Defective Oil Stove Started Monday Fire At Poultry Farm

One Fireman Injured When Fire Truck Crashes

The Monday morning fire at the poultry farm, which killed 6,000 chicks and destroyed one building with a total estimated loss of \$5,000, was reported yesterday to have originated from a defective oil stove.

One-half of the 200 ft. laying house was burnt to the ground and the other half was so badly charred that it will be unusable. Valuable electrical supplies and installations, which the poultry farm was fortunate to have, were at a complete loss.

Also it was learned that the killing of the chicks and destroying of the building was not the only casualties of the fire. During the excitement, a fire truck in going to combat the blaze ran into a huge boulder and hurled 4 firemen to the ground, injuring Ed Kimura, nozzle man, who was taken to the hospital. Luckily he received only a slight leg injury

CONCERT SET BY TRI-STATE

A joint concert by the Girls Glee Club and the Tri-State High School Band will be given as a part of the drive for funds to send Tri-State students to college.

This concert will be given Monday evening July 12 at 901, 7:30 p.m. The program will be varied and interesting. It will include choral numbers, vocal solos by Martha Fukami, Shigeko Yabe and the band in instrumental selections.

GRANTS TO BE RESUMED SOON

A rumor to the effect that the payment of cash grants, including the grants for indefinite leave, have been stopped is without foundation, according to C.M. Busselle, Fi-

and a few minor bruises.

The fire truck sustained a damaged front axle and the rear housing was thrown completely out of alignment.

Smoke which limited visibility and the fact that the firemen were unfamiliar with that area were the causes of the accident.

With very little water and fire fighting facilities, the firemen, however, did a splendid job in what they accomplished. The water had to be brought out from the project, and the fire was put under control with only 200 gallons.

Officials stated that the firemen should be highly commended for their ingenuity and fine effort in checking the fire to one building.

Fire Chief Ernest Rhodes and Chief Hill were at the scene of the fire.

The above rules will be strictly followed.

"PROBLEM OF RELOCATION IS INDIVIDUAL MATTER"—TAKIGUCHI

The opportunity to visit the "outside," especially the eastern and midwestern states, gave me a firmer idea of relocation. Many Tuleans have asked me for my opinion on the conditions on the outside upon my return from a buying trip. I will briefly give a realistic picture as I saw it.

Public sentiment towards the nisei is favorable, provided the individuals go about minding their own business. Stay away from anyone who may be intoxicated. Avoid arguments. The people as a whole are too busy to notice who you are. But, occasionally there may be some who will stare at you through mere curiosity.

Those who intend to relocate should bear these things in mind: type of available employment, acute housing problem, wages lower in midwest, and ability to assimilate yourself with Caucasians. With these facts in mind, and under present war conditions, one should be able to adjust himself to his new environment. It isn't easy and rosy, so one should not expect too much.

The nisei tend to congregate for which they can not be blamed. But, this should be avoided as much as possible. Where some several hundreds of persons are looking for apartments in the same city, it is difficult to find a nice and clean apartment. Many are refused occupancy and are discouraged. They find lodgings in hotels where the nisei are accepted. To see them staying at one large hotel, such as the Y.M.C.A. Hotel in Chicago, may soon bring resentment by pressure group. At present such conditions do not prevail, but if too many are seen together the feeling towards the nisei may change.

The problem of zoot-suiters will be one which the nisei will have to be very careful. The nisei are conspicuous as they are without zoot-suits. With mob riots like those in Detroit and Los Angeles, any nisei zoot-suiter may be a victim of attack. It is difficult for a zoot-suiter to find any kind of employment.

The problem of relocation is an individual matter. One has to choose whether he would like to live in the camp without freedom for the duration, or take the chance of a new life of freedom and independence under war time conditions, rationing, and taxes on the outside. A nisei should not expect too much and picture too rosy a condition on the outside. Make the best of what you find, then one will not be disappointed.

ARAKAWA FIRST NISEI WAAC

The distinction of being the first nisei girl to join the WAAC's went to Mary Arakawa, 21, formerly of the Heart Mountain Relocation Center but recently employed in a domestic job in Casper, Wyoming, according to the Heart Mountain Sentinel.

She enlisted at the Casper Army Recruiting station last month and will report to Miami, Fla. on August 1 for basic training.

Marriage Offer From Caucasian

A somewhat unusual ad, strictly for feminine interest, was placed via letter with the DISPATCH recently.

It says: "Young Caucasian would like to marry Japanese girl."

The man writes that he is an employee of the U. S. Department of Agriculture and does social work with the Japanese. He states that he is perfectly sincere in his offer.

Interested persons are asked to contact 1517 Logan Street; Denver 5, Col. Name will be given on request.

New Schedule for Turning In June Co-op Stubs Given

The Co-op Stub Receiving Station at 801-B will be temporarily closed due to the new schedule released yesterday. For the purpose of accommodating the public, until all June stubs have been collected a temporary office is established in each ward. The following is the schedule:

OFFICE HOURS: Week days--8:30-12:00 a.m., 1:15-5:00 p.m. Saturdays--8:30-12:00 a.m. Ward I--Tues. July 6, 1408-D; II--Wed. Thurs. July 7-8, 2908-D; III--Fri. Sat. July 9-10, 3208-D; V--Mon. Tues. July 12-13, 4408-D; VI--Wed. Thurs. July 14-15, 5008-D; VII--Fri. Sat. July 16-17, 7008-D.

Stubs received for laundry, cleaning and mail order during June should also be brought in together with other June stubs.

It is also requested that the membership card number, family number, and address of the person to whom patronage is to be credited be presented when bringing in the stubs to insure an accurate record.

POULTRY FARM IS LARGEST IN NORTHERN CALIFORNIA

Not only are chickens raised at the poultry farm, but a flock of 500 turkeys are in the process of being fattened. These turkeys will be ready for the Thanksgiving feast.

All fowls are housed in the 17 laying buildings provided. A few laying houses are lacking, but they will be built just as soon as they are needed.

It was also reported that our poultry farm is the largest in northern California and largest of the 10 relocation centers. There are now 110 men employed there, with 25 Aes students assisting.

As for the relocation situation, very few have left for outside jobs, so this has tend considerably to maintain high effi-

ciency in the farm. The poultry men are not only gaining practical knowledge, but valuable experience which will prepare them for the future on the outside.

YWCA Will Help Find Vacancies

Recognizing the serious problem of housing prevalent in all communities of the country, the national headquarter of the YWCA will assist the WRA in providing Japanese girls resettling from the relocation centers of space in the many YWCA's and helping in the search in local communities for vacancies. Some associations are giving such services.

In her communication with the YWCA's, especially in the middle west, Miss Annie C. Watson of the national headquarter has requested that as Japanese women and girls arrive in their community, the associations include them in regular activities. "A Japanese employee on the staff would be a real asset in the process of making the newcomers feel at home in any community," she wrote.

School-Wide Campaign To Raise Scholarship Fund

A school-wide campaign is in effect to raise enough money for the scholarship fund to be used this fall for students selected from this year's graduating class, the goal being set at \$2500. Students will be selected according to scholarship, character reference and evidence of ability to succeed in college.

Approximately \$200 was raised during January and

WARD 3 ALL-STARS CROWNED CITY CHAMPS

All the honors in men's softball went to Ward 3 this season as the Ward 3 All-Star ten put on a sensational last inning drive to come from behind and drop Ward 2 All-Stars by a 3-2 count last night on field 17-26 for the city ward All-Star title.

The game was witnessed by another tremendous crowd and they were not disappointed as far as thrills were concerned.

Iggy Yoshimura of the Block 27 team, opened on the mound for Ward 2 and he started out by walking the first two batters to face him. But after getting out of that jam, he sailed smoothly up through the sixth inning, aided by some good fielding support.

It was a different story for Tom Kiyama, who pitched for the Ward 3 aggregation. Hurling his third contest in three successive evenings, he gave up one run in the very first inning. Lead-off sticker Taxi Hironaka hit a Texas Leaguer into left, advanced to second as Nakamura grounded out, stole third, and then came home when Matsunaga slammed a clean single through short. This gave Ward 2 a 1-0 lead.

Then again in the third frame, Ward 2 scored when the same Mr. Hironaka walked, got to third on two successive bingles by Nakamura and Ogawa, and then crossed the plate after the catch on a short fly to the long stop.

The contest settled down into a pitcher's battle for the next few cantos, with Yoshimura holding a decided edge as he gave up only one hit, that in the third.

In the top of the seventh, being behind by a 2-0 count, the Ward 3 lads immediately spelled trouble for Ward 2 as Higashi and Tsutsui walked in succession and eventually advanced to second and third, respectively. Sanjo flew out to make it one down. Then the next batter, Mickey Tanaka, found one to his liking and slammed a ground ball into right, scoring Higashi and Tsutsui to tie the score up at 2-all and the Ward 3 rooters went wild. FEMS SOFTBALL TITLE COPPED BY NATIONAL

The Girls National Softball All-Stars defeated the American All-Stars 13-8, in a wild game during the holiday festival. With the largest crowd ever to witness a girls' contest, the favored American League Ten met their downfall before the hustling National fems.

The first inning spelled defeat for the Ameri-

ed by flying out to the rover and on the play Tanaka tallied the third run when he came in on the overthrow to the catcher. The rally ended when Kunisaki grounded out but the Ward 3 boys had a 3-2 lead.

Desperate Ward 2 loaded the bases in their half of the seventh but couldn't score and Ward 3 walked home with the city championship.

Yoshimura gave up only two hits but walks lost the game for him while Tom Kiyama was touched for eight blows.

Batting honors went to Matsunaga of Ward 2 with 2 hits in 3 trips to the plate.

can as pitcher Shuiko Kiyokawa could not seem to find the plate as the Nats scored seven runs on walks, errors, and four hits including a triple by G. Fujimoto.

At the last half of the fourth frame, the score read 10-1 in favor of the Nats. At this time the American came up determined to score and was rewarded with three made by Ike, Nakagawa and Ikeda.

During the last two innings, the American League sluggers Nakagawa, K. Kiyokawa, and Ikeda each blasted homers followed by a triple by Kawakami. This hitting streak accounted for the four runs.

At the last canto of the Nats, three more runs were scored by Nakanishi, Asakawa, and Takahashi. The game ended with National 13 and American 8.

The batteries for the contest were: NATIONAL--Takahashi, Kinoshita and Kashiwabara; AMERICAN--Ikeda, Kiyokawa, and Kawakami.
