CHURCH GROUP URGES EVACUEE RELOCATION

"Every effort to resettle the Japanese-Americans should be made now" and "further invasion of the right of citizens and unquestionably loyal resident Japanese jeopardizes the national unity and dangerously raises the racial issue as barrier to a just and durable peace," is the opinion expressed by the Northern California Council of Churches in a letter to President Roosevelt on June 7.

The Council told the President that the recent statement attributed to Senator Buck of Delaware, "All the people with whom I talked in California vigorously opposed the return of Japanese" does not represent

"A city with a population of 600,000 affords many opportunities for ambitious workers in such fields as office work, jobs of technical nature, and also there is a promising future in the field of agriculture.

"Two hostels are now operating with a total capacity of twenty-four. We have a variety of industrial concerns who are willing to interview the people from the hostels.

"On the whole the sentiment toward the Japanese-American

PROJECTOR WANTED

A PRETTY BLUE FLOWER

...made its bid for life on our porch. My father had meticulously planted it in an old tin can some-time ago and it grew up from utter nothingness. But in a moment of anguish, I crushed its dainty existence with my hand.

Yet, another little flower has taken its place on the stem. Somehow inside the black frozen heart of a dog, that I am, a new force of awakening went to work. Any sore, hurting and disillusioned heart would be inspired for a new lease on life.

FASTER THAN A BULLET

...more powerful than a locomotive! It's Superman! Wheeee!

The ubiquitous comic-strip freak had found another field of exploit. Currently, as timid Clark Kent of the Daily Planet, he has visited a "relocation center" and frustrated a nefarious underground plot of some disloyal evacuees.

The creators, Siegal and Shuster, swerving from their mad scientists and queer monsters, are using real live people to victimize for their incredibly fantastic plots. Anyone who has been inside a center would know that evacuees are too busy with their personal and family problems to even dream about "escaping" with concealed guns. Guns? We are not even allowed to own a camera. Why escape? We are being urged to relocate. Some want to stay.

Superman, a seemingly innocuous comic strip, has more box office attraction than a good movie. An unthinking public is liable to eat it up.

REAT PLEAT

...We are constantly annoyed to hear about Nisel zoot-suiters parading on the streets of large cities. What plausible reason is there for attiring in those ridiculous costumes other than to show off?

Construction Of Factory Building Resumed Here

After many months of idleness, construction on the tent factory building in the southern end of the Project resumed recently. Fifteen huge trestles have been put up and completed.

The carpenters are now proceeding with the lining, sheeting, siding and roofing of the structure. If the necessary materials arrive on scheduled, a definite advancement toward completion is expected in the next 30 days.

TO GIVE BOOKS AWAY

Many story books, which were donated by various individuals and organizations for boys and girls will be given away at 3001-D on Friday, July 2, from 7:30 p.m.

reveal that this building is officially designated for a tent factory, but whether it will be used for this purpose or not, is not yet confirmed.

The reason for not finishing the factory sooner was because of priorities and government restrictions.

ALL-STAR HARDBALL

The fourth of July, which arrives this Sunday, will be a scene of numerous events. Taking the limelight of the gala day will be the clashing of hickory between the American and National League All-Stars of the city.

If anyone cares for our nomination as to the outcome, we will choose the showing of the National. Coach Jiggs Yamada will boast the deliveries of Johnny Nakao, Marysville; George Goto and Horio of the Hillmen. Backstage duties will be handled by George Makimoto of the Hillmen and Haruo Yamamoto of Marysville.

However, the American League cannot be underestimated with their powerful hitting aggregation led by Dave Kawaye, Riverside; Tak Ikeda, Warehse; and Johnny Kimoto and H. Nishikubo of West Sacto. Coach Y. Matsuda will rely on these boys to cop the banner.

All in all we are looking forward to a thrilling game. Tule Lake ball fans will once again witness in action the city's best.

SOFTBALL CLASHES

The Ward Softball All-Star Teams will clash in the elimination matches starting on July 2 and the finals will be played on July 5.

Ward I and II encounter will be a hard one to predict. We are looking at it as a pitchers duel between Mick Tamiyasu of I and Iggy Yoshimura of Ward II. Both of the flingers display an identical style of delivery but the hitting power of the Ward II outfit give them a slight edge over I.

Ward III and IV fray should be an easy win for the III boys with Tom Kiyama on the mound and supported by sluggers Kimoto, Hoshiko, and Ishikawa. To keep pace, IV boys will rely on Bob Hayashida and Dave Kawaye together with some

FINAL PRACTICE TONIGHT FOR HARDBALL TEAMS

The American and the National All-Stars will hold their final practice session before the big game tonight.

Coaches Jiggs Yamada and Y. Matsuda of the two teams urge players to turn out for the last work out. The coaches are expected to make their definite starting lineups at the time.

It seems as though Ward V displays a well balanced team with a nod on them against the Ward VII. V aggregation will be led by hardhitting Sam Kinoshita and George Nakao. George Tamura and M. Toki will carry the load of the VII squad.

Ward VI pulled a bye and will not be in the first round playoffs. But they are expected to give any of their opponents a run-for-the-money. Pitcher Nakanishi will be well supported by his hard hitting players.
