WILL BUY FARM EQUIPMENT, CARS CO-OP WILL ELIMINATE SCRIP

A number of farmers and dealers are interested in buying agricultural equipment, trucks and automobiles, according to J. S. Lowery, evacuee property officer.

Some of the buyers have come direct to the Project and anyone having equipment for sale can arrange to meet them personally by contacting the Evacuee office in the Ad. bldg.

ON FURLOUGH

MAY 9: Sgt. Koichi Inouye from Camp Wolters, Texas. Stayed with parents at 1506-A.

MAY 10: Sgt. John K. Kubo from Fort Leavenworth, Kansas. Staying with parents at 3803-A.

The WRA Evacuee Property field men will also assist in negotiating sales with buyers who cannot come to Tule Lake.

NEW PATRONAGE SYSTEM TO USE CASH REGISTER

Co-op Board of Directors, after approving the recommendation of the Management Committee to initiate a new system of recording patronage, placed an order for new cash registers with the National Cash Register Company, it was announced.

The cash registers are expected to be delivered about June 1, then all transactions at the canteens will be done by cash. This will be timed so that the present stock of scrip books will be diminished.

Receipts or coupons which the CUSTOMERS MUST SAVE will be issued by the registers. Such coupons will be called in by the

Co-op to record each customer's purchases (patronage record).

The new system will provide convenience for the customers as it eliminates the use of scrip books and also, it is expected to bring considerable savings to the Co-op. This is one of the many practical recommendations made by the Management Committee which have been adopted by the board.

BANK OF AMERICA SERVICE TEMPORARILY DISCONTINUED

Due to the fact that Mr. Charles Flanagan, Bank of America employee, who has been serving this Project has been transferred to San Francisco, the Bank of America service to the residents here will be temporarily discontinued, according to Noboru Honda, director of information. Though someone is expected to replace him, until replacement is made and until further notice, there will be no Bank of America service.

However, the Co-op's check cashing service will be available for the convenience of the residents every day between the hours of 9:30 a. m. to 3:30 p. m., except on Saturdays, when it will be open in the mornings only.

VITAL STATISTICS

DEATH: Kenichi Mori, age 52, #2013-B, formerly of Watsonville, Calif., on May 7, 9:18 p. m. Survived by Yoshi, wife; Jean, daughter; and Perry and Roy, sons.

KFJI TO BROADCAST MYER'S INTERVIEW, 7:30 TONIGHT

A recording of an interview about various aspects of relocation life given by Dillon S. Myer, director of War Relocation Authority, will be broadcast over the Klamath Falls station KFJI from 7:30 p. m. tonight, it was announced by Jack Keating, program director.

Station KVCV at Redding, California will also broadcast the transcription sometime this week.

NEW TEACHERS ADDED TO TRI-STATE HIGH STAFF

Two recent newcomers in the Tri-State High School faculty are Mr. and Mrs. C. W. Frost from Arcata, California, it was revealed by K.M. Harkness, superintendent of schools.

Mr. Frost, a graduate of Humboldt college, is an expert in the art of making bows, arrows, rifles, and guns which was his former occupation.

He is at present

teaching English and history while his wife is in charge of the seventh grade.

With them here are three of their children, Godan, Kathleen, and Roderick, who are all attending the school here.

Mr. Frost commented, "I admire the great sportsmanship shown among the students here," when asked of his opinion of school.

SERVICE CLUB FOR SOLDIERS

To provide facilities whereby the many nisei soldiers who visit the Project on their furlough may have something to do during their stay here, the Community Activities Department has established a service men's organization with headquarters at 2008.

Schedules of activities in the Project will be posted on the wall and passes to all the activities will be issued to them. Facilities will be similar to that found at the regular USO centers on the outside.

Such a headquarters will provide a central meeting place where soldiers can meet.

AN EDITORIAL

SUPPORT SERVICE MEN'S CLUB

Plans of the Community Activities to form a Service Men's Organization here at the Project should receive the whole-hearted support of everyone in the center. Other projects have organizations patterned after the USO which have been functioning for some time. Because of the Western Defense Command regulation, nisei soldiers were not permitted to visit this center when their furlough came up. The other two centers where this regulation applied were Manzanar and Arizona. Since the regulation was changed, nisei soldiers have been coming here in increasing numbers.

The facilities here are very limited but we can through an organization such as the one now under consideration entertain them as much as possible during their brief stay. Services of the many clubs in the city can be utilized toward this end. Providing entertainment for soldiers is one of the important function of the war effort. Our effort, as small as it is, should give us satisfaction that we are participating in the great struggle to wipe the axis off the map. Contact with the nisei soldiers will make us more conscious of it. Shut in within the confine of the camp, we sometime lose contact with the reality of the world outside.

We THE PEOPLE

DEAR EDITOR:

Dances these days are getting to be too darn snooty and costly. And to make matters worse, corsages are practically compulsory now.

I've gone to a dance without any loose change and was I embarrassed to find the sponsors selling corsages! As much as I would like to present my partner with a bouquet, I wasn't in a position to.

I don't see any difference between the old 25¢ dances and the present 50¢ fests. Dancers go to dance, not to eat. Or could I be wrong? Something to drink is good enough. Those dry sandwiches and cakes and cookies aren't necessary.

Let's get down to earth! We're in a camp so let's live accordingly.

FLAT BROKE

EDITOR:

With over 50 teams signed up for the softball leagues in the men's division and with many more in the girls', it seems to me that some sort of plan to get softball equipment at a saving to the teams should be started.

All during the season, these teams will have to buy balls, bats, etc. at a terrific price from the canteens.

I can't understand why the Co-op can't sell the equipment cheaper.

A SPORTSFAN

Letter section has again been revived by the Dispatch. Letters must be accompanied by name and address. The name will be withheld upon request.

DAYBREAK (ZAKI)

...left the project in a blaze of glory last Monday, May 10. Participating in the talent show finals, Yukio's brilliant rendition of that negro folk song, Old Man River, won him the first place award. His rich, mellow bass voice is really well developed.

Not only was Daybreak talented in vocalizing. His ability as a Thespian is recognized throughout the project. We most certainly will miss him in the forthcoming Little Theater productions.

Another field in which he accomplished himself in was that of writing and drawing, serving on the Dispatch art staff and contributing to the Dispatch Magazine.

We of the Dispatch staff know you have the stuff and will succeed. We sincerely wish you the best of everything on the outside.

BLACK CLUBS

...are lately doing much good for the community morale. And the support that the older folks give them is heartening too.

Recently the Block #37 Suburban-ers received a donation of close to \$90 from the block residents to purchase recreational equipments. So touched were they that, led by chairman Randy Sasaki, they resolved to use this fund exclusively to provide recreational facilities and to beautify the block. And the treasurer's book has been made open to the block residents at any time.

Another block club that has won the support of the older group is the Block #22 Gremlins. Having won the city-wide basketball tournament they are to be feted next Saturday. Donations amounting to \$50 was received by them from the block residents.

It is good to see people becoming block conscious instead of sections.

JOBS....JOBS....JOBS....JOBS...

CIVIL SERVICE OPENING

...for a junior clerk-stenographer for the WRA Relocation Office at Bellefourche, South Dakota. CAF-2, rating. \$1440 a year, with an increase to \$1620 possible. Apply at the Placement Office. CHAMBER MAIDS

...experience not required. \$2.40 per day for first three months, then \$2.60 per day. No maintenance. Rochester, Minnesota.

SINGLE DOMESTIC WORKERS

...for family of five in Park Ridge, Illinois. \$40 per month.

HIGHEST PRICES OFFERED FOR CARS

Late model cars are wanted by Wallace Mason of the Capitol Chevrolet Co. Mr. Mason can be contacted at the Evacuee Property Office in the Administration Building from 10 a.m. to 5 p.m.

He is prepared to pay the highest cash prices for cars.

OZAKI, KUMASAKA WIN FIRST PLACES IN TALENT CONTEST

Thunderous ovation greeted the announcement of Yukio Ozaki as winner of the Talent Show finals in the untrained division last Saturday at halls #1320 and #2020. Singing "Old Man River" with strong emotions in his

unusually deep base voice, Yukio easily took top honors. With competition keen among the other contestants, the judges had a difficult time making their decision for second place which was awarded to Nobu Nakamura, monologue artist.

In the trained division, little Reiko Kumasaka sang and tapped her way into the hearts of the hundreds of spectators. Performing like a professional trouper she handily took first place. Gracefully twirling the baton, Myrtle Yamanishi squeezed out a close second.

The performances which brought out a packed house at both halls concluded the quest for talents sponsored by the Community Activities Department. Emcees were Noboru Honda and Harry Mayeda. Judges were Misses Z. Clark and E. Light and Messrs. R. Cheek, A. Ramey and Johnson.

Evacuees Who Will Work On Maryland Farms Publicized

The arrival of six evacuees in Washington to work on farms in nearby Maryland, resulted in considerable favorable publicity. Since the workers, all from Boston, are to be employed by Harold L. Ickes, Secretary of the Interior Department, and his neighbor Sam Rice, former big league baseball player, the newspaper writers, photographers and newsreel cameramen were all on deck and gave them a rousing welcome.

Roy Kobayashi and his brother Fred Kobayashi and Fred's wife Barbara, will work for Mr. Ickes on the farm owned by the Cabinet officer at Olney, Maryland. William Kobayashi and his wife Betty and Hiichi Omori will work for Mr. Rice.

When interviewed by the reporters the new arrivals said they enjoyed their trip across the country and that "everyone treated them well". They expressed themselves as being pleased with their employers and satisfied with the wages they will receive and living

conditions. Mrs. Ickes, wife of the Secretary of the Interior said that she hoped all of the publicity would result in providing satisfactory jobs for more Japanese American people, not only in this section but in other parts of the country.

Men To Learn Painting Needed

With a big painting program scheduled for the summer months, four young men to learn the painting trade are wanted, Frank D. Fagan, Placement Officer stated. Trainees will be taught the use of both brushes and the spray gun, furniture finishing, etc.

DEPARTEES

MAY 4, TUESDAY

Niro, Ruth K., Sandra and Eileen Sunada, and Yayano Matsumoto left for Rohwer, Ark.; Henry Take-ta for Cleveland, Ohio; Raizo and Yoshiko Koizumi, Roy and Yoshiko Nakano, Kazuko Uno, and Yoshiko Nobuyama for Chicago; Kings and May Takasugi for Alliance, Ohio.

48 vs. 46	46-51
42 vs. 40	4-40

WARD VI

54 vs. 57	57
52 vs. 51	27-51
58 vs. 56	48-49

WARD VII

67 vs. 73	21-72
68 vs. 70	74

Avalons Lose 15-14 To All-Stars In Final Season Game

Before a crowd of some 500 sports fans, the curtain came down on the 1942-43 basketball season last Sunday when the Girls' League All-Stars defeated the league champion Elock 9 Avalons 15-14 in a game which ended like a whirl-wind.

All-Stars got off to a 4-0 lead at the start of the contest but the count was soon evened up at 4-all and for the remainder of the first half it became a tight duel with very little scoring.

Halftime score was 8-8 with Dot Keikoan pacing Avalons and Terry Tanaka the all-league aggregation.

The final half was as close and as hard fought as the first part but the All-Stars with Lily Yamasaki, Alice Ikeda and Terry Tanaka each putting in a bucket seemed to have the edge, holding a 14-10 advantage with seven minutes remaining.

Then Grace Manji, left-handed ace of the league champs, put in two baskets

There will be an important meeting of all softball managers tonight at 1408 from 7:30 p.m.

to tie things up at 14-14 with a little over one minute left to play.

In the thrill-packed final minute a foul was called on an Avalon and Terry Tanaka toed the foul line and dumped in what turned out to be the winning point. The champions put up a furious battle to try to over-take the one-point margin but the time gave out.

LOCATION OF SOFTBALL FIELDS
