

VOL. II NO. 9 Tule Lake Colony July 15, 1942

## 3000 ATTEND FORUM

Undaunted by the chill piercing wind a crowd of more than 3000 persons turned out to witness and to participate in the Community Forum Monday night. It was generally upheld that the Nisei should strive to preserve their citizenship but with slight difference as to how.

"We must not localize ourselves in our fight to preserve our citizenship for what affects other minorities affect us and what affect us affect them," stated Tamotsu Shibutani with reference to the J.A.C.L.

Ed Ferguson of the W.R.A. Regional Office aroused confidence in the Nisei audience when he stated that "It is impossible to have your citizenship deprived because the Supreme Court would not reverse itself as there are too many precedents in which the citizenship rights of those who were born in this country were upheld." He also added that the W.R.A. was organized to protect other civil rights of the Japanese-Americans.

Two avenues of approach in preserving Nisei citizenship were offered by Harry Mayeda. "Prove we are worthy of our civil rights, and second, assist in the formation of informal public opinion by contacting the Caucasian groups more," he said.

The role of the moderator was ably handled by Dave Okada. Project Director Elmer L. Shirrell assisted in the answering of audience's questions.

## FIRST SURGICAL SUCCESS CLAIMED

Tule Lake Base Hospital's first recorded surgery was declared successful at a Saturday evening operation on a woman patient. An ovarian cysts was safely removed by the staff surgeons. Anaesthetics was applied by one of the attending physicians.

## FERGUSON LAUDS COLONY SPIRIT

In an interview with the Tulean Dispatch Mr. Ed Ferguson, W.R.A. Regional Attorney, emphasized the fact that it is the responsibility, and not merely a gesture, of the W.R.A. in maintaining the civil rights of the Niseis, including the Kibei.

"The spirit of the residents as evidenced at the forum was excellent", he added.

## TO INITIATE CO-OP STORES

With government approval and encouragement a consumer cooperative movement will be instituted in the Colony soon with Don Elberson, Supervisor of Community Welfare and authority on cooperatives, assisting the Japanese colonists in initiating the project.

Plans are being made to contact those who are vitally interested in the cooperative movement so that a working committee may be organized as the first step toward realization of a cooperative canteen here. All the

## REPATRIATION FORM READY

All Japanese aliens who wish to return to Japan either singly or with their family should make application immediately with H. S. Jacoby at the Administration Building.

There will be a boat leaving sometime after the first of August, but as it takes sometime to get permission the application should be in soon.

All Japanese aliens who wish to file for record their desire to waive opportunity of repatriation may do so by signing waiver form. These documents will be made available at the Administration Office of Internal Security or at its branch at Building #1808.

Harold S. Jacoby, Chief of Internal Security

## W.R.A. WILL TAKE CENTER CENSUS

The War Relocation Authority is beginning this week to make a complete occupational and educational record of every person in the Tule Lake Center. This record is being made for the purpose of placing people (cont. page 4 col. 2)

community enterprises in Tule Lake, eventually, will be put on a cooperative basis.

"Cooperatives to be successful," Elberson declared, "must come out of the crying need of a community. And you must have leaders who are particularly trained in this field to put the thing over right."

Glasses are being held every Monday and Friday night for Nisei leaders with Elberson giving historical and theoretical backgrounds on this new economic enterprise.

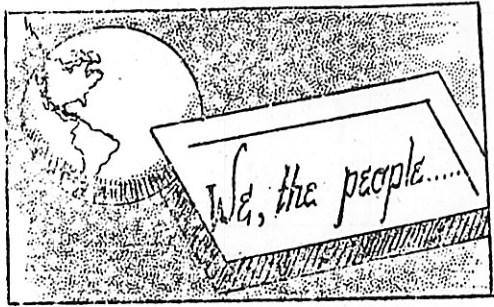

# AN AFTER-THOUGHT

The Recreation Department, from Tod Waller down, and particularly the steering committee of the Community Forum are to be commended for the highly successful open air meeting held Monday evening.

It should be understood by the intelligent audience that a forum of this sort does not strive to arrive at a definite conclusion on the topic discussed. If it has aroused the audience to think through the subject matter more thoroughly in their individual moments, then the forum has done the job well.

As an after-thought, it occurred to us that none of the speakers on the platform Monday made any effort to bring out the significance of the position being held by the Japanese American Citizens League. We are not a rabid supporter of the league, but we cannot fail to observe the importance of an organization such as the JACL in times like these to present a militant front to combat anti-democratic forces that are trying to put pressure on minority groups.

The league and its official organ, Pacific Citizen, deserve a greater moral and financial support from the Nisei citizens. H.M.I.

## IMPATIENT

Editor, The Tulean Dispatch: Why don't they move the tag issuance crew to some centrally located building instead of at the far end of the project. As I see it, there is no intricate system or machinery. It sure would help.

One who has waited

## "KEEP OFF THE FIELD"

Dear Editor: Why don't the fans have more consideration for us ball players? If they would only give us a little help in the matter of crowding the field, it would aid tremendously. How about it, Fans? A ball player

## TOO DARK, TOO COLD

Editor: The Community Forum held last Monday was extremely interesting. We had excellent speakers and the topic was vital, but the choice of time was not so good. If we begin earlier and end before it gets too dark and cold, I think it would add materially to increase interest. A citizen

## BLOCK 26 MESS

Dear Editor: Orchids to Block 26! Their flare-up of last week has been satisfactorily settled. The kitchen crew and the block residents are again on amiable terms. Every block having similar trouble should solve them by arbitration as in the case of kitchen 26. Yours for a smoother running project. A neighbor

## DANGEROUS LINES

Editor, The Tulean Dispatch: The clothes lines in Block 45 constitutes a grave menace. The unsuspecting residents walking in this neighborhood often find the ropes stretching between the barracks and barring safe passage in the evenings. It also distracts the passer-by with sloppy and slummy atmosphere. What can be done about this?

Editor--We suggest that they place the clothesline parallel with the barracks, raising it higher, or putting it inside the barrack. Lack of lumber is no excuse for lack of initiative in planning clotheslines, I think. 49er

## MORE CONSIDERATION

"What! No dance?!!" These are the expressions that resound when no dance is announced for the week. But then when a dance is held whoever thinks of preparation or clean-up.

Each time there is a dance, it seems as if the same persons are mopping and sweeping and waxing the floors on their knees. And too, tables have to be carefully cleared and then returned after the dance late in the night.

These things must be done and it is not fair to have the same ones do it each time. All future dances will depend on your cooperation. It's up to you. E.O.

**CORRECTION:** In the Community Forum report, appearing in the first column of the front page today, the 11th line from the bottom should have read, "for-mation of informed," and not "infor-matl."

THE JACL CHOSE well when it adopted the slogan "Security Through Unity". The JACL as spokesmen for the Nisei has undertaken a task which no other group could hope to accept.

There must be no relaxation of vigilance by this organization, nor must its members cease to support their chosen leaders.

# Wage Scale May Change

The present wage classification of the \$12-\$16-\$19 scale, which is temporary, is being seriously considered by authorities, according to a public statement issued today by Morris Abe, chairman of the Community Council. There is a probability that the changes be made, Abe added.

The revision will be based on the recommendation of various project directors. Each block in the Center will hold its meeting and community opinion will be presented to Director Shirrell.

In this connection it may be noted that the Community Forum will conduct a meeting on July 27 to discuss on the topic, "Would the Community Benefit from the Uniform Wage Policy."

# 355 KIDDIES ENROLLED IN COLONY NURSERY SCHOOLS

Three hundred fifty-five children are now enrolled in the five nursery schools in the Colony, it was announced by Miss Marianne Robinson, head of the schools. Classes are taught between 9 a.m. to 11 a.m. and 1 p.m. to 3 p.m. from Monday through Friday.

About 50 teachers are in charge of the kiddies whose ages are from 2 to 7 years old. They are given milk and Graham crackers twice a day.

Art Misaki, a new member of the staff, is making illustrations and writing stories for the children.

Furnitures are few at present, but plans are being made to furnish more playground equipments. A crew of carpenters working for Dan Sheehan is building fences around the schools to protect the children from passing cars.

## 30 EXPERTS TO CONDUCT PERSONAL INTERVIEWS

(cont. from Page 1. Col. 1) in the jobs for which they are best suited, and for planning educational programs.

Davis McEntire, Acting Chief of the W.R.A. Employment Division in San Francisco, was in the Center Monday and Tuesday to make arrangements for these records. A staff of about 50 interviewers was selected from residents of the Center and given a special course of training in how to take interviews and secure necessary information.

The record on all persons will be made by means of personal interviews with every person. Each resident will be asked to give information about his education, skills, past work, mechanical aptitudes, experience, and other related questions.

George Shigekawa, who recently arrived from Manzanar, will supervise the interviews.

The interviews will begin soon and will be conducted systematically by blocks. Each family will receive a "Notice of Interview", requesting them to come into the Records Office for interview at a certain time.

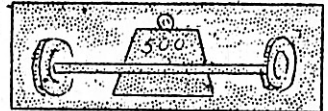

## TO START CLASS IN SANITATION

## SHE GETS KICK OUT OF MISS JOB

She works in one of the dining halls. Sometimes she wears a trim neat blue apron around her waist, and sometimes it's red polka dots.

From day to day, I watch her little lithe figure glide from one table to another with a pitcher of steaming coffee in one hand and a pitcher of milk in other.

"Coffee? Milk?" Her blithe gay smile is always there. Her eyes are always shining and droplets of perspiration are visible on her nose. Shyly she rubs them off with her fingers.

"Are there any more salad?" a voice booms in the rear. An empty salad dish with glutinous mayonnaise dripping over the side is handed to her and she scurries up to the kitchen to have it refilled.

There is no word of

thanks from the mouths of many diners who are too busy eating and guzzling. The girl continues to serve from table to table unmindfully.

"Gee! It's hot in here!" she says between short breaths.

"Why don't you get a job in the offices. It's much cooler in there and the work is easier," I ventured.

"Oh, No!" she smiled, "I'd much rather work in here. It's lot of fun watching people getting their fill and satisfying their most primitive desire—hunger."

# UNDEFEATED TEAMS TO FALL IN 2<sup>ND</sup> ROUND

Organized groups, such as clubs, etc., may arrange for a hike to the hills by signing up at 1808 with Alice Makai, Recreation Secretary. These outings will be made when it is convenient for the hike leaders and Ted Waller, Community Activities Supervisor, who will accompany all parties.

The trips will be made on Sunday afternoons and a capable first aid man will be along to insure against proper care in case of an accident.

The ranks of the undefeated teams will be whittled when the scheduled American and National League games are played Wednesday and Thursday. Scheduled games are:

- |                        |      |

## FIRST GAMES PLAYED IN NATIONAL LEAGUE

Free-hitting contests marked the opening games in the National League as the new softball season moved underway last Saturday. The Arbogá Bachélers took advantage of Trojan errors to win 9-7, while the Ubangis whaled the California All-Stars 17 to 10.

Zoots overcame a Double Shuffle lead to eke out a 11-10 victory, and the Wolves won by a forfeit over the Arbogan ten.

Yogores staged a fifth inning rally to down the Oregonians 8 to 4.

## BIG SCORES IN AMERICAN OPENERS

The American loop got off to a flying start last Sunday evening as the powerful Salem ten outlasted the Violets for a 20-15 win, while the strong Isleton Cowboys met unexpected opposition in beating the Pick-Ups, 12-10. Behind 18-4 in the fourth stanza, the fighting Violets rallied in the fifth to close the gap only to be stopped short of their mark. Couple of unscheduled tussles within the ranks of the spectators livened the evening.

In the other openers the Scrubs defeated the 1400's 10-3 and the Spark Plugs drubbed the UC Boars 19-3. Favored Flushos broke into the win column via a forfeit by the Bums.

### YOUNG BOYS FORM PEEWEE LEAGUE

Young boys between the ages of 8-12 have formed a six team Pee Wee loop. Action will get under way Wednesday afternoon with the following teams battling: Eight-balls vs. Rattlers, Wildcats vs. Little Tigers, Lizards vs. Rattler Jr.

### CLASSES HELD DAILY FOR BOXERS

Boxing classes for beginners and advanced nittmen are now going on at #1108. Although some equipment is now available, more gloves are expected shortly. According to instructor Art Marinitsu, former Cal fighter, classes are now being held in the mornings and in the evenings.

## SPORTSMANSHIP

An important problem concerning the spectators has arisen. In some of the hotly contested games, more recently the Violet-Salem fracas, the ever anxious fans have been all but camping themselves on second base. Actually the ball players have been greatly harpored.

Several rare outs were unnecessarily muffed because of the lack of playing space adjacent to the base lines. These boys are all playing hard to please the fans. Let's give them a break and a fighting chance. Keep back of the white coaching lines at all times. Another praise of the

spectator angle is the uncalld for heckling. In several of the games the tailling chuckers and the volunteer umpires have been the targets for a lot of indecent rubbing. "Ho's all shot"---"No control"---"We was robbed"---"Are you blind?" and similar calls are all in the game, but when the side-liners refer to the participants in terms unprintable in public---that's carrying it too far.

Let's fight hard and play to win---let's root for our teams. But, above all, let's keep the game clean. Be good sportsmen.

# MRS. SHIJO WINS FURNITURE PRIZE

## BLOCKS MAY HOLD DANCE PRACTICES

Dance practices may be held by each individual block if they so desire as long as applications are filled out before hand in #1808 with one of the secretaries. No public dance practices will be held in dining halls until further announcements are made.

## JAPANESE EVACUEES MAY OBTAIN OLD AGE PENSION

A plan is under way to form a veteran's organization in this colony for the purpose of reviving old acquaintance and good comradeship.

Those who served in the armed forces of the United States during the last war from April 6, 1917 to November 11, 1918 are urged to contact either P. Kodani at #1808 or J. Tanikawa at #3003-D.

### CARD OF THANKS

Mrs. S. Tahara, Olympia, and her family wishes to thank for sympathy received at the time of the death of her son recently.

Persons who have attained their 65th anniversary and are eligible to receive Federal Social Security Old Age benefits may obtain aid in procuring the same by applying to the Legal Aid Division, Building #1808.

It is to be noted that persons formerly employed as farm laborers, with certain exceptions, are not entitled to this benefit. In appearing for aid such persons should bring their social security identification cards with them.

NO DANCE will be held this Saturday. The next one will be on the following Saturday night, July 25.

## TULE LAKE PROJECT GETS COLONIST GOODS

According to an announcement made by Joe Hayes, Assistant Project Director, 2 cars of colonists property that have been in federal storage were received here. It is being segregated and will be ready for delivery by July 14.

The McDoc County Library sent 118 books for the Colony's reading public. Included in the list are: Rebecca by Du Maurier; Citadel by Cromin; and Roberts' Northwest Passage.

The Book Club will meet 7 p.m. Tuesday in the Library for the purpose of electing officers. Mrs. E. L. Shirrell will be the main speaker. All those interested are urged to attend.

## FILM CAMP LIFE HERE

For a few days, an atmosphere strongly resembling that of Hollywood will prevail in the Center sdon. The Signal Corps of the United States Army is dispatching their officer cameraman, Captain Jewell E. Watt to direct the filming of the life in Tule Lake. The documentary film will be sent to the War Department in Washington D.C. and is not expected to be exhibited in public.

The 19 men who com-

prise the party will record the activities which typically illustrate the camp life for a day. Regular 35 mm. movie camera is being used to film Tule Lake's rapid progress in organizing a fair sized community.

The photographic document is intended solely to authenticate the work accomplished by the War Relocation Authority. No publicity is intended for the filming of the Center, it was said.
