

# "RULING FOR PAYING GRANTS CHANGED"

Funds for traveling and initial living expenses for evacuees leaving the center on indefinite employment leave will henceforth be paid in the following manner, according to a new ruling of the War Relocation Authority:

1. Fare to the point of destination will be furnished either in the form of a railroad or bus ticket or a government transportation request with which the traveler can buy his own ticket.

2. The three dollars a day for meals and expenses while en route will be paid in cash before the evacuee leaves the

center.

3. The grant for initial living expenses at the place of employment will be sent to the relocation evacuee by mail in care of the relocation officer nearest to his place of employment. Upon arrival, the evacuee may call for the check in person or write the relocation officer asking to have it forwarded to him. Any checks not called for within thirty days will be returned to the project.

The new instructions do not change the eligibility requirements of or the amounts of grants.

### New Employment Policy Announced By WRA

Under a new employment policy, the War Relocation Authority is cutting down the number of routine evacuee positions at all relocation centers, Director Dillon S. Myer has advised officials here. A revised administrative instruction governing the program has been issued by the Washington office to all relocation centers.

"The new policy," Director Myer pointed out, "will make it possible to carry on essential project operations more efficiently, with fewer personnel, and will make center jobs a better training ground for eventual employment outside."

Aside from the reduction in the number of jobs at the center, the instruction formally establishes the 44-hour work week at all centers, provides that not more than 15 per cent of evacuee employees at the project may be paid at the rate

of \$19 per month, stipulates that not more than one member of a family shall be employed at the project when other qualified candidates are available, and establishes a system of compensation for extended illness.

Wage rates will continue as at present, and the Washington office is now preparing job descriptions which will apply to all centers and set forth the duties and responsibilities of each worker in the various job categories. This is being done to in-

### 10,279 TO ARRIVE HERE; HOUSING SHORTAGE

Definite information has now been received that 10,279 evacuees will be sent to Tule Lake from other centers for segregation purposes.

This obviously will cause a housing shortage. In order to accommodate the heavy load of incomers, it will be necessary to consolidate present quarters, partition recreation halls, thereby, converting them into apartments and to remodel existing barrack school buildings to provide living quarters for all people.

There has been received information in regard to scheduling of train movements to and from the Tule Lake Center. These movements will start on schedule but, will extend over a shorter period of time, thereby shortening the overall period.

### Tax Rules Given For Resettled Evacuees

An evacuee on indefinite leave whose wife remains at the center is entitled to the "exemption of married person" under the "pay-as-you-earn" income tax law, according to an informal ruling of the Bureau of Internal Revenue which has been incorporated into an instruction issued by WRA on August 5.

Although an evacuee on leave whose wife and children remain at the center

claim the married person's exemption, the Bureau of Internal Revenue has advised WRA that he cannot ordinarily claim his children as dependents. This interpretation, the instruction states, was based on the fact that the Government furnishes food, shelter, medical care, and in some cases clothing to children remaining at the project, or "more than

...of Heart Mountain and Topaz are echoing throughout the project, and notified colonists seem to be running around in circles wondering what to do first. The rest of us who are still in doubt wonder, with our fingers crossed, which camp we will be transferred to. Wherever fate directs our steps, I'm sure Tuleans will always remember this chapter in our lives in years to come.

## THE SKATING PARTY

...of last Thursday drew approximately 500 Tuleans, both spectators and skaters, down to the tennis courts. Gliding waltzes, with a skyful of stars for a ceiling, then all of a sudden who do we see but none other than Harry Mayeda taking a neat spill in one corner. Fancy skaters and beginners alike all enjoyed this first skatefest, perhaps because of this success there may be another soon.

Popular Don Johnson will be master of ceremonies. Proceeds from refreshments sold will also go into the Scholarship Fund.

Those heading this affair are: George Kawano, chairman and Michie Shintani, general arrangements. Other organizations assisting are the Girl Reserves under Fusako Miyasaki and Jean Iwasaki, Warehouse Ball Club under Bill Matsumoto, and Tau Sigma Kappa under Pearl Masuda.

Chaperones for the dance are Mr. R. Best, Mr. K. Harkness, Mr. M. Gunderson, Father Daisuke Kitagawa, Rev. S. Sasaki, and Harry Mayeda.

## THE VISITING

...relocation officers

gave the members of the Placement staff and a few especially invited guests a party at the Placement Office, Thursday evening.

The highlight of the evening was a playlet put on by the members of the relocation staff presenting a typical relocation interview. Dr. Webber was the applicant and was ably assisted by Mr. Charles Olds as his son and interpreter. Mr. Vernon Kennedy acted as the interviewer. Dr. Webber did not understand English so Mr. O. Leon Anderson endeavored to talk in Swedish without success, Harold James tried Spanish with no success, and Carl Spicer, with the aid of a notebook endeavored to interpret in Japanese. Miss Inez Mercer acted as the private secretary to Mr. Vernon Kennedy. The whole playlet was a sidesplitting comedy and was well presented by the actors.

Refreshments were served by the relocation staff and everyone voted the evening as a huge success.

be submitted to prospective outside employers when desired.

Evacuee workers regularly employed at full-time center jobs will be eligible for extended illness compensation at the rate of 60 per cent of their regular wages if they are unable to work because of sickness. Application for illness compensation must be made to the Employment Division and be accompanied by a medical certificate. Such compensation will be paid on a monthly basis for a maximum period of 90 days, with the provision that the recipient must establish his eligibility to receive such compensation at the end of each 30-day period.

The instruction lists the following grounds on which an evacuee employee may be discharged: 1. Unexcused absense from work. 2. Habitual tardiness and leaving job before quitting time. 3. Slackness and inefficiency on the job. 4. Wilful or careless misuse of equipment. Other grounds for termination of employment may be established at the discretion of the Project Director. A fair employment practices procedure is set up whereby any worker who feels that he has been unjustly treated may obtain a hearing.

Business enterprises at the center will observe the same wage, hour and illness compensation regulations that apply to evacuee workers on WRA payrolls.

The new regulations are designed not only to increase the efficiency of project operation but to help evacuee workers to establish the same work habits which apply to private employment on the outside and to which they must adjust themselves upon relocation in outside jobs.

50 per cent of the total cost of support." An exception to the general rule, quoted from the instruction is as follows:

"Where several children are involved and the amount contributed (by the evacuee parent) is less than 50 per cent of the total cost of their support, but more than 50 per cent of the cost of supporting one of the children, it is permissible for the evacuee to treat his contributions as having been made for the support of a particular child and claim this child as a dependent without claiming the others as dependents."

Knowledge about their legal status under the current income tax law will be needed by persons on indefinite leave, WRA states, because practically all employees in the United States are now required to indicate to their employers whether they are married and the number of dependents by filing United States Treasury form WF-4. The information is used by employers in making regular payroll deductions as the income law requires.

## TOURNAMENT HELD TO CLOSE HARDBALL SEASON

### TOP FIVE TEAM PARTICIPATE

The Major Hardball League has been forced to close with the new military ruling making the ball fields #2 and #3 beyond playing condition.

To close the season in a fair manner, a tournament was suggested for the five top teams namely Okole House, Warehouse, Hillmen, West Sacramento, and Isleton.

In the process of elimination which started last week-end, West Sacramento and Hillmen pulled out Warehouse and Isleton, respectively. The Okole House will tangle with West Sacramento this week-end and the winner of the game will meet Hillmen for the league championship.

A consolation round will be played if time permits, it was announced by Sam Maeda, Commissioner.

## JOHNNY KIMOTO LEADS WEST SAC'TO TO 8-6 WIN OVER W. ISE.

Last year's Major Hardball League Champion, West Sacramento, is making a determined bid for a repeat performance this year as they upset and eliminated the Warehouse nine by a score of 8 to 6 last Sunday in a first round contest of the five team hardball tournament for the City title. It was a well-earned victory for the Sac'toans, out-hitting the favorites 10 to 8 led by Johnny Kimoto with a double, a triple, and three walks in five times at bat.

Popeye Sorakubo, Warehouse catcher, started the scoring with a bang when he slammed a four-bagger into left field in the second inning to give his team a 1-0 lead.

But they didn't hold the advantage long since in the next inning, West Sacramento got to pitcher Spike Muraoka for three hits which they converted into three runs. Nakatomi started it with a sin-

## HILLMEN ARE THREAT TO TITLE ELIMINATING ISLETON 7 - 5

The title bound Hillmen came through to eliminate Isleton in the Major League Hardball playoff last Saturday with 7-5 score.

Hillmen broke the ice in the second stanza by driving in three runs and scored one in the third to take a 4-1 lead at the end of the first half of fourth inning.

Isleton came to bat at the end of fourth to score four runs when Hoshiko and Matsumoto took bases on hit and walk, and came

gle to center and Uno and Kimoto walked to fill the bags. Then Fishikubo doubled to right to push two runs across and Ogata followed with a single through short to score Kimoto.

The winners scored a run each in the next two frames to build the count up to 5-1 and in the seventh added three more tallies to gain a 8-1 advantage.

Warehouse started to rally in the late innings and scored 3 runs in the eighth and 2 in the ninth to cut the margin to 8-6 by that was the best they could do.

Topping Kimoto's 2 for 2 was Murahara of the losers who had 3 for 3 and Hashimoto, Warehouse, had 1.000 with 1 hit in 1 try.

## 2ND GAME FOR IND. LEA. TONITE

The second game of the two-out-of-three series for the men's Industrial League Championship between the Royal Flushes and Ten-Hi will be played tonight from 6:30 p.m. on field 17-26.

The third contest, if necessary, is scheduled for Thursday evening, Sept. 2 on the same field at the same time. First game played last night.

home on an error on sacrifice hit by G. Ike, who was put out moment later on an attempted steal to third. Nakano came to bat and took a free pass followed by T. Ike who got on base on a fielder's choice. Naga o Tomita walloped a three-base hit at this point to the left fielder to score in two more runs. Toyota popped up to retire the side with 5-4 lead.

Hillmen spiked one run in the fifth, tying up the count and added two more in the seventh to come out ahead. J. Horio, who relieved George Goto for the mound work in the sixth, was credited with the win.

Ralph and Sumio Horio were the star hitters for the winners with three hits, while G. Ike of Isleton batted two for three.

## PACERS DEFEAT W.O.C. IN UPSET

When the Pacers upset the here-to-fore undefeated W.O.C. ten by a 5-1 score in the Western Independent League, it threw the standings into a possible two-way tie.

W.O.C. still has some games remaining on the schedule and a loss would eliminate them from title contentions.

Final results will be announced soon.
