Newell, California

Tuesday, Aug. 24, 1943

CONGRATULATIONS:

Miss Akiko Mikami Hopes For Good Showing In WACS

"It's wonderful," stated Miss Akiko Mikami when interviewed shortly after enlisting in the WACS. "I am anxious to be called into service soon." Miss Mikami is the only WAC enlistee from this Project.

"I hope I can make a good showing in the WACS not only for myself but for the other nisei women," she continued. "I feel that the best place to be now is in the WACS to insure your future as well as your country's."

Although she would like to be stationed at Daytona Beach, Florida to be near her brother who is at Camp Shelby, Mississippi, Miss Mikami expressed that she would readily go wherever she is sent.

RULES GIVEN FOR USE OF COMPENSATORY TIME

Evacuees will not be paid wages during the preparation for travel and while enroute unless they have compensatory time.

Payment may be made by a dispatching center for compensatory time earned by an evacuee at that center, for a period

SHORTAGE OF CONTAINERS

All growers and packers of vegetables in California are experiencing difficulties in purchasing containers to ship produce to markets. This project is experiencing the same trouble, according to C.R. Kallam, chief of Agriculture. A reasonable amount of containers have been purchased but great care must be taken to conserve these containers if the crop is to be moved. The farm has been most liberal with the farm workers in permitting them to bring vegetables to the center, he said.

"During our farming operation thousands of sacks and containers have been used to bring vegetables from the farm to the center

up to what would be the close of business the day before arrival at the receiving center.

Records of unused compensatory time at one center will be transferred by the Finance Section to the center receiving the transferred person. The amounts of such compensatory time will be taken into the records at the receiving center. Please take notice that no compensatory time will be lost if the evacuee works up to the

and only a few have been returned; therefore it has become necessary to stop this practice," Kallam reported. "Hereafter," he continued, "the hauling of all vegetables from the farm to the center will be done only on or by authorized vehicles."

THOSE LEAVING ASKED TO STAY ON JOBS TILL END

The extra amount of work that has to be done to comfortably evacuate those who are leaving for other projects is so great that all workers are asked to stay on his job as long as possible.

"We appreciate that you are needed at home to do a certain amount of packing; however most of the packing is done for you, which means that it is not necessary for you to leave your job a week or two in advance of your departure," stated Frank D. Fagan, Placement officer.

If it is necessary to terminate, it is requested that the supervisor be notified seven days in advance.

"If you will confer with the Evacuee Property Office, you will be in a position to know just how much time will be required for your services at home," Fagan said. "The longer that you stay on your job," he added, "the more you are helping your friends to be evacuated without inconveniences."

DEADLINE TO REDEEM SCRIP

Residents are reminded that Wednesday, August 25, will be the last day for redeeming unused scrips at the Tule Lake Co-op business office, Warehouse #351.

After such date, any funds remaining in the scrip liability account will be transferred to the reserve fund.

close of business 24 hours prior to departure for another center.

MEETING OF CO-OP CALLED

The second 1943 membership meeting of the Tule Lake Co-op will be held in the seven wards on Saturday, August 28, 1943, from 7:30 p.m.

The meetings, which will be presided over by the ward chairmen and secretaries, will be held in each ward as follows:

Ward 1--1520, Ward 2--3020, Ward 3--3220, Ward 4--1120, Ward 5--4120, Ward 6--4918, Ward 7--7018.

1,136 Leave On Indefinite Between July '42 - Aug. '43

One-thousand one-hundred and thirty-six persons will have left this Project since July, 1942 through August, 1943 on indefinite leaves.

In July, 1942, exactly two persons left the Project, the first departee having left on 4th of July.

Two-hundred and eighty-five persons will be leaving the Project this month, an increase of 125 from last month.

Seasonal and short-term leaves are becoming fewer, with only 13 leaving for seasonal, and three leaving for short-term leave this month.

MUCH DEPENDS ON INDIVIDUAL

In urging nisei and loyal issei to relocate, the Dispatch wishes to make it clear that a great deal of the success in relocating depends entirely on the evacuee himself.

The public is sympathetic to Japanese-Americans at large. It will go half way in meeting you and in offering you job opportunities. The other half of the way is up to you.

It is important to remember that you will not be treated in any other way than as an American; and, as an American, you should not expect work conditions to be made more easy for you than for any other American. Unfortunately, many young nisei have expected that conditions would be made more easy for them.

Your country is at war. Every effort of every man and woman in the country is directed towards winning the war. This has worked untold hardships on many people of this country, but they have accepted these hardships and are working as they have never worked before. You, too, will be expected to put in a full day's work for the money you receive. There are few easy billets these days.

There is no reason why you should be disappointed in accepting a job on the outside if you understand what the conditions are like. All too frequently, colonists want better jobs than they are qualified to fill. They want higher wages than their service are worth. As with others, you may have to prove your worth in a small, unimportant position first--a position with which you may not be wholly satisfied but, after you have proved your worth, you will be in a position to ask for and receive a better position and a better salary.

One of the most important requisites in relocating is common sense. You will be facing a world more serious and determined than the one you left before relocation. People are facing graver realities today than ever before. When you relocate, understand that you are facing facts, none of which are insurmountable if you are willing to work. Face the situation honestly and work seriously.

Don't expect favors or an easy time of it. These will probably come if you forget about them and concentrate on making a success of whatever kind of work you undertake. Think more of your work than of the wages you receive. Your employer's welfare should be uppermost in your mind. He is giving you the opportunity you have been looking for. By putting him first, you may unconsciously put yourself first in his estimation.

CALENDAR OF EVENTS

August 24-25-26--Flower arrangement exhibit at 5808, all day.

August 26--T.S.O. social at 2008 from 7 p.m.

August 26-27-28--Craftwork exhibit at 4608, all day.

August 26--Skating party at tent factory from 7 p.m.

August 29--Dog show at outdoor stage from 1:30 p.m.

August 30-31--Little Theater plays at high school auditorium from 8 p.m.

Sept. 4-5--Labor Day Program at high school auditorium, all day.

BIRTHS: To Isamu & Kikuye Kadokari, 2719-B, a boy on Aug. 17, at 8:11 a.m.

To Yoshiji and Chisato Onga, 1002-B, a girl on Aug. 17, at 8:54 a.m.

SUCCESSFUL RELOCATION:

TULEAN SAYS EVERYTHING
"HUNKY DORY" ON OUTSIDE

A Tule Lake young man makes good. Frank Tsukamoto left the project June 30 to work for the Edgewater Beach Hotel in Chicago. After one week as mechanic, working from three in the afternoon until five in the morning, with over-time pay, Frank was called into the office and was told that a better job awaited him. Frank is now making the rounds of the projects recruiting personnel for the Edgewater Beach Hotel from all projects except Tule Lake.

Frank is enthusiastic about the outside.

"What I like best is the freedom we have. I have had no unpleasant experiences; on the contrary, everything has been 'hunky dory'. I got a substantial raise after only one week. Opportunities are not lacking for anyone who is willing to go out and offer himself in a small job. As soon as your boss sees that you are serious and willing to work he will not keep you in a subordinate position," Frank Tsukamoto said.

When asked if he advise others to relocate, Frank said, "The sooner the better! Everybody has his future to look after. The sooner he begins building for that future the better off he will be."

"What advice can you give the colonists about relocating?" Frank was asked.

"Don't expect to start from the top and work up," Frank said. "Be willing to start at the bottom like everybody else and work up. There was never a time when opportunities were greater. Start at \$18.00 a week, if necessary. Be serious, work hard, and your pro-

TUESDAY, AUGUST 24

Edward, Harriet, Naomi, Joyce and Stanley Hayashi, Caldwell, Idaho; Masao, Masumi, Robert and Donald Takeuchi, Weiser, Idaho.

Frank Tsukamoto left for Minidoka and Topaz centers to recruit workers for the Edgewater Beach Hotel, Chicago, Illinois.

Flower Arranging
Exhibit Planned

A three-day exhibit of flower arrangement will be held on Tuesday, Wednesday and Thursday, August 24, 25 & 26 at #5808 by the Recreation Floral Arts Department.

The show will be open all day and the public is invited.

FARM ROAD REPAIRED

The farm road is now undergoing grading and surfacing for an all-weather road.

Since the winter rain and snow will be affecting the transportation facilities to the farm, this renovation was necessitated, stated F.W. Slattery, Chief Construction Engineer.

VITAL STATISTICS

BIRTH:

To Tetsuo & Shizuyo Ishihara, #5814-A, a boy on Aug. 22, 6:40 p.m.

motion will come."

Frank recruited 35 workers from the Arkansas projects--Rohwer and Jerome. He spent the week-end at Tule Lake to see his parents and plans to take them back to Chicago later. He left today for Minidoka and will be on the road seven weeks. Frank said that more than half of those recruited from Arkansas were issei. He said he was traveling with all expenses paid and at a good salary.

"This is the life," he said. "Project is no place for loyal issei and citizens," he said. "There is no time like the present to re-establish yourself on the outside."

JOBS JOBS

CHICAGO AREA

...5 offers for shoe repairman, domestic workers and office workers. Salaries range from \$8-\$35 per wk. and \$75-\$85 per mo.

ISLETON PULLS 9-8 UPSET OVER LEAGUE LEADING WAREHOUSE

G. IKE CLOUTS HOMER ON FULL BASES

After going through four consecutive wins, the league leading Warehouse, was upset 9-8 by the Isleton nine in the Major Hardball league tussle last Sunday.

The pitching streak of Warehouse's Spike Muraoka was somewhat rattled as the stubborn Isleton team connected with his deliveries to twelve advantageous hits, but it took the winner till the last half of the ninth in a prayer's end to emerge victorious. The score at the end of the first half of the ninth was 9-7 in favor of Isleton. With a never-say-die spirit, the Warehouse came to bat in a desperate hope of rallying but had to be satisfied with Tak Ikeda's lone run when the singled to right field and came home on an error.

The first inning seem to tell the story for the day when Isleton pushed across five runs and somewhat took the life out of the Warehouse nine. Sawamura walked and tallied on consecutive singles by Hoshiko and Ogawa. Matsumoto followed again with a bingle making the bases full and at which time George Ike, with his energetic circuit clout to the center-field cleaned the bases.

The Warehouse came back with three runs in the first and it took pitchers George Ike and H. Ogawa to stem the hardhitting loser in the nine inning fray.

M. Tanaka and T. Ikeda led the hitting parade with two for three and four for five respectively for the Warehouse, while G. Ike of Isleton batted two for three which included a home run.

Isleton: Ike, Ogawa and Motoyama, Tomita; Warehouse: Muraoka and Sorakubo.

WEST SAC'TO DRUBS NORTHWEST 13-6

Pitcher Hank Nakatomi hurled West Sacramento to a 13-6 victory over the Northwest last Saturday afternoon to stay in second place in the Major League standings with 4 wins against one defeat.

Two big innings, the second and fourth, sewed up the contest for the Sacramentans as they scored five runs in each.

Hitomi and Nakatomi led the winner's batting assault with 2 hits in three trips to the plate while Kay Watanabe of the losers did likewise.

Hiroshi Morimoto, lead-off hitter for Northwest, connected for a four-bagger in the first frame with none aboard, his second for the season.

MARYSVILLE MOPS COURTLAND 23-4

Pouncing on two Courtland hurlers for a total of 29 bingles, Marysville slaughtered Courtland 23-4 Sunday for their third Major League victory.

In the opening inning, Marysville took a 5-1 lead and it was their game from then on. The seventh saw the winners pound out five hits for nine tallies and in the ninth, four hits for eight scores.

George Nakao and George Shintaku each had a field day at the plate, getting four hits out of

HILLMEN SHUTS OUT PACERS 7-0

Playing errorless ball, Hillmen stayed in the running in the Major League race by handing the Pacers a 7-0 white-washing Sunday behind the 4-hit hurling performance by John Horio.

After being held down for the first two cantos, the winners had their big inning in the third as two hits, walks, stolen bases, and errors contributed to four runs. They added a score in the fourth and two in the fifth for their 7 run total.

H. Gekko of the losers took batting honors by getting three of the four hits made by the Pacers. Winners attack was led by Yoshioka and Takayama, each with two singles in three tries.

BATTERIES: Uyoda and Kawada and Mitsui; Horio and Yoshimoto.

2ND LEAGUE WIN FOR HOLLAND SQUAD

Kay Ishimoto toed the mound for Holland and pitched a twelve strike out game to win a second league encounter over Riverside 7-5.

Both teams made ten errors to make it an anything-can-happen game. But Holland's seven runs accounted for in the second, fifth, and the seventh innings were too much for the losers to cope with.

The top batters of the day were Kay Ishimoto with two for two and Uyeoka with three bingles in four trips to bat both of Holland.
