## NATURALIZATION RIGHTS BILL FOR ORIENTALS INTRODUCED

### PROPOSAL TO HOUSE OF REPRESENTATIVES WOULD ESTABLISH EQUALITY FOR ASIATICS

A bill to give a person the right to become a naturalized citizen of the United States regardless of race, color, creed, or national origin was introduced in the House of Representatives in the 1st session of the 79th Congress, the Japanese American Committee For Democracy reported in a message received today.

### PUBLIC TALK BY FRIDELL

Sponsored by the Adult Education Department, Mrs. E.A. Fridell, from Berkeley, Calif., will be the speaker at a public meeting on Wednesday evening at #1008 from 8 p.m.

"War and Marriage" is to be the topic of the talk by Mrs. Fridell.

The bill was introduced by Vito Marcantonio and referred to the Committee of Immigration and Naturalization reads as follows:

"Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 308 of the Nationality Act of 1940, approved Oct. 14, 1940 (54 Stat. 1142, 8 U.S.C. 703), be, and hereby is, amended by striking out the said sec-

tion and enacting a new section replacing it to read as follows; "THE RIGHT OF A PERSON TO BECOME A NATURALIZED CITIZEN OF THE UNITED STATES SHALL NOT BE DENIED OR ABRIDGED BECAUSE OF RACE, COLOR, CREED, OR NATIONAL ORIGIN."

The above bill means, in short, that all Orientals would have the right to become naturalized citizens of the United States.

The passage of this bill would establish the equality of the Asiatic people with all other people, thus providing a fundamental basis for ending discrimination because of race, color, creed, or national origin.

## LENTEN

Observing Lenten Services, the Reverend Wendel Kramer of San Francisco, will be the speaker on Wednesday evening from 7:15 p.m. at #3001-D.

## Buttons Are Issued To Protect Workers

In order to protect the workers and assure him of the credit for the time put in, buttons are being issued with different colors for each division. These buttons will have the identification number, name of the worker, his family number and the division on them.

In the past, many confusions have been had especially with the construction and the main-

tenance divisions, when crew workers from one of the division will be found working in the other division. Through this system anyone working in the wrong division can be singled out and sent to his own division, Frank Fagan, Placement head revealed.

## Registrar Says Girls Smarter

A blow to the so-called masculine superiority was given to a Gila News-Courier reporter in reply to the question of why women were more positive on their loyalty stand in the recent registration program.

"They are more intelligent. They see the future with less befogged eyes," the registrar answered.

"This compliment was paid to women, whom we were taught to believe were more subjective than men. A male, we remain, unconvinced, but still we wonder why the two cannot correlate their actions more closely," the News-Courier stated.

## HIRABAYASHI EXPLAINS REASON WHY HE REFUSED TO EVACUATE

### "NO MAN HAS RIGHT TO LIMIT LAW OF LIFE," SAYS NISEI YOUTH

A statement of why he refused to register for evacuation was written by Gordon Hirabayashi while he was confined in a Seattle jail. It was released by the Fellowship of Reconciliation.

The statement reads: "Over and above any man-made creed or law is the natural law of life--the right of human individuals to live and to creatively express themselves. No man was born with the right to limit that law.

"The principles or the ideals are the things which give value to a person's life. They are the qualities which give impetus and purpose towards meaningful experiences. The violation of human personality is the violation of the most sacred thing which man owns.

"This order for the mass evacuation of all persons of Japanese descent denies them the right to live. It forces thousands of energetic, law-abiding individuals to exist in a miserable psychological and horrible physical atmosphere.

"This order limits to almost full extent the creative expressions of these subjected. It kills the desire for a higher life. Hope for

the future is exterminated. The very qualities which are essential to a peaceful creative community are being thrown out and abused.

"If I were to register and co-operate under those circumstances, I would be giving helpless consent to the denial of practically all of the things which give me incentive to live.

"I must maintain my Christian principles. I consider it my duty to maintain the democratic standards for which this nation lives.

"Let me add, however, that in refusing to register I am well aware of the excellent qualities of the Army and government personnel connected with the prosecution of this exclusion order. They are men of the highest type and I sincerely appreciate their sympathetic and honest efforts.

"I am objecting to the principle of this order which denied the right of human beings, including citizens."

## STUDENT CHRISTIAN MOVEMENT URGES HELP FOR NISEI IN CAMPS

In an article titled "That Fellowship May Not Be Broken," The Student Christian Movement urges outside assistance for the 2,000 American college students of Japanese ancestry "who are still behind barbed wire in ten relocation camps."

Says the tri-paged bulletin, "The Student Christian Movement, in addition to working with the Student Relocation Council and fostering the W.S.S.F. to increase opportunities for relocation of these students, has gone into camps and helped in the formation of Student Associations.

"In the five centers in the Asilomar region,

Student Associations are meeting the desperate needs of these students and bespeaking the unbreakable bonds of fellowship in the Student Christian Movement."

Continues the pamphlet: "These student groups hunger for continued contacts with colleges beyond the Rockies to which they hope some day to be transferred. In their isolation, they fear complete detachment from the thought and life of the student world and the lethargy which destroys all hope of the future."

The SCA movement is gaining momentum in all relocation centers, it concluded.

## BURNING PAPER BRINGS FIREMAN YADA ON RUN

Fireman Tats Yada is a boy who is always on the job.

Yada was engrossed in a serious conversation with the boys at the DISPATCH. Suddenly, "FIRE" was heard from the next room. Yada, sensing a major blaze, left his comfortable seat and streaked towards the conflagration...the Dispatch fire extinguisher in hand.

Bursting in the next room, Yada stopped abruptly...his face turning a crimson red.

Someone had set the stage for fun by burning a piece of paper.

## NISEI COMBAT TEAM WILL BE ACTIVATED SOON IN MISS.

WASHINGTON--The Japanese American combat team of the United States army will be activated soon at Camp Shelby, Miss., according to reports received by the Pacific Citizen.

An initial training cadre of 300 soldiers of Japanese ancestry who were serving in other units of the U.S. army and who were transferred to Camp Shelby is already at the Mississippi camp.

It was reported here that induction for the first group to be included in the Japanese American unit would start on or about March 10 and that seven days would be given inductees to wind up their private affairs.

It was stated that once the War department "screens" the applications for voluntary induction signed by the Japanese American volunteers these papers will be sent to the local boards of the applicants by the national headquarters of the selective service system. The local boards will then put the Nisei applicants into their own quotas but the nisei will receive special attention so that they may be able to proceed as soon as possible to Camp Shelby for training.

### WILD WEATHER AND GAMES IN

### WARD I LEAGUE OPENERS

A few block team were brave enough to face the sand storm, snow, hail, sleet, and what-have-you during the past week-end and played Ward League contests.

In Ward I, the results showed that the league will be quite even and probably no five will go through unbeaten.

Only the Block 16 team was idle but the other six entries played at least one game.

On Saturday, an unknown Block 18 quintet surprised everyone to win 35 to 21 over Block 5. Scoring honors went to Min Aoki of the losers with 12, while Paul Tahara carried 10 for the winners.

Block 4 broke even in

### ZEROS RALLY TO BEAT ANGELS

Valuable trophies will be awarded to the champion in each division.

Title matches will be held indoors at the factory soon after the ward-by-ward eliminations.

two contests, defeating Block 17, 30-20, and losing to Block 17, 17-12. Hiroshi "Friday" Yoshida paced the win over 17 with 12 markers. In their meeting with Block 15, the boys from "4" led at the half 10-3, but could not score in the final half.

Block 14 and 5 clashed on Sunday in the wildest, and roughest game of the week-end. No one is certain who won the contest because the timekeepers disagreed and the game will probably be played over. Besides the squabble at the end of the contest a fist-fight during the closing minutes was an unclassified for added attraction.
