

## HARVEST SEASON CALLS FOR LABORERS

The harvest season is at hand for agricultural crops which are vital to the success of our country in the war.

This year, because of the war, there is a serious shortage of people to help with the harvest. Throughout the nation vigorous efforts are being made to recruit people for this work. Those who volunteer to work on the farms will be performing a patriotic service.

The people of Japanese ancestry who have been evacuated from the West Coast can take part in this national effort to harvest the crops. Already this year the evacuees have made an important contribution to the war effort by going out of assembly and relocation centers to work on farms in Idaho, Utah, Montana and Oregon. During the Spring and Summer approximately 1,700 evacuees volunteered to do farm work. This has generally worked out successfully for both the workers and the farmers. The evacuees have been highly commended for their work by both public officials and private citizens.

The need for help on the farms is urgent again. The harvest season calls for the services of all who are available to do this work. The War Relocation Authority urges evacuees to volunteer for farm work at this time. An opportunity to do so will be afforded in assembly and relocation centers. The War Relocation Authority will be in charge of recruitment in all centers. Recruiting will be carried on in accordance with the following provisions:

### RECRUITING PROCEDURES

1. Recruiting will be on a voluntary basis. Both families and single persons may go.

2. Roundtrip transportation and meals en route will be furnished at no cost to the workers.

3. Adequate living quarters will be furnished at no cost to the workers.

4. Prevailing wages will be paid.

5. Assurances will be given by the Governor and local law enforcement officials of the State into which the workers go that law and order will be maintained.

6. Workers and their families will be authorized to leave the Centers to go to designated Counties.

7. If the assembly center in which the worker resided, should be evacuated during his absence, the worker will have the choice of returning to the relocation center to which his as-

## THE JAPANESE PEOPLE

Whether we like it or not, we are the Japanese people: the issei, the nisei, the kibei alike by race.

No one will doubt that, and no one will deny that. The fact we are in a WRA center such as this is proof enough.

Whether we like it or not, students of sociology will attest to the fact that our race consciousness has been made more intense by the act of evacuation. Candidly speaking, this consciousness has been forced upon us.

On the basis of this assertion, let us approach the problems of camp life in a realistic manner, so as to clarify our mental confusion and to simplify the problems of colonization for those in the position of leadership.

The Japanese are a proud people. We have reasons to be proud of our race in America where we have done so much to contribute to the improvement of the soil along the western coast during the past half a century. We are proud of our highly cultivated sense of responsibility toward assigned duties, of our industry and thrift. We are proud of our cultural refinement and educational background attained in the difficult social environments we had to live. We are proud of our issei parents who have done so much to earn daily bread against terrible odds, and to instill in us the sense of loyalty to one master (the Stars and Stripes), and to plant in us the strong love for kindness, politeness, and discipline.

Because we are a proud people, the Japanese people honor those who treat them as such. Officials, high or low, who have anything to do with the Japanese are well to remember that.

But to ourselves in the camp we must warn against doing anything contrary to hurt our own pride which makes us what we are.

It is true, we live in a difficult condition. Times are trying to say the least. Sometimes it is nerve-wrecking to brush elbows with people of diverse temperaments and personalities, of various group interests and individual leanings. Often times it nauseates us to see colonists fight among themselves for trivial things, for things they can settle with a little common sense or with the good Japanese sense of perseverance and respect for other fellow's feeling.

The Japanese people in America and everything that goes to sustain their feeling of pride in their own race are on trial in these relocation centers.

The issei, the nisei and the kibei are well to remember this constantly so that they will never have the occasion to spit in their own racial face.

# 140 ENROLLED IN WEIGHT LIFTING CLASS

Enrollment figures in the weightlifting class now total 140 boys and three girls under the instruction of Emerick Ishikawa and Edwin Kuniyoshi in #1108. Morning, afternoon and evening classes are held daily, while students are required to attend three sessions weekly.

Along with the two instructors, Henry Koizumi, John Doi, Shimao Miyamoto, Kaz Izumi, and Harry Iida have lifted 200 pounds of barbell weights. Dan Area is the midget in the class sealing only 105 pounds, while Henry Koizumi, the heaviest, hits the 170 mark.

Proverbial "early birds" work with the weights before breakfast. Physical development has also been rapid among the beginners, the tutors indicate. Four courses, starting with dumbbells and advancing to weightlifting, are being offered to students. A set of 80 pound dumbbells and two sets of York Barbells are used.

## MORE WORKERS WANTED

A call for 12 harvesting and baling machine workers was announced by the Placement Bureau Saturday. More tractor operators are also needed, the Bureau added.

Placement officer Frank Fagan stated that over 7,000 residents are currently employed on different WRA projects. As there is still work for more people, Placement officer Fagan urged all persons desiring employment to register immediately.

## NEW ARRIVALS

With the arrival of 6 more residents, the population of Tule Lake has now reached 15,098.

The new arrivals coming in Saturday were: Tsunejiro Tohara from Salt Lake City; Yoshiji Onga, Tun Canyon, Calif. detention camp; Sam Motoyama, Sacramento; Hidoko Nakajima, Masako Fujimoto, and Kenji Fujimoto from Tanforan and Hisakichio Nakanishi from Bismark, N. D.

# STUDENTS ASKED TO REGISTER

All students between the grades of 7th to 12 inclusive are asked to register for classes on the days which have been assigned to them. They may not be able to take the courses they had planned, Wilder, high school principal, advised unless this is done.

Schools are opening under abnormal conditions and it may be necessary for students who are working to take the time out for registration.

Registration day and hours will be announced by the block managers.

Wilder stated that a student will not be able to transfer into a class filled to capacity after his room assignment has been made.

## \$700 WORTH OF MONEY ORDERS DAILY

City colonists flood the local post office daily to send an average of \$700 worth of money orders and to purchase 25 dollars worth of war bonds and stamps.

Highest bond sale rang at \$750. Money orders ranging from 15 cents to \$495 have been filled.

To facilitate an increasing flow of C.O.D. parcels, insured parcels, and registered mail; the post office staff has been enlarged to four.

Ralph A. Ganger, chief clerk in charge, stated that the greatest trouble is encountered when colonists come to claim registered mail, packages, and checks without proper identifications.

YOGORES DRUB HOSPITAL TO TAKE NAT. CROWN

Yogores hurdled their final obstacle last week to claim undisputed first place in the National softball league when they trounced the Hospital ten 14-3.

Champions took an early lead as they scored 7 runs in the first two innings while holding losers scoreless. Hospital's only inning was the last when they bunched 3 hits and converted them to as many runs.

G. Gekko was the big sticker for the Yogores with three hits in four tries while pitcher Mayeda held the Hospitalites to five hits.

FLUSHES BEAT OAK PARK, RETAIN LEAD BUTTE DEFEATS TRUCKERS 5-3

With S. Kawano supplying the batting punch, the undefeated Royal Flushes continued on their way to the National hardball loop championship by taking down the fighting Oak Park nine, 3-1.

Veteran hurler Beans Yamamoto struck eight Oak Park batters and limited them to two hits.

In the fast game that went eight innings, the winning Flushes collected 6 hits in chalking up their 3 runs.

Batteries:

Yamamoto and Hayashida Uyeda, Matsuoka and Taira.

Heretofore undefeated Tacoma Truckers bit the dust for the first time at the hands of the Buttes, 5-3.

Truckers' 3 runs came in the second stanza on 2 walks and 2 hits. Butte scored 2 in the second, 1 in the fourth and 2 in the fifth.

WHITE RIVER, MARYSVILLE JRS. WIN

In last week's Junior league contests, the White Rivers trounced the 8 Balls 14-0 and Marysville took down Kent, 16-6.

In another game the Marysville Jrs. outclassed the Grizzlies, 11-3.

HOMERS FEATURE HOLLAND VICTORY

Imais went down again at the hands of Holland, 15-2. Scoring in every round but the first, the Clarksburgers slapped out 12 hits and worked on numerous Imai errors to total up their 15 markers.

Holland lads hit two homers while Imais managed to include one four bagger among the four scattered bingles.

SHUFFLERS FINISH SEASON THIRD

Double Shufflers finished their season with a 5-3 victory against the Oregonians to clinch the number 3 spot in the National loop standings.

Although the losers outhit the Shufflers, too many bases on balls in the third inning spelled defeat for them.

PING PONG NOTE

Ping Pong aspirants who have already signed up with the tournament committee are asked to submit their ages, which are necessary for classes.

HOOD RIVER WINS

Sparked by leadoff man H. Yasui, Hood River defeated the Crusaders 11-5. Yasui got 3 safeties for Hood River while Hayashi got 2 for the losers.
