Editorial Page

FROM BAD TO WORSE

(The following editorial was taken from the Minneapolis Star Journal of June 14, 1943)

At its best the Dies committee to investigate un-American activities has been performing a job which ought to be the responsibility of, and could have been done much better by, the federal bureau of investigation and the courts. At its worst--which is to say, most of the time--the committee's fanning of ugly hatreds, its wholesale smearing of the innocent along with the guilty, and its typification of the American fascist mind, have made the committee itself a phenomenon as un-American as the Salem witchcraft trials. For these reasons the Star Journal has consistently opposed the Dies committee.

But now it has found a field in which it has a good chance to work new and more serious mischief. It is investigating the Nisei--those 70,000 American citizens of Japanese descent most of whom are being held in relocation centers.

When Stalin dissolved the Comintern, Congressman Dies, apparently caught off guard, said the committee could now be disbanded. But a few days later he was declaring he had been misquoted, and now a subcommittee is sitting in Los Angeles, tossing fuel busily and happily onto the ugly fire of American racial bigotry and hatred.

The problem constituted by Japanese citizens of the United States is a serious one and highly complicated. Probably it was militarily wise for the army to move all persons of Japanese origin, whether American citizens or not, out of the west coast area right after Pearl Harbor, in order to guard effectively against the espionage and sabotage of a few Japanese agents. Probably it was inevitable that serious mistakes would be made and grievous wrongs done in such hasty handling of a perplexing situation.

But the Dies committee is not interested in examining the Nisei problem objectively, or trying to ameliorate injustice to loyal Americans and to relieve wrongs which can have the most dangerous repercussions in our dealings with the Asiatic peoples as a whole and with the race problem in the United States as a whole.

The Dies committee is tearing at an open wound, trying to make political capital of racial suspicions and to perpetuate jobs for its pseudo-investigators and win new kudos for its committee members from the ignorant, the fearful and the bigoted.

Now there not only exists no further reason for the Dies committee's activities; there is every reason why the committee should be disbanded before it does us irreparable harm, domestically and in our foreign relations. Congress as a whole cannot ignore responsibility for the committee without serious consequences to its own prestige.

FROM THE DISPATCH FILES

July 6, 1942--Population was 9,166. Special diet kitchens open. Dillon S. Myer visits Project.

July 11, 1942--319 "white zoners" from Northern California arrive. Joe Hayes named Assistant Project Director. Colony forum held on the topic of "Nisei Citizenship."

MANZANAR

Two-day Fourth of July carnival was enjoyed by the residents...With cardinal and gold as their colors, the summer graduating class published and distributed their first Manzanar high school annual...Because of insufficient supply of films those with appointments at the photo shop will be limited to only one pose.

GRANADA

With the theme "Better Americans Through Education," a high school dedication pageant will have been observed on July 2 and 3...Granada center played host to a group of representatives of the press, radio, and newsreel. They were allowed to roam freely as was the case in Tule Lake... "Men Against the Sky" and "A Yank in the RAF" were the recent movies shown.

TOPAZ TIMES

Inoculations for Rocky Mountain spotted fever are being given. Residents are advised to take advantage of this opportunity before ticks become too prevalent in the hills...150 from the junior high school and 196 from the senior high school were awarded their diplomas recently.

HEART MOUNTAIN

Free haircut service was donated by the barbers to the men patients of the center hospital. Hereafter regular visits will be made, it was added...Twenty-four high school girls are helping to meet the shortage problems of nurse's aides during the summer months.

DENSON

A delay in the construction of an outdoor stage made it necessary to postpone a week-end program over the Fourth of July.

ROHWER

Between June 30 and July 1, Rohwer Center held open house for a group of newspapermen from Arkansas, Texas, Mississippi, Louisiana.

"CORN BUT SHARP"

"FOLLIES" A HILARIOUS HIT!

Behind the flickering gaslight of Little Theater "Off Round Square," Faculty Follies of 1943 brought down the house in hilarious uproar. It was sharp!

The local high school instructors collectively let their hair down in what was the most wittiest, well-written stage show in captivity. Fireworks popped off early in the program with a satire of typical Tri-State Hi classrooms. Idioms familiar among Tuleans such as; "Eat it," "Waste time," "Sad Case," provided a realistic treatment.

Art Ramey the genial M.C., explained that although canned corns are rationed no effort was spared to withhold them from the crowd which clamored for more. Old and new "corns" were eaten up in quantity.

The choice morsels were the burlesque of Amaryllis dance by Jeannette Smoyer and Edetha Hartwig and the clever impersonation of Orson Welles by Don Johnson. At this point, sides were splitting like pea shells.

Poker-faced Ed Ritter popped out intermittently throughout the production and his solemn dignity amidst a howling gaiety provoked continuous laughter.

Faculty Follies reached the pinnacle of dizzy laughfest and dramatic pathos with the epic drama, "Lighthouse Keeper's Daughter."

Each number was a program in itself. There were Mrs. Maryette Lum who played her treasured Chinese musical instruments, Rubber faced Dr. Breece, Chuck Palmerlee's quiz-proof midgets, Raymond Cheek's dancing fiddle and a surgeon's nightmare.

"We would appreciate your utmost cooperation, for we are endeavoring to complete the process in order that we may compute the patronage dividend record at the earliest possible date," it was said.

OPENING GAMES SET FOR HARDBALL LEAGUE

Hardball will start tomorrow with ten teams entered in the league.

Two games will be played on every Saturday afternoon on Fields #1 and #3, and on Sundays all three fields will be the scene of league race.

Relocation have denied many of the teams with their instrumental players and have somewhat weakened them. New young faces will be fielded and given chances to shine. But still we can hope to see some high class baseball and a close hot race is anticipated.

The games scheduled for this week end are:

SATURDAY

JULY 10 at 2:00 p.m.

Teams	Field
Holland vs Pacers	#1
Isleton vs West Sacto	#3

SUNDAY

JULY 11

Teams	Field
Marysville vs Okole H.	#1
(1:00 p.m.)	
Northwest vs Warehouse	#2
(2:30 p.m.)	
Hillmen vs Riverside	#3
(2:00 p.m.)	

Fields #1 and #2 are located west of Block 9, and Field #3-east of Blk. 37.

GOLF CLUB TO HOLD MEETING

The Tule Lake Golf Club will hold its first membership meeting on Monday, July 11 at 1708 from 8 p.m.

At the time, election of officers for the year will take place and important discussion will be held on the coming tournament this month. The local golf course is expected to be in top shape within next two weeks.

All members and others interested in golf are urged to attend this meeting.

CITY CHAMPS TO MEET BLOCK 54

Block 36, city champs, will meet Block 54, Ward VI titlists, at field 17-26 tomorrow night in a softball game which was brought about by public demand. Starting time is set for 6:45.

IN THE RECENT

...ward softball elimination contest, we witnessed several occasions where players lost their disposition on a close call on a strike or ball and safe or out, resulting in a heated argument with umpires and rival players, and even ganging up and pushing the umpire around.

This pugnacious attitude to the fans is repugnant and unsportsmanlike. The umpires are devoting their valuable time and efforts in the games without compensation. Let us try not to let our inner emotions get the best of us. Have respect for the umpires, then we are sure rewards in ways of timing, control, and judgement will be awarded.

IN THE COMING

...hardball league we noticed a definite drop in the teams signed up. Sixteen teams were in the major league last season while only ten squads have signed up this year, due mostly to relocation.

Key players of last season, namely Sam Takagishi, Frank Kageta, and Beans Yamamoto of the Royal Flushes, which went undefeated throughout the season; Sam Ishida of Riverside; Art Kozono of West Sacramento; and Tom Taketa of Marysville will be some of the high caliber players missing from this year's lineups.

But yet with still more star performers left and new faces to shine, hardball faithfuls will have lots to talk about and plenty to do during the week ends.

From the statistics taken from the pre-season practice games, Hillmen is potentially the strongest and will be the team to beat. Other strong teams are Okole House, Marysville and Warehouse.
