WRA Answers Charges Made By Denver Post DECLARES POST ARTICLES MISREPRESENTED FACTS.

The Washington office of WRA announced today that it had distributed to all field relocation officers and to private groups cooperating in the relocation program a statement commenting on charges made in a recent series of articles in the Denver Post. The articles alleged that (1) excess stocks of food were being "hoarded" at Heart Mountain; (2) that people of Japanese ancestry were not subject to the usual civilian food rationing restrictions; and (3) that life within the centers is so "soft" that residents refuse to accept lucrative outside job offers.

John Baker, chief of the Washington WRA Reports Division, declared, "While the Post articles are notable for hearsay evidence, omissions, and misinterpretations of fact, we felt that they might have a deleterious effect on public attitudes toward evacuees unless ac-

MANPOWER SHORTAGE:

MRS. M. TSUKAMAKI NAMED AS BLOCK MANAGER OF 54

With the relocation program taking many able-bodied men away from the Project it is becoming apparent that women will soon have to take over jobs formerly held by the members of the "stronger sex."

This transition is already taking place in the block manager's organization with the announcement that Mrs. Misao Tsukamaki was

selected as the manager of Block 54. She replaces her husband who recently relocated. Mrs. Tsukamaki wins the honor of being the first woman's block manager, and according to Dan Sakahara, supervisor of the organization,

"It will probably be necessary in the future to get more and more women to take over as block managers."

CONCESSIONS WILL MOVE TO 2108 IN CASE OF RAIN SUN.

In case of rain this Sunday and the Project Field Day is cancelled, the Girl Reserves will open their food concession booths in 2108, according to Shig Okada, director of Boys &

Girls Activities.

The concessions include tamales, tortillas, ice cream, potato salad, and candied popcorn.

Complete list of events are listed on page 2.

Check Cashing Service At Canteens Limited

Due to the limited amount of money carried at the canteens, only payroll and clothing allowance checks will be cashed, PROVIDING THAT HALF OR MORE OF THE CHECK IS USED TO PURCHASE MERCHANDISE, the Co-op disclosed yesterday.

In order to accommodate those desiring to cash checks only, the Co-op has a check cashing service at 718, Monday through Friday, between the hours of 9:30 a.m. to 3:30 p.m. On Saturday, the hours are 9:30 A.M. to 12:00 Noon.

The desire to serve satisfactorily is the paramount thought, which motivates every new policy, it was added. It is reported that the Co-op is doing its best to maintain enough cash on hand at all times at the canteens and at the check cashing station at 718. Therefore, the customers' understanding is requested when cash is short.

(continued from page 1) the American public. Armed with the facts in the case, relocation officers and friends of Japanese-Americans are in a better position to answer any questions directed at them as a result of the Post series."

WRA's statement explains that the Post articles on mess operations ignored three basic facts: (1) center residents are rationed on the same basis as the civilian population; (2) food costs at Heart Mountain averages less than 42 cents per person per day; and (3) the actual dollar value of the foodstocks was equal to a 60-day supply.

On the outside employment situation, WRA pointed out that it is just such antagonistic articles which create suspicion in the minds of the public and make evacuees fearful of the reception they may receive if they leave the centers.

Copies of WRA's statement are available at the Reports office in the ad building for any center resident who would be interested in reading it.
