### REGISTRATION . . . QUESTIONS AND ANSWERS

There are some male citizens in the Center who have not yet registered because they do not have a clear understanding of the meening of certain questions they are required to ensuer. The following questions and answers are designed to clear up any misunderstanding which may exist.

Q. What are the probathe negative?

A. A porson who answers these questions "No" cannot anticipate that the army of the United States will ever ask for his services or that he will be inducted into the Armed Forces through Soloctive Service. Furthermore, a person answering

## PLACEMENT HEAD WRITES: J. DAWRA CONDEMNS HOSEI REPAIRBATION

" Wames Chura, executive socretary of the Facific Conet Evacues Placement Bureau in Denver declared in a Letter to the DISFATCH that he received information that many Tuleans are signing for repatriation in protest against compulsory registration in con-

neation with the latest War Department directive to create a Nisei Unit.

Writes Chura "However, I refuse to agree with Tule Take residents that repatriction is the anster to the Army's request and firmly denounce the movement as being inimical to the future status of all persons of Japanese racial extraction in the United States. I condemn the action as unwise, ill-advised, ontirely. uncalled-for, and dengerous to our future security.

RACE BAITERS

"The repatriation move ment plays right into the hands of political race-baiters, who are the cause of our current misfortunes. It again confirms their insidicus claims or our disloyalty and gives tooth to the prosent movement, beginning in California and echoing throughout the nation, to repetriate every individual of Japanese descent when truce is doclared.

"I have given my tile, energy and personal fi-nances in the fight for democratic neceptance and treatment of the Amorioen Nisei, and I believe that others have dupo nearly as much. It is regretable that all this work must be conplotoly nullified by such irrational actions as the ropetriction mevament in your conter. NISEI PUBLIC

Concludes the NITELET-TER: "This boy has cought "I cannot, impress the the real spirit of USSF."

> A German officer said to a loyal Dutchman, "Tho is behind the resistance givon by your people?"

"Only 'no man" was the reply, "and he is doad."

"That was his name?" pursued the efficer.

"William the Silent," roplied the Dutchman. An O.W. I. release.

"Letters from Bule Lake tell us that the Army rocruits have moved in ---h wis situation? Wish the thirty-four of us here from The Lake could have gone there also - we my have been able to tell the nisci-there a for things. I can toll you this much, Mr. Cooke, not one of us have regretted volunteering.

Me're not getting it soft - from reveille to tops, we brue away at our studies - and the funny part of it is that we like it. Out here, there is that feeling wo're accomplishing something; many a night we have sacrificed our only free hours of the day in order to but that extra effort into tomorrow's losson other days we've walked around wearing worried impressions concerning the tookly exers; yot, when the reveille buglo rolls us out of bed, where Minday ushers in a new week, wo're all eager to tackle the new woold's studies.

"Another thing, the sconer we master"n thongo" home, the faster we can take part over therewhat we volunteered for."

## duestions and Unswers

(Cont. from Page 1) gistered and answered "No" to questions Nos. 27 and 28, can a person change these answers?

A. The Military team holds all Forms DSS 304-A for a few days before sending them to Washington. During this time; if the registrant wishes to change his answers to No. 27 and 28, he may do so. If he delays, however, until the forms have been sent to Washington, no changes may be made.

Q. If a person answers questions No. 27 and 28 in the affirmative, does that mean that he has 70lunteered and will be assigned to the special Combat team?

A. No. In order to volunteer the registrent must also fill out Forms DSS 154 and DSS 165.

Q. If a person answers question No. 27 in the negative and question No; 28 in the affirmative, will he be drafted?

A. He may be, but it is not probable.

Q. If question No. 27 is answered in the negative and question No. 28 in the affirmative, does it mean that the registrant is disloyal?

A. No.

"Qo That does it mean

when a person applies for repatriation and what are the consequences of such an act?

A. A person who applies for repatriation is in effect, asking the govemment of Japan to permit him to return to that country. He has also served notice on the United States that he profers to live in and owe allegiance to Japan rather than the United States. A person who applies for repatriat ion does not thereby, automatically lose his citizonship. However, he makes it plain to all Americans that his United States citizenship is of no volue to him.

If a person volunteers for the amy is he certain of being inducted into the Special Combat Team?

A. No. The War Dept. reports there are already more volunteers from other centers than are necessiny for the combat toam.

Classes in Flower Arrengement and Artificial Flower will resume their daily schedule from Mon day, March 8, according to Grace Hosokava, director of Floral Arts of the Recreation department.

#### WARDENS AIM TO MAINTAIN PEACE

"It has been brought to my attention that criticism is being directed toward the Tule Lake Wardens by reason of recent arrests made by myself and my staff associates.

"Such criticism, if it exists, is unfair and should coase at once. The Wardens are charged with the responsibility of maintaining peace and order and of enforcing state and local laws and ordinances. At no time is it planned to use the Wardens on W.R.A. administrative matters where such use would create a Screen Guild Players, cleavage between them and the comunity they serve.

Music hath cham

...it was once said, and in times of strain as we are facing today one finds this saying to be quite true. Senting ourselves confortable on an easy army chair (or a reasonable facsimile thereof) and tuning the radio to programs such as the Manhattan Merry - Go - Round, American Albun, symphony hours, etc. not only does one feel relaxed, but he finds himself in an another world--a world unperturbed by strife and violence, a world peace and tranquility.

As the lilting refrains of "Snoke Gets In Your Eyes": "Evening Star", "Schubert's Serenade", etc. fill the room it certainly uplifts one's spirit. .

With everything

being cancelled lately, radio offers an ideal outlet for time killing (provided you don't have electrical disturbances). Numerous are the variety shows such as Fred Allen, Jack Benny, Abbot, and Costello, Bob Hope, Red Skelton, Chas. McCarthy, Bing Crosby, Knte Smith, Carel Caravan, etc. On Tuesday and Thursday one finds the best programs.

Programs like Can You Top This, Truth or Consequences, Barrel of Fun offer much hilarity. Then for those who like mystery thrillers there are Lights Out, Suspense, Whistler, Miner Sanctum, Murder Inc., Crime Doctor, Ellery Queen, and others.

Movies and plays not being readily available in this project, one can listen to Lux Theater; Star Theater, Hollywood Playhouse, First Nighter,

Then there are many quiz programs such as Kay Kysor's Musical College, Information Please, Double or Nothing, etc.

# WARD BOYS TEAMS MEET

Any teams composed of players 14 years old and under in Ward 1, 2, and 4 and interested in forming a league are asked to have a representative at a meeting which will be held Friday, March 5 at 2,p.m. in Recreation Hall 1808.

At least four teams have already been organized to enter but more are wanted.

#### WARD LEAGUES WILL BE STARTED SOON

Plans are underway to begin Ward Basketball Leagues which will take up time until it is possible to start a softball and baseball season again.

A big city-wide tourney for the various Ward champs will be held at the conclusion of the leagues. More details tomorrow.

#### AMERICAN AND NATIONAL

# TOYOTA AND NEGI ARE BEE SCORING CHAMPS

Class B American and National League scoring honors bent to Mick Toyota of the Furple Waves and Yosh Nogi of Penryn, respectively, according to the final statistics.

Of the two leagues, the American players showed more seering punch as three sharp-shooters hit a botter than 12 point average per game, while in the

National division only the point champ averaged as high as 10. This may have been due to the tighter defenses of the National teams, but it was generally conceded that the American squads were more powerful.

#### HIGH FOR ZEPHYRS

Toyota looped in 94 points in seven games for a 13.4 average per game and Kint Nishimura of the American League champion Zophyrs took the runner-up spot with 76 digits in six games, averaging 12.6 per game.

Zephyrs' Hitchi Ota, American Leagues most valuable player, was third with a 12 point average for each game.

## ACTIVITIES AT TOPAZ

In my recent visit to the Topaz relocation center in Utah, several interesting comparisons were noted. The center itself is very similar to ours. Its 8000 residents are housed in smaller blocks than ours. Their senitary system is far superior to ours, but the mess system here is much preferable to theirs.

As far as the recreational and athletic facilities are concerned, our
basketball loop and other
activities are much more
advenced than Topazis.
For one thing, because of
lack of lumber they only
had three basketball
courts. Compared to that,
our 3 and 5 courts per
ward are a luxury.

The one thing that they possess that we don't, and probably never will, is the privilege of going outside the project to play neighboring teams. Several squads each week go out to Delta, 18 miles distant, and other towns up to 35 miles away to play high school basket-

ball terms. The WPA, it seems, encourages these groups of boys to go out in order to create good will among the coucasian residents of that area.

Another interesting and revolutionary idea in operation there is the formation of teams, not from localities such as Berkeley or San Francisco or Ockland, from blocks or wards or work groups. This eliminates the cliquishness developed by maintaining old ties and teems. Players from the SF Protos and Berkeley Nisseis may be seen cavorting for the same team. One team boasts players from the Greyhounds, Protos and the Nisseis.

Former athletes that I met in Topaz were Jack and Sugar Mizonc of the Protos. Al Kimoto of the Creyhounds, Chuck Kawanc of the Oakland YMPA Clippers. Al Kimoto, known to many Sacramentans, is a cousin of Johnny Kimoto, slugging outfielder of the Violets and Wost Sacramento. —TOKO FUJII
