EXCELLENT OPPORTUNITY INFORMATION CENTERS OFFERED TO FIVE GIRLS AT 608, 1308, 1804, 2508

An excellent opportunity for five girls to work in a clerical capacity at the Immaculate Conception Mission School in Stephan, South Dakota, a Catholic Missionary School teaching Indian children, boys and girls in all grades through high school, is available.

This is an accredited institution and the employees will be housed and treated as members of the administrative staff.

There are five jobs; one stenographer, one bookkeeper and three typists. The bookkeeper and the stenographer will be paid \$60 a month and the typists, \$40 a month. This

is in addition to board, room, laundry and complete maintenance.

Job is open for immediate acceptance. Complete details are on file in the Placement office.

Interviews Students

For the benefit of all persons interested in student relocation, Thomas R. Bodine, field director for the National Japanese-American Student Relocation Council, will be available for interview every day until Tuesday afternoon, August 10, at the high school administration building.

"Information centers concerning segregation or other family matters will be open from 8 a.m. to 5 p.m. at 608, 1308, 1804, and 2508 beginning today, August 9," states Miss Dorothy Montgomery, who heads the Social Welfare Department.

There will be a competent Caucasian

New Notary Public Sked.

Mrs. Helen Thomas, notary public, will be at the Legal Aid Department in the Administration building Tuesday, August 10, from 10 to 12 in the morning and Thursday, August 12, from 1:30 p.m.

who thoroughly understands the segregation program at each of these centers. Two Caucasians are expected from Granada and one from Washington. Since the evacuee personnel is versed in Japanese as well as in English, colonists may have their queries answered readily in either language, it was stated.

TWO ADDED TO HOSPITAL

There have been two additions to the Base Hospital Caucasian personnel since August 1.

Miss Elizabeth Curren, who is now in charge of the operating room here, comes from the Wheeling Hospital, Wheeling, West Virginia. Also hailing from Wheeling is Miss Mildred Mae Kiger, now in charge of Ward F, who formerly worked with the Reynolds Memorial Hospital of Glendale, West Virginia.

ABOUT HAROLD JAMES

Harold James, who has come to Tule Lake to direct relocation activities here during the next few weeks, is a member of the Employment staff of the Washington WRA offices. Before joining the WRA organization, he was connected with the Farm Security Administration. He has had eight years of experience in government service, in the field of labor relations. He is married and has two children.

NOW IS THE TIME TO RELOCATE

BY HAROLD JAMES

WRA EMPLOYMENT DIVISION

Should we go to another relocation center, or should we seek a normal life again in some community where opportunities for resettlement are offered? This is the question now confronting many hundreds of people in the Tule Lake Relocation Center. It is a tremendously important question. The decision you make may mean the difference between happiness and woe for many years to come—possibly for a whole lifetime.

My purpose in coming to Tule Lake is to try to convince as many people as possible, among those who must soon go elsewhere to live, that now is the time for them to break away from the dispiriting and soul-destroying influence of the relocation centers and to return to

normal lives again. I believe, from the bottom of my heart, that resettlement is the open door to better days to come, the best possible solution for the many perplexities and heartaches that war brought into the lives of thousands of people evacuated from their homes in the West Coast military zones. This is the firm conviction, not only of every other agency and organization in America working for the future welfare of our people of Japanese ancestry.

Every possible provision has been made to assist people in the Tule Lake Center to resettle in normal communities in the Middle-West and East, instead of going to other centers during the segregation movements which will begin next month. Employment is assured for every employa-

CHICAGO AREA RELOCATION

MANY OPPORTUNITIES OPEN

Elmer L. Shirrell

Relocation Supervisor, Chicago

There are still plenty of opportunities for evacuees to relocate in the Chicago area and I hope more people from the centers will come here to live and work with those who have already successfully relocated. There are many good jobs to be had, not only in city of Chicago, but in the nearby smaller towns and rural areas of Illinois, Wisconsin, and Indiana.

The people here are very friendly. That friendliness will increase now that they have had a chance to become acquainted with the evacuees who are already here and who have made a definitely good impression. In helping these evacuees get established, our WRA office has had the finest kind of cooperation from the leading church, social and civic groups, and unpleasant incidents resulting from discrimination have been few and far between.

HOUSING DIFFICULT PROBLEM

Our most difficult problem right now, especially in Chicago, is in finding housing. That problem, however, is not limited to evacuees. Even Army and Navy officers are having a hard time finding places to live. It is particularly difficult for families with children to find suitable accommodations and my advice is for the heads of such families to come out first, take a job and locate a house or apartment before bringing their families out.

It is much easier for couples without children to find places to live and single persons have little or no difficulty in finding rooms. All evacuees coming into Chicago can be provided with temporary housing at one of the three hostels in the city, or at private hotels and rooming houses.

In view of the difficulty in finding housing in Chicago for families with children, my suggestion is that evacuees give greater consideration to the possibility of relocating in smaller cities nearby and in rural areas. The wages may be a little lower in such areas, but the cost of living is also less (from 10% to 15%). It is easier to find living quarters and the housing will generally be better and cost less than in Chicago.

MANY JOBS STILL AVAILABLE

There are still plenty of jobs to be had--all kinds of jobs--and of course, the more experience you have had, the better the wages. Those who have not had experience should not expect to receive top wages to start, but pay raises will come as experience is gained. Even unskilled workers get from 50¢ to 62¢ an hour in Chicago, plus time and a half for overtime in excess of 40 hours per week. Fields in which job opportunities are greatest at present include office work of all kinds, farm work, jobs in hospitals, hotels and restaurants, work in factories, work as machinists, domestics, and mechanics.

JOB JOBS...

CHICAGO OFFERS

...67 job offers in Chicago, Ill., including domestic workers, general laborers, office workers, spray painters, seamstress, mimeograph operator, laboratory technician, mechanics, cooks, waiters, welders, carpenters, net manufacturers, gardeners, farm workers, kitchen workers, printers, cabinet makers, watch repairman, greenhouse workers and painters. Salaries range from \$12-\$65 per wk. and \$50-\$175 per mo. \$100-\$125 per mo. for couples.

CLEVELAND OFFERS

...Job offers in Cleveland, Ohio as domestic workers and warehouse clerks. Salaries range from \$12-\$32.50 per wk. and \$65 per mo. \$140 per mo. for couples.

AT HOSPITAL

Family of six wanted at St. Mary's Hospital in Wausau, Wisconsin. They have a position for one laundry man; one gardener and yard man; 2 girls for kitchen help, mainly serving of trays; and 2 girls for general cleaning. For complete information see Miss Mercer at the Placement Office.

PAINTERS WANTED

Have opening for painters for shop and inside work in Cleveland, Ohio. Wages, \$1.00 and \$1.50 per hour.

PERMANENT JOBS

Here is an opportunity for permanent relocation in South Dakota. The Ball Brothers glass jar company have a straw baling operation in this district. Grain straw is baled the year around. The wages are guaranteed at 50¢ an hour and the crews work on a piece-work basis. Workers can make \$8 to \$10 a day on piece work. The location of the job is in Mitchell, South Dakota, community sentiment is excellent and there are fine opportunities for permanent relo-

BY RELOCATING NOW

TRANSPORTATION, HOUSING AND JOB ARE GUARANTEED

(continued from page 1)

ble person who wishes to resettle. This employment may not always be just what you want, but it will provide a means of livelihood while you are waiting for a better opportunity to open. It will enable you to get acquainted in the community, to make friends, and to get adjusted to wartime living outside the center.

The WRA also assures every evacuee who leaves the center that he will have a place to live. This housing will possibly be temporary, but it will be the best housing the WRA Relocation Offices and their supporting religious and social agency committees can secure for you. The best housing, as well as the best jobs in any community, usually go to people who are already living there. Once you become a resident of a community, your opportunities for finding what you want will be greatly improved.

Every person--every member of every family leaving the Tule Lake Center to relocate in an outside community--will have his fare paid to his destination. The cost of moving all household goods and personal belongings will be also paid by the government, and in addition every individual who leaves to seek or accept outside employment is eligible to receive a cash grant of \$50. The head of a family with one dependent--a wife or a child--is eligible to receive \$75; if he has two or more dependents, the maximum sum is \$100.

Heads of families may leave their families in Tule Lake, if they desire, while they are getting settled in their jobs outside and finding homes. These families will not be disturbed or asked to move before the first of November.

During the next few weeks, every job offer placed with the relocation officers in all the relocation regions will be sent first to Tule Lake. You will have an opportunity to choose your employment from all the employment openings that have been developed in every section of the country.

I urge every person here, who is eligible for relocation, to get the facts about the opportunities offered as soon as possible. Don't depend on rumor and second-hand information. Come to the Placement Office and ask for an interview. Every regional Relocation Office has a representative here to give you first-hand, authentic information about conditions and job opportunities in the region that he represents. He has come to Tule Lake stocked with information for you. It's yours for the asking. Don't delay in getting it.

ches in the neighborhood as well as opportunities in the town of Mitchell.

Mitchell has a population of 12,834 and the leaders of the community are familiar with the War Relocation Authority's program and are extremely friendly to evacuees.

Details of this job with photographs of straw baling are on file in the Placement Office. We can use at least 50 able-bodied males between the ages of 18 to 55 immedi-

ZEROS COP CITY JUNIOR BOYS SOFTBALL CHAMPIONSHIP

RATTLERS BEATEN 3-1 IN FINALS

The Zero's claimed the City Junior Boys Softball Championship by downing the Rattlers 3-1 last week.

Behind the brilliant four hit twirling of I. Fujioka plus a no error support given to him by his teammates, the Champs held the Rattlers scoreless till the last inning. The losers in the desperate hope of rallying, had to be satisfied with a lone tally when Toyota scored on a sacrifice by Murakami and a hit by Hyosaka.

Zero's scored two unearned runs in the first canto when Kishiba and Yasui came home on errors. One run in the fourth canto came in when Uyeda hit to center and advanced to second when Hamatani walked, and Kato's hit to center scored Uyeda.

Top hitters were O. Hamatani and J. Kato both of Zero's with two for three.

Batteries: Zero's--Fujioka and Yasui; Rattlers--Ishimoto and Kikuchi.

NW RALLY TO WIN FROM R'VSDE.

An improving Northwest aggregation came through with a sensational eight run rally in the sixth inning to down Riverside 10-6 in a Major League hardball tilt played Saturday afternoon.

Riverside started off by picking up two runs in the very first inning when Tanaka and Kawamura was knocked in by Kurahara. Northwest countered once in the second, but Riverside worked the lead up to 4-1 before the big sixth inning uprising.

Honda had pitched a no-hit game up until that point but he suddenly lost his "stuff" and control and before he was relieved, 5 runners had crossed the plate. Kashiwada replaced him but he was immediately shelled out because of two walks and three hits which accounted for three tallies.

THIRD STRAIGHT OKOLE HOUSE BEATS HOLLAND

The strong Okole House nine went on to their third straight league victory by overcoming an early Holland lead last Saturday afternoon to win by the score of 8 to 4.

George Mayeda was the winning pitcher and he gave up six hits, five of which came in a wild third inning when the losers tallied four times to gain a 4-0 lead.

Winners got two runs back in the third, added 2 more in the next inning to tie it up, and then went ahead 7-4 in the sixth frame. Final tally came in the seventh.

The Okole team collected a total of ten hits off Kay Ishimoto, who the week before had hurled the first league win for Holland.

Second-baseman Kay Hada of the Okoles had two singles in three trips to take batting honors.

Kurahara then came in from third base to do the mound chores and he retired the side without any more damage being done.

Riverside made it 9-6 in the top of the seventh but the winners added one run for the final 10-6.

Kay Watanabe hit two for three to lead the stickers for Northwest and Hamaji collected one for two for the losers.

It was the Northwests second straight win after being defeated in the opener. Riverside has now been beaten three times in a row.

AT PLACEMENT

...3 stenos, 1 librarian wanted immediately.

The Community Activities Section wishes to acknowledge the High School Thespian Club, Girls' Athletic League, Block 19 Youth Club and the Block 25 Girls' Club for their generous donations which total \$20.50
