

# GALA 4<sup>TH</sup> FEST TODAY

## AN EDITORIAL

## All-Day Fun Announced

Deeply cognizant of the fact that there is a far greater reason for the Fourth of July celebration than a whole day of fun and festivity, The Tulean Dispatch adds its voice in the nation-wide observance of Independence Day.

Celebration of the Fourth of July is only a surface manifestation of something more significant in the light of what is happening today.

On July 4, 1776, American freedom was born. Freedom which today the nation, the people, welded in a single common front are fighting to preserve.

Democracy, to be sure, is not dead. It still lives and burns in the hearts of millions of mankind, confident in the hope that a world of tomorrow will bring peace and understanding and tolerance.  
 J.G.N.

Preparation for the gala Fourth of July celebration moved into high gear as the program committee headed by Harry Mayeda and Ray Muramoto rushed preparation on all fronts.

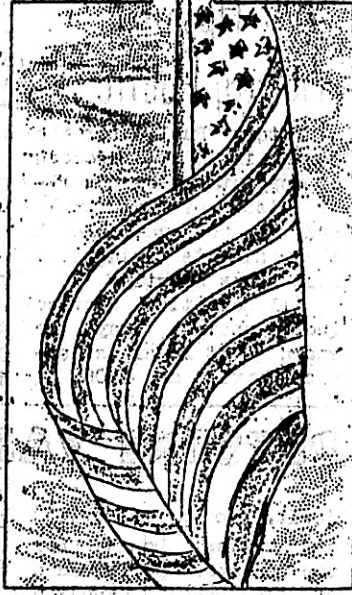

Full resources of the Recreation department has been thrown behind the preparation for a day long festival. Beginning promptly at eight a.m., the local Boy Scout troop led by Mitsuru Nishie will be in charge of the presentation of the color at the flag ceremony in front of Fire Station No. 1 and the program will continue throughout the day until the last curtain has fallen at the dance frolic 11:30 p.m.

Tentative program schedule calls for a talent show, songfests, softball games, symo, and a host variety numbers arranged for a complete day of fun.

Day's hilarity will be heightened at the community singing held at the center firebreak at seven p.m.

Song sheets will be distributed to the audience at this time and it is requested by Paul Takahashi, song leader, that all sheets be returned after the meeting.

Howling comedy skits by Roy Nikaido's troupe is sufficient to keep the crowd "rolling in the aisles" with screaming jokes (cont. page 2)

## The American Flag

When Freedom, from her mountain height,  
 Unfurled her standard to the air,  
 She tore the azure robe of night,  
 And set the stars of glory there!  
 She mingled with its gorgeous dyes  
 The milky baldrick of the skies  
 And striped its pure, celestial white  
 With streakings of the morning light;  
 Then, from his mansion in the sun,  
 She called her eagle-bearer down,  
 And gave into his mighty hand  
 This symbol of her chosen land.

## "FAMILY" DEFINED

Definition of "family" as applied to Japanese evacuees and their transfer to other relocation centers was given out today by Harold Jacoby, Supervisor of Social Welfare Division.

"Essentially," he said, "a family is defined as one which was living together at the time of evacuation plus separated members who were dependent on the group for support or who contributed to the family support. This inevitably will prevent bringing in of many relatives. There are, of course, a few exceptions such as the transfer of single person who plans to marry someone already here. If the person you wish brought here is not a true family member but if you believe there is good reason for bringing them, submit a clear statement of fact along with the application."

War Relocation Authority also has no complete control over persons or their transfer, according to Jacoby.

Every effort is being made by Niesse's staff to check all details as fast as possible so that the payments may be made on time.
