QUOTA OF PROJECT WORKERS TO BE SET

SWIMMING PROHIBITED

Chief of Internal Security, Dr. H.S. Jacoby, informed that at the request of the Base Hospital, all swimming in the canal by Alaska has been stopped until further notice. He also added that swimming in the farm canal is strictly prohibited.

A permanent policy will be announced as soon as a chemical analysis of the water has been made.

GOODS STORED IN LOS ANGELES

Persons who have goods stored in the Tenrikyo Church of Los Angeles are requested to communicate with the Evacuee Property Office in the Administration building as this church has been broken into twice, reports J. S. Lowery of the Evacuee Property office.

NURSING TO BE TAUGHT

Miss Catherine Yamaguchi, itinerant nurse, will arrive on the Project to conduct American Red Cross home nurs-

AT FARM

WANTED: 75 more women to work on the farm. Special transportation to and from the farm will be provided. Warm lunch at farm mess hall.

Report to Mr. Fagan, Placement officer.

Preliminary Study Places Tule Lake Maximum At 4300

The number of evacuees to be employed at the Tule Lake Project will be outlined in a forthcoming administrative instruction from Washington, Project Director Harvey M. Coverley announced today. This instruction establishes an employment quota for each project on the basis of the maximum number of employees necessary to perform essential tasks.

A preliminary study in Washington indicates the Tule Lake maximum for ordinary project operation, including substances, production, and community enterprises will be approximately 4,300 employees. Fifteen per cent more employees will be allowed to meet emergency needs, according to the telegram received by Mr. Coverley, but these will be considered only temporary workers and will be dismissed after the emergency work is completed.

Not more than 10% of all employees may be classified as supervisory or professional at \$19.00 per month. However, at the Project Director's discretion, the same rate may be paid to employees performing hard or disagreeable tasks up to 5% of the total pay roll. This new policy assumes:

1. Efficient management and dis-

ing courses for the two-month period, starting on Monday, July 5.

All those interested are asked to register at the Red Cross office at 3001-A. Classes will be conducted in both English and Japanese.

RED CROSS TO MEET TONIGHT

An important meeting of the newly-elected officers of the Tule Lake Project unit of the American Red Cross will be held on Tuesday evening, June 29, at 3001-A from 7:30 p.m.

Kay Takemoto, chairman, reveals that the meeting will be held to appoint chairmen for different committees.

PRIESTS WILL HEAR SPEAKERS

To acquaint the clergymen and priests in the Tule Lake Project on the marriage procedure and regulations, a meeting will be held on Thursday, July 1 at 1308 from 1:30 p.m.

Those scheduled to speak are Mr. Corlies R. Carter, deputy county clerk for Modoc County; Miss Dorothy Montgomery of the Social Welfare; and Mr. Kent Silverthorne, project attorney.

INTERLUDE SOLD OUT

All copies of the anniversary book have been sold and no more will be available, it was announced by Editor George Nakamura.

ON FURLOUGH

Pfc. Michio Terao from Ft. Bliss, Texas, visiting at 2302-A.

Cpl. Noboru Yamada from Camp Savage, Minn., visiting at 7315-E.

DEPARTURES

Eight teachers who left the Project recently for the summer are: Bess Kirvin, Charlotte Craft, Evarista Yhl, Florence Mullar, Martha Melton, Helen Lindsey, Emily Light and Katherine Kirklan.

1. That every employee will work a full eight-hour day with the same standard of efficiency as that which prevails in private employment.

This adjustment in the employment of evacuees must be accomplished by September 20, according to Dillon S. Myer's telegram; but these adjustments will be made according to the forthcoming standard job descriptions and suggestions, soon to be issued. However, division chiefs will begin immediately to suggest ways and means of operating their division with fewer personnel.

This change of (Cont. on page 3)

CONSERVE WATER. TOTAL NUMBER OF GALLONS NOT TO EXCEED 500,000 PER DAY

GRANADA

"Better Americans Through Education" will be the theme of the dedication ceremonies of the new school auditorium... First baccalaureate service of the Amache High School was held. The Rev. Gabriel S. Upton of Lamar delivered the sermon... \$5,000, or 5% of cash register receipts, are now being returned to members of the Consumer Enterprises. It was reported that customers threw away more than \$50,000 in cash register receipts.

MINIDOKA

Residents of Hunt rejected the Charter for Community Advisory Council. 73.9% of eligible voters cast their ballots. Minidoka is the only project known to have rejected a city council.

POSTON

A campaign against mosquitos has been instituted as warm weather arrived. Mosquitos are said to carry the virus of encephalitis (sleeping sickness to you)... Office of Police Commission was created at Poston III to serve in advisory capacity to the police department.

Evacuees are urged to leave their T shirts, jeans, pachuco hair cuts (bi-yoon to Tuleans), etc. behind when they relocate... Prizes are to be offered for the best English and Japanese name submitted for the proposed Civic Project which included dancing pavilion, swimming pool, sumo arena, bowling alley and an amphitheatre.

GILA

Throughout the summer, watermelons will be served regularly (and we pay \$1.50 for it, too!)... With "Unity Thru Gassho" as their theme, the Gila Bussei convened on June 20, dedicating the convention to fathers.

142 Canal seniors were to have received their diplomas with "Enter to Learn, Go Forth to Serve" as their inspirational motto.

SEGREGATION INEVITABLE

Following is an editorial taken from the Gila News Courier which we feel is of timely and vital interest to the Japanese-Americans:

Segregation of the loyal and the disloyal in the relocation centers has been in the minds of many persons, evacuees and others, since evacuation became a fact. The WRA recognized that in principle, it was logical, sensible, and a desirable thing. The execution was the sticker; how could the disloyal be differentiated from the loyal. Whether black, white, or yellow, a man's heart is difficult to probe.

But the idea was never abandoned. Through the year that the evacuees have been in the centers, they have received more general U.S. public attention than at any other previous time. It became clear to the American public through the Poston and Manzanar incidents that most evacuees were loyal. (They can never know, however, unless they go through the same experience that the origins of the incidents were not entirely from un-American sentiments, but that many human factors were involved.)

The vast majority will be considered loyal. But among the so-called disloyal will be parents, brothers, sisters, relatives, and friends of the loyal. Many of the designated disloyal will be just as American, if not more so, than those considered loyal. Immediate heartaches will be plentiful, and those who find that their heart was after all in America will, perhaps, be as numerous.

It is true that there are many who have already discovered that they have made mistakes. They are being given a chance to be categorized as loyal.

Yet many will discover the truth hidden beneath layers of emotional upheavals after segregation is reality. It would be only fair and truly American to give these individuals a chance to indicate their change of heart. Such people will then be given proof of the greatness of the American democracy. They will make the best of apostles for the four freedoms of which American must continue to be a symbol. Under these circumstances the segregation of the truly loyal and the truly disloyal is a desirable end to the evacuees and to the nation and world at large.

FROM THE DISPATCH FILES

July 4, 1942--A day long program is planned for the Fourth. 420 young men between the ages of 18 and 20 signed up for the draft. Barber shop opened its doors on Thursday, June 2. Second colony store at 2708 made sales amounting to \$1400 on first day.

REDUCING OF COLONY WORKERS WILL INCREASE EFFICIENCY

(Continued from page 1) policy is made necessary by the relocation program and by the necessity to operate the project on the amount of money allocated to each project.

This new policy will undoubtedly produce better work habits and more efficiency in the workers since fewer evacuees will do the work heretofore accomplished by a larger staff.

This training will

prepare the evacuee for jobs on the outside where efficiency and skill are pitted against greater competition. By maintaining good work habits, the evacuee will be better prepared to accept jobs on the outside.

Efficiency in each division and department will also be increased where competent workers are retained for essential jobs.

According to Dillon S. Myer, the normal outlet for persons desiring employment for work is on the outside. The WRA will furnish project employment only to such persons as are genuinely needed for essential project operation.

VITAL STATISTICS

BIRTH: To Mary and Koji Norikane, 5215-C, a baby girl on June 25, 10:30 a. m.

BIRTH: To George and Sachiko Onchi, 7201-C, a baby boy on June 26, 8:21 p. m.

BIRTH: To Isamu and Lillian Okano, 5115-A, a baby boy on June 26, 1:48 p. m.

BIRTH: To Tom and Helen Akune, 418-C, a baby boy on June 26, 7:45 p. m.

BIRTH: To Kenshiro and Mitsuko Teraoku, 1106-A, a baby boy on June 28, 3:39 a. m.

BIRTH: To Shuji and Michiko Yoshikawa, 1102-A, a baby boy on June 28, 7:01 a. m.

Dies Committee "Amazed" At Crowded Living In Poston

After visiting the Poston Relocation Center in Colorado, members of the Dies congressional committee "expressed amazement" at the crowded living conditions, states a United Press report in the Pacific Citizen.

"I am amazed at the

TUESDAY, JUNE 29, 1943

Six left for Great Northern Railroad, Spokane, Wash. They are: Ichiro Takei, Junius Matsumoto, Nobuichi Fujita, Harry Namba, Frank T. Namba and Paul Takahashi.

Dance Class Registration

Registration for ballet, acrobatic and taps is now being held at 1903 by the Recreation Dance Department.

Those of the grammar school ages are especially urged to enroll in these dance classes.

SUMMER TEACHER

Zola Lenz of Ohio will teach in the elementary schools during the summer.

close confinement some of these families are living under," is quoted as saying when he visited a place where eight persons slept in one room.

Asking what her students thought about the committee's investigation, Miss Florence Peterson, current events teacher, said, "the Dies Committee is not popular right now."

MAIDS WANTED

Twelve to fifteen girls are wanted for maid work at Edgewater Beach Hotel. \$55 per month for the first three months, then a raise to \$60. Seven and one half hours per day, six days a week, board and room included.

See Ted Nakamura at Placement Office.

JOBS JOBS JOBS

AT PLACEMENT

...one experienced chauffeur wanted.

DOMESTIC WORKERS

...in Detroit, Ann Arbor, Kalamazoo, Mich.; Columbus, O.; Milwaukee, Wis.; Chicago, Ill.; St. Louis, Mo.; Omaha, Neb. Salaries from \$5-\$20 week and \$75-\$100 for single persons and \$100-\$160 for couples.

LABORERS

...in fur shop, no experience necessary. \$25 week, 8 1/2 hours day, 6 days week. Chicago (Alder)

...3 persons for hospital cleaning. \$12-\$15 a week and maintenance. Also 3 more persons to work in laundry at \$60 month and maintenance. Both jobs are 48 hours week. Elgin, Ill. (Johns Hospital)

LAUNDRY WORKERS

...40 Amer.-born women Univ. laundry. 45¢ hr. wk. to start. Time and a half for overtime. Increases to 48¢ and up. Laundry now operating 64 hrs. wk. Ann Arbor, Mich. (Univ. of Mich.)

SEMI-SKILLED

...2 men for cleaning cars, one man for porter work and greasing, \$30 week. Also one mechanic needed, 85¢ an hour. Chicago (Murphy Auto Sales)
