HOSPITALITY COMMITTEE IS ORGANIZED IN NEW ENGLAND

With the increased number of employment opportunities being opened up in New England by Mr. Roger F. Clapp of the War Relocation Office, a group of New England people have established a Hospitality Committee. Drawn from religious, cultural, educational, and philanthropic organizations, this group is anxious to assist those coming into this area. Newcomers will be met, short-time hospitality in friendly homes provided, opportunities to meet other Japanese Americans arranged, and permanent housing located.

Meanwhile the Committee also intends to work at creating a friendly public attitude. In an area where almost no Japanese have lived before,

Manzanar Has Jr. College

Manzanar Junior College in the Manzanar Relocation Center has been officially recognized and accredited by the California State Department of Education, according to the Manzanar Free Press.

It was reported that 70 students received credit from the college for the semester ending May 14.

There are 20 subjects being taught by 20 teachers, 13 of whom are evacuees, the story said.

the prejudices of some other areas are not present and a genuine cordiality may be expected.

Another of its hopes is to assist Mr. Clapp in his work of securing more and more desirable employment offers. In states highly productive both industrially and agriculturally, the opportunities for interesting and worth-while work are almost unlimited.

Meanwhile, the members of the organizing committee will be glad to carry on correspondence with anyone seeking facts about

life in New England. The members, who may be addressed at 1702 Post Office Building, Boston 9, Mass., are: Mrs. Martha Helen Elliott, Miss Patricia Parmelee, Mrs. Edgar Seeler, Mr. C.G. Beasley, Rev. Francis G. Richer.

MYER TALKS TONIGHT

Mr. Dillon S. Myer, national WRA director, is scheduled to speak over the NBC network tonight at 7:45 p.m. project time. He will also be a featured speaker on the "Town Meeting on the Air" program at 5:30 p.m. project time.

MORE CIVIL SERVICE EXAMS TO BE GIVEN IN PROJECT

Frank Fagan, Placement Officer, stated today that following a letter received from the Civil Service Commission in San Francisco, the Civil Service Committee on this Project is being increased to

form members and that examinations will be given in clerk-typist or junior stenographer from time to time as the requests come in.

The letter states, "Please be advised that all evacuees should take examinations in order to establish present eligibility for stenographic and typist positions, even though they may have taken other such examinations previous to internment. This is necessary to avoid any questions as to ability to perform on the job."

The final examinations for those who have registered to date will be given Friday evening, July 16.

ADVISORY COMMITTEE: AVOID STARTING NEW "LITTLE TOKIOS" IN RELOCATING

(The following report on actual conditions in the Midwest, was prepared by Advisory Committee, for Evacuees with the aid of the American Baptist Home Mission Society and the American Friends Service Committee. It is based on personal experience of evacuees relocated in that area.)

There is an unfortunate tendency for evacuees to unconsciously begin segregating themselves. They begin to want to live near other Japanese; they begin to want to organize Japanese clubs and Japanese associations; there is a tendency to start new "Little Tokios."

Almost every evacuee will agree that this is not good. Most recognize that such segregation begins to set them off-apart. Most agree that getting together on a racial basis is the first step toward creating another west coast problem. But it's the path of least resistance—it's the easier way out.

"But we can't get decent rooms or apartments; they won't rent to Japanese" (which is not true but frequently heard) some complainants have said.

So they proceed to congregate in one building, one street, one area, thus contributing toward their own racial segregation. Advise evacuees, in finding housing, to avoid transient rooming areas where other evacuees have already congregated in any number. A recent Chicago incident involved a group of drunken seamen who molested several nisei in just such an area.

Encourage evacuees to consciously try to integrate themselves in new communities without reverting to pre-war "Little Tokio" patterns of living. If evacuees want to be regarded as a racial group, if they want to have Chicagoans or Midwesterners to segregate them as Californians have done, the first step will be taken by the evacuees themselves in segregating themselves in the first instance.

Counsellors can render a valuable service if they will discourage evacuees from forming any club, association, or group activity on the basis of race, or to participate in any activity sponsored by an established group on such a basis.

Speeches Made In Japanese As Navy's Sailors Graduate

Armed with the strangest of war weapons, the Japanese language, a class of studious sailors graduated today (July 11) from the Navy's oriental language school at Colorado University, it was reported in an AP press release.

Parts of the speeches were made in Japanese. The school song, words by an instructor and music by a student, was sung in Japanese. And the valedictorian delivered his oration in the enemy tongue.

When this class gets into action shortly, its members will be translating Japanese shortwave broadcasts, decoding messages, interviewing Japanese prisoners, or carrying on Navy affairs in occupied territory.

Lieutenant Commander A.E. Hindmarch and Captain Ellis M. Zacharias, of the Navy Department in Washington and the Office of Chief of Naval Operations, respectively, ad-

dressed the graduates in Japanese.

In campus baseball and soccer games, the language school squads confounded opponents by discussing game strategy in Japanese. At the dinner table they asked for the salt in Japanese, and when the moon was full they sat on the campus lawn and sang in Japanese.

A group of WAVES will begin the course soon.

SPANISH CONSUL VISITS DENSON

Jose M. Garay, Spanish consul at New Orleans, met with residents of Denison for the second time at a public gathering, answering numerous questions. Participating in the meeting were J.R. Blake of the State Department in Washington, Project Director Paul A. Taylor and Project Attorney Ulys A. Lovell.

Food problem, segregation, medical care, employment, resettlement, school, social welfare and other miscellaneous matters were discussed.

According to the consul, citizens who have applied for expatriation will be investigated individually before being considered for travel to Japan. First preference for such return will be given those formerly employed by the Japanese government, it was said. Approval of both the U.S. State Department and Japan will be needed.

FRIENDS MEET IN U.S. ARMY

CAMP CHAFFEE, Arkansas--Two Japanese-American soldiers, Pfc. Kazuo D. Numamoto of the 84th Armored Medical battalion and Pvt. Shozo Saito of the 94th Armored Reconnaissance Battalion, friends in Los Angeles, joined the Army in the fall of 1941, lost sight of each other, and were reunited at Camp Chaffee by coincidence recently at the transportation section.

Kazuo, or as he prefers to be called, Dick, and Shozo, who prefers the name George, are both 22, both sons of Los Angeles fruit and vegetable gardeners, both nisei, or second generation Japanese-Americans.

Pearl Harbor found both Kazuo and Shozo in basic training, the former at Camp Grant, Illinois, the latter at Fort Warren, Wyoming. The news of the treachery shocked them far worse than any other soldier in their barracks.

Pvt. Saito's loyalty is perhaps best illustrated by the fact that his best buddy is a Chinese private now stationed with MacArthur's forces in Australia.

SPEAKING OF

...the coming hardball game between the caucasian all-stars from Northern California and Southern Oregon against the pick of the local players, we look forward to a closer contest and not a lopsided one which we witnessed the time before.

GOLF CLUB TO HOLD FIRST TOURNAMENT ON JULY 25

TENNIS TOURNEY

BEING PLANNED

For the purpose of forming a tennis club so that tennis courts can be built if necessary, a city-wide open tennis tournament is planned for July 31, and August 1.

Tennis is now being played at the uncompleted factory building but since it appears that the structure will be finished, this project faces the possibility of being courtless. To offset this, the tennis club, when it is formed, will attempt to remedy the situation.

According to Mr. T. Matsumoto of Block 56, he thinks that it is possible to build six courts in the center of the Project if all racket fans cooperate.

More details on the tourney will be announced soon.

There will be no league games in hardball this week-end.

Tule Lake Golf Club will hold their first monthly tournament at the Alaska course on July 25, starting from 9 a.m.

All golfers who wish to participate must register with the following persons before Friday, July 23, stating their former handicap, if any:

Ward 1--Fred Ogura, 1505-D; Ward 2--Y. Matsuda, 3904-A; Ward 3, Y. Hitomi, 3514-A; Ward 4--T. Obama, 807-B; Ward 5--F. Yamasaki, 4504-B; Ward 6--Kaz Yamane, 5807-D; Ward 7--Z. Shimoishimaru, 6904-B.

Entry fee will be 25¢ and prizes will be given to first, second, and third place winners.

The golfer who marks up the best record in the monthly tourneys up until December, 1943 will receive a grand prize on Christmas.

It is expected that a city open championship tournament will be held sometime in September. A huge trophy will be awarded the winner.

Grass at the course will be cut about the 20th of this month.
