately, it was announced by Harry Mayeda, C.A. supervisor.

Little Theater showings, movies and dances will again be available to the public.

HELP WANTED

Assistant dieticians are wanted for the kitchen in Mess 9. Persons interested should call at the Placement Office for further details concerning the openings.

REGISTRATION FOR CITIZENS RELEASED

The following schedule for registration has been released for this week.

MONDAY: Male citizens of Blocks 17, 20, 31, 11, 45, 40 and 65. Females of Blocks 4, 37, 39, 47 and 59.

TUESDAY: Male citizens of Blocks 19, 54 and 73. Females in Blocks 22, 48, 56 and 69.

NIMURA TAKEN TO KLAMATH JAIL

A presidential warrant has been issued for Jun-ichi Nimura who is now in custody at the County Jail in Klamath Falls, according to a letter received here from Mr. J. Hennessy, United States Attorney.

The United States Marshall at San Francisco has been instructed to take him into custody and remove him to San Francisco for a hearing before the Alien Enemy Hearing Board.

No alien or citizen will be required to leave the Project for work on the outside. Leave Clearance of aliens is compulsory at this time because the Army and the FBI have agreed to clear all eligible colonists now, rather than a few at a time, for work in areas where they will be afforded every protection.

Accomplishment of the leave clearance registration now will greatly facilitate colonists to leave the Project within a few days after accepting positions on the outside. Heretofore, it has required as long as three months to clear colonists for work on the outside.

It should be borne in mind that despite all rumors to the contrary, no colonist will be required to leave the Project for work on the outside and that he or she may return to the Project in the event that his work is terminated or because he or she is unable to obtain further employment.

Tuesday's Dispatch will list the blocks in which aliens are required to register. Registration will be held in the Visitor's Building, opposite the third wing of the Administration Building. Watch for your block's registration date.

The affair will take place Monday, Mar. 1, at #1720. All rally committee members are requested to report by 6:45 p.m.

CHRONICLE COLUMNIST ANSWERS CONGRESSMEN

In an objective answer to statements made by certain congressmen that evacuees in the relocation centers are being coddled and that the Army should assume control of the centers, Chester Powell, noted columnist of the San Francisco Chronicle, in the January 21 issue of that paper stated that the question we are deciding is not whether we are going to live with them, but how.

And that will depend largely on the effect, not on them merely, but on ourselves, of what we do now.

CITIZEN BY LAW

He goes on to say that our laws will still leave them American citizens, after the war. But our acts may determine what quality of citizens. And that may depend on what quality of American Citizenship we now manifest toward them, under the stress of war.

The accusation of coddling is denied by those who know the conditions in these camps by personal observation, and it is inconsistent with all we know through other sources.

WHOLE TROUBLE

The trouble is that the whole thing is neither knowledge nor ignorance, but wishful thinking of a dangerous sort. It is not enough merely to be so angry at what "Japan" is doing as to wish to exterminate, or at least to "punish", the persons of Japanese race, citizen and noncitizen, who happen to live in America and to be in our power. Obviously, we are not going to massacre these people; no American in his right senses, or even in wrong senses, ever thought of that.

Neither are we going to deport the American citizens among them who are the large majority and in the rest of a short generation will soon be all of them.

In short, with the exception of those who individual conduct calls for individual action, we are going to live with these people, here in America, after the war.

The recrudescence of the agitation stems of course from the Manzanar incident. That occasion did show that there were Japanese in that camp so loyal to Japan and so hostile to America that they were willing to riot for it. But it also showed that there were other Japanese there, both citizen and noncitizen, who were so loyal to America, that they were willing to fight, and did fight, against others of their own race for it.

SANE APPROACH

And chiefly it showed that the presence of both these sorts in the same camp presented problems that ought to be met, intelligently.

In fact, just this was done, in the relocation center itself. Just what was done with the ring-leaders of the anti-American riot we have not heard, but unquestionably they, or the worst of them, are now where they will no longer disturb the peace of that camp, or be in a position to plot sabotage against the security of America. And if there are others who need watching, that is being vigilantly done.

LOYAL CITIZEN

As to the others, the undoubtedly loyal, the beginning has been made—cautiously, to be sure, and on a small scale—of restoring them, outside of this defense area, to normal occupations in American life, such as they were filling before the war. This, even as to a selected few, is a useful experiment and an act of elementary justice. If it succeeds well enough to be extended to a larger scale, it will be the beginning of the final restoration to normal American life of these Americans of Japanese ancestry who can qualify as

FARM LABOR

EVACUEE HELP SLATED FOR FARMS

Evacuees will be used to help fill farm labor shortages next summer, the agricultural department announced recently through an Associated Press release.

Food officials have arranged with the WRA to make such persons available to farmers desiring to employ them and providing they are acceptable to the community in which they would work.

"It should be realized" the department said, "that about two-thirds of these persons are U.S. Citizens. The government realizing that most of them are loyal to the U.S. is at present recruiting in the army a standard combat team of several thousand American youths of Japanese ancestry."

normal Americans. How many of them can do so may depend on how soon we treat them as normal Americans, and how many of them. The Manzanar experiment should be encouraged, not forbidden.

UNEASY TO ARMY

The demand, instead, that this problem be taken away from civilian management and returned to the Army is unfair to the Army itself, as well as to these Japanese-American internees. The Army does not want the job. It undertook it reluctantly, when the policy of evacuation was decided on, because it could do it best and most quickly, and it did it very well. Now it wants to devote its energies to the war; not to transforming these internees into prisoners, under guard. The spirit that demands this is not the one Army showed, when it was in charge. It is not the spirit the present civil administration is showing. And it is not the way to meet the problem. If there are some members of Congress who think it is, let them investigate and find out otherwise. But let them open their minds, first.

COMEDY BY SCHOOL TEACHER MAKES HIT

Playwright Garrett Stamer, instructor of speech at the local high school, has something to gloat about in his new play, "Angelpuss", which made its initial bow before an appreciative audience, at the Little Theater, Feb. 20.

"Angelpuss" is a light homespun comedy with none of the charm and vitality omitted. The play moved rapidly without a "drag" and kept the amused audience from indulging in yawn sessions. Although the members of the drama group had no professional training before, a surprisingly finished performance was given; a credit to the painstaking directions of Sata Murayama and Garrett Stamer.

"Angelpuss" will brew and mellow with each performance as the cast members gain experience before the tour is complete.

MANAGERS PICK LINE-UP!

FEMS NATIONAL, AMERICAN ALL-STARS ARE SELECTED

Outstanding American and National League feminine basketball players were honored by the various team managers with the selection of the all-star line-ups.

As usual the choices were made on an all-opponent basis and only a first team was picked.

The girls played under the official men's rules but six players, three forwards and three guards, were used instead of five.

NATIONAL LEAGUE

Two players each from the champion Mikettes, Try Six, and the Termiettes, and one from the Cubettes made the National loop All-Star squad.

At the three forward posts, Bubbles Keikoan of the Termiettes and Alice Ikeda of the Try Six took two positions uncontested, but the third was a tie between the two Mikette stars Kimiko Okamura and Sumi Washino. All of the choices were high-scorers and Okamura took the point title with 29.

Guard selections went to a trio of hard-checking girls in Amy Ikeda, Try Six; Lefty Murakami, Cubettes; and Wyno Nagasawa.

AMERICAN LEAGUE

In the American League, Teenettes, Yukon Lassies, and Castlemont placed two players each, while the Cagerettes had one player honored.

Tall Miki Fukui led Yukon Lassies throughout

the season and earned the valuable player award as well as being named as one forward in the all-star line-up. She was also the leading scorer with 25 points.

Nancy Akita, Cagerette and Grace Yoshizaki, Castlemont were rated highly by the managers as they were named the other forwards.

From the title winning Teenettes, two guards, Nancy Menda and Hideko Osaki, were all-league choices as well as June Abe, Castlemont and Toshi Nakamura, Yukon Lassies.

California All-Shots cinched the first round championship of the Ward I & II Boys League as they defeated the Scorpions 42-4 and the Mohawks 57-2 in games last week.

They have one game yet to be played but since

NEW SOUTH LEAGUE STARTS SEASON

South League for boys 14 and under started last week with these teams competing: Paper Jrs., Klondike Cubs, Bl. 50-51, Wash. Huskies, Raiders, Wildcat Jrs. Kachi Iara.

KIKUCHI HIGH WARD SCORER

Powhatans' Ben Kikuchi took the Ward I & II point title by piling up a total of 135 markers in seven games for a 19 plus average per game.

Taking second and third, respectively, was Shobo Fujii and Roy Otani of the Scoreless with 114 and 104 points.

BIG TEN
