

BIBLE SCHOOL "Pay As You Go" Federal Income THIS MONTH Tax Plan Goes Into Effect

Vacation Bible School which started July 5 will be held until the end of the month. Daily classes are scheduled at Lincoln School, 3608-BC, Rim Rock School, 5004-C, and Washington School, 72-17-B and 72-14-B, between the hours of 10:30-11:30 a.m.

Subjects to be taught include handicraft, Bible stories, singspiration, etc., and all elementary school children who wish to attend are urged to do so.

NOTARY PUBLIC

Mrs. Helen Thomas, notary public, will be at the Legal Aid Department in the Administration Bldg. tomorrow (Friday) morning from 10 to 12, it was announced.

After July 1, most wage earners in the United States will pay Federal income taxes on a "pay as you go" basis in accordance with a recent Act of Congress. On all money earned each week employers will deduct 20 per cent for taxes after allowances for personal and dependent exemptions have been

SCOUTMASTER TRAINING SET

There will be six weeks scoutmaster leadership training course offered at the Tri-State High School during the summer session beginning July 26 and ending September 3, it was announced by Martin P. Gunderson, principal.

This course is open to all boys 15 years of age and up,

made.

The amount of wages not subject to deductions are: Single persons...\$12 a week; Married persons, where husband or wife claims the total allowance...\$24 a week. An additional exemption is made for each dependent of \$6 a week.

Agricultural workers and persons employed in domestic service in a private home are not subject to the wage deductions. This does not excuse them from paying the income taxes. They are required to file an income

and at the completion of the course, a trainingship certificate will be awarded.

The meetings will take place in 901.

tax return as in the past.

In putting the nation's wage earners on a "pay as you earn" basis, Congress voted complete forgiveness of any Federal 1942 income tax of \$50 or less. There was 75 percent forgiveness of 1942 or 1943 Federal income taxes above \$50, whichever is the lesser. (Con't on page 3)

Poultry Output Cut By Fire

Expected output in both poultry meat and egg production will not be met due to the fire last Monday at the poultry farm.

Of the 6,000 chicks which died, 4,500 had just come in on the previous Friday and Saturday. This contingent which came in was to be the last as far as layers were concerned and all others coming in were to be used exclusively for meat purposes.

Three thousand layers are now supplying the colony with 2,000 eggs per day. If the fire had not occurred, the output of eggs would have been raised to 15,000-16,000 per day by this fall and also by that time the poultry farm was anticipating to supply 8,000 pounds of poultry meat per month for project consumption.

With the recent catastrophe, there are now 19,000 fowls left and they are not sufficient to meet the expected production.

Cleveland Hostel Described

For center residents planning to settle in the Cleveland area, Oscar Buttedahl, one of WRA's reports officers, sends information about the hostel recently opened by the Baptist Home Mission Society at 2429

Prospect Avenue and managed by Mr. and Mrs. Max L. Franzen.

Mr. Buttedahl's letter says, "The hostel is a huge, old, three-story mansion close to YMCA headquarters, 10 minutes by street-car (3¢ fare) from downtown. The rooms are large, equipped with single and double beds, washbasin in each room, bath on each floor. Residents are responsible for keeping their own quarters clean and for doing other work to maintain the premises. They eat at a common table, turning over their ration books to the management for the duration of

their stay.

"Rates for staying at the hostel are as follows: While unemployed \$1 per day per adult, 50¢ per day for children under 10. When employed, \$1.50 per day per adult, 75¢ per day for children under 10. For those remaining at the hostel longer than a 10-day period after being employed the rates are \$2 per day for adults, \$1 per day for children. These prices include board and room."

The hostel can accommodate about 30 people, Mr. Buttedahl says. At the time he was there in the middle of (Con't on page 3)

NEW CURFEW

All evening activities will end at 11:30 p.m., instead of 11 p.m. during the summer months, it was announced by Harry Mayeda, supervisor of Community Activities Section. The new summer curfew will be in effect until October 31, 1943, and went into effect last night.

*Star
Dust*
J.C.N.

It is not our idea to throw cold water on the entire relocation program. All far-sighted nisei should be planning to leave the Project now.

But it seems that we are being shown the picture of life outside through a rose colored glass in order to rush us out in number. Too many have rushed out pell-mell and too many of our former Tulean friends write back disillusioned, unhappy and homesick.

All center publications, including the Dispatch, have been guilty of painting a honey-coated picture of the outside and thus created a Pollyanna frame of mind among prospective resettlers. There is too much of the everything-is-swell-here, people-are-friendly type of white wash. Life is not all glamor outside and as soon as we are outside, we are no longer the ward of government. We will have to learn, once again, to shift for ourselves to the hard routine of making a living.

Too many young and irresponsible good-time Charleys and zoot-suiters are attracted by the glamor of relocation. They are causing unfavorable reflection on the other nisei who are trying their best to integrate into normal society.

All resettlers should be mentally prepared to face hardship and loneliness in entering any strange community. For many, this will be the first time they will be away from their parents. There will be times when they will feel like crying in bed or packing up to return to camp.

There are only a handful of people who in relocating had their path cut and trimmed neatly for them. These are the people who write back that everything is sooo wonderful!

Relocation is a fine thing, and it should not

THERE'S ONE IN EVERY BLOCK

Medical Detachment At Camp Shelby Wins High Praise

CAMP SHELBY, Miss., July 6--News notes from the Japanese American Combat Team in training here:

Japanese American soldiers serving in the Medical Detachment of the Combat Team here show a greater natural aptitude for their work than any other soldiers he has encountered as a group, according to Regimental

LIARS CONTEST WILL BE HELD

A contest which should be easy for anyone to enter, a "Liar's Contest," is being sponsored by the Community Activities Division. It is open to anyone and the tall stories can be told in English or broken English.

Entry blanks are available now at 1808, Rec Center, and the date of the contest will be announced shortly.

NEW TEACHER

Anita Joseph of Medford, Oregon, has been added to the teaching staff in the elementary school.

be impeded in any way. We should go out without pretty illusions and wishful thinking of certain consequence.

Surgeon Capt. C.H. Buckley who commands the Detachment.

"Assignment here brought my first extensive contact with Japanese Americans," said Capt. Buckley, "and I have been highly pleased with the personnel of the Medical Detachment. An exceptional number of them have had pre-medical, pharmaceutical or hospital experience and their zeal for continuing their studies and gaining further practical experience goes beyond any obvious degree. To some of them off-duty means only more time to work at self-improvement and to widen their scope of Army learning."

Specialized training for the most efficient and detailed care of the wounded and sick will follow the basic training period. All this training is supplemented of course with physical training, map-reading, litter drills, marching and bivouaging for the hospital corpsmen. So far in basic training, the men have made above-average progress, according to Capt. Buckley, and their marching and drilling have been particularly commended.

"PAY AS YOU GO" INCOME TAX PLAN EXPLAINED

JOBS..JOBS..

(Continued from page 1)
The remaining one-fourth is payable in two installments; one-half in 1944 and one-half in 1945. Payments on 1942 income made March 15 and June 15 this year are to be credited to the 1943 income tax.

By requiring employers to make deductions from pay envelopes regularly each payday, the measure makes it possible for people to meet their tax liability in a systematic and orderly way. Individuals will continue to file income tax statements as in the past, and adjustments will be made. The taxpayer will pay additional amounts due where the tax liability exceeds the amount deducted by the employer, or the Government will make a refund in cases where the tax liability is less than the amount deducted by the employer.

Every employee, unless his wages are exempt from withholding, is required to furnish his employer with a withholding exemption certificate before July 1 if he is presently employed. As soon as he becomes employed thereafter he must file this exemption certifi-

TWO NEW CRAFT CLASSES TO BEGIN

New classes in shell-making and woodcraft were announced by the crafts division of the Recreation department. These classes will meet on Wednesday and Friday afternoons from 2-4 p.m. at #5208 with Mrs. Tsuji as instructress. Registration will be taken at the classes.

With Messrs. Kuge and Hamanishi in charge, a woodcraft class will be started at #4708. The class will be open to anyone who is interested in wood carving and making ornamental articles.

The evening classes will be held Monday through Friday from 7-9 p.m., while the morning classes will meet Tuesday through Saturday from 9-11 a.m.

cate, indicating the marital status, number of dependents, or other conditions affecting or relating to the amount of income exemption allowable when the income tax return is filed. Husbands and wives, where both are employed, will indicate which one will claim the head of the family exemption, or state whether separate income tax returns will be filed with each claiming half, none, or all of the exemption allowed by law.

Under the law, persons whose income last year or whose anticipated income this year is above a certain figure are required to file a "Declaration of Estimated Tax" certificate before September 15.

Further information and advice on the new tax law is available to center residents through the Project Attorney's office.

More On Hostel In Cleveland

(Continued from page 1)
June 24 evacuees, including two families with small babies, were making it their headquarters.

Because there is a housing shortage in Cleveland and hostel facilities are limited, the report states that evacuees should make application in advance.

To apply for hostel accommodations, center residents who have received leave clearance and who plan to go to Cleveland should see a representative of the Baptist Home Mission Society at the Tule Lake Project.

Sentiment "Favorable" On Outside Says Delegate

"The sentiment is very favorable outside," remarked Mary Yamaguchi who just came back from the Business and Professional Girl's Club Conference held at Alta Lodge, Utah.

She also added that there are always jobs available, but housing seems to be the major problem.

DOMESTIC WORKERS

...in Rockford, Chicago; Winnetka, Ill.; Hanover, Mass.; Columbus, Ohio; salaries for single persons are from \$10-\$18 per wk. and \$80 per mo. \$100 for couples.

SEMI-SKILLED

...a rose and vegetable grower with experience. Salary from \$35-\$50 per wk., depending upon production. Columbus, Ohio. (Morehouse Greenhouse Co.)

...a grocery warehouse man wanted by a cooperative wholesale enterprise. 85¢ per hr., and 40 hrs. a wk. Boston (Eastern Cooperative Wholesale)

SKILLED-LABOR

...a second cook for small hotel restaurant. \$150 per mo., to start, with good chance for advancement. Gary, Ind. (Rothchild)

...3 power machine operators to run sewing machines in mfg., men's trousers. Piece work basis, possible to make about \$75 every 2 wks. East Chicago, Ind. (Albert Given Mfg. Co.)

(See the project leave officer for information). The application will be sent by the Home Mission representative to the WRA Cleveland office where Harold Fistere, the Relocation Supervisor, will look it over, and, if the applicant has no specific job offer, will certify as to the prospects for employment. If favorable, a teletype invitation will be extended through the WRA Cleveland office to the evacuee offering him hostel accommodations.

Alice Mukai and Mary Yamaguchi, the two representatives from Tule Lake left on June 14. They had a wonderful time shopping, and taking in the sights.

"The girls were very friendly, and we certainly did our best to try to explain the nisei's problem," said Alice Mukai.

HARDBALL LEAGUE TO BEGIN THIS WEEK-END

The second season of hardball at Tule Lake will begin this week-end, it was announced by Sam Maeda, hardball commissioner, after the managers meeting which was held early this week.

Unlike last season when there were some 16 teams in the major league with many more competing in other minor divisions, only 10 squads have definitely signed their intentions to play, while others may enter later.

This year there will be only one league, not two as last season, and many key players are lacking due to relocation.

Teams that will definitely enter are: Pacers, Holland, Isleton, Marysville, Okole House, Northwest, Hillmen, Riverside, Warehouse, and West Sacramento, with Courtland the uncertain entry.

Two league games will be played every Saturday with three slated every Sunday. This week's schedule will be announced tomorrow.

SCHEDULE

Junior leagues schedule for this Saturday have been announced as follows:

NATIONAL LEAGUE

Field
Hadakas vs Block 67, 23-20
Zeros vs Unknowns, 10-71
Comets vs Pirates, 12-13
Klondike vs Zebras, 57

AMERICAN LEAGUE

Shangri vs Rattlers, 74
Green. vs Pacer Jrs, 45-15

PACIFIC COAST LEAGUE

Pok-A-Dots vs Raiders 40-4

#Postponed game.

WARNING TO RESIDENTS

Residents are warned by the Wardens that any kind of baseball should not be played within the blocks and especially where the basketball courts are located.

All persons are asked to play in the fire break. Besides endangering lives, playing ball within the blocks may result in breaking windows or other articles which are hard to replace. Also the dust created is not pleasant.

If this request is not followed, drastic action will be taken, it was said.

THE CONSISTENT NUMBER

...of fans who turn out to witness the various top-notch softball and hardball games would do credit to any city of this size. We think that it would be quite safe to say that of all the relocation centers, this one draws the biggest crowds to sports events.

Klamath Falls is a city of 15,000. A few weeks ago their revamped semi-pro Pelicans (which the locals blasted by a 16-0 score early this season) played what was supposed to be a big game. The crowd that attend was a little over 200.

SEVEN OUT OF THE TEN

...city champion Ward 3 All-Star players are members of the city Ward league's champions, Block 36, and there's no doubt that they play the highest caliber of softball. You have to be champs to come through with the two story-book finishes that won them the honor of being the best block team in the city and the Ward All-Star crown as well.

ANOTHER DING-DONG BATTLE

...is on slate this Saturday when the Block 54 team takes on Block 36. If the boys from 54 have not lost their touch during the short lay-off, they may give the 36'ers a bad time. If Block 36 doesn't win, it will be a blow to their prestige. Regardless of who wins, the contest should be another exciting one.

FIVE HARDBALL GAMES

...per week-end is a lot of baseball and the fans will have plenty to do during the week-ends now. If no more squads enter the league, it means that each entry will see action one of those two days.

With relocation taking a steady number of athletes it will be a miracle if any team finishes with the same men that they start the season with. It should give many young players a chance to shine.
