MAIL ADDRESSES OF WRA PROJECTS

In order to clarify the confusion as to the mailing addresses of other WRA projects the following information is released.

For the Colorado River project the postal address is Poston, Ariz. Though Parker is located nearby it is in no way connected to Poston. Rivers, Ariz. is the correct address for the Gila River Project.

Another confusion is that of Minidoka project whose postal address is Hunt, Idaho. Eden is the freight address and not a separate project. Manzanar's mail goes as Manzanar, Calif. And for Tule Lake the address is Howell, Calif.

Central Utah project's postal address is Topaz, Utah. Delta is the freight address. Heart Mountain project's mail goes as Heart Mountain, Wyo. and Jerome project's goes as Jerome, Ark.

Granada's mailing address is Amache Branch, Lamar, Colo. Rohwer's address is McGehee, Ark.

There are 10 WRA centers in operation now.

FIRST ENCORE PERFORMANCE

The first of the two request engagements of the Cabaret Internationale will be staged Wednesday from 8 o'clock at #720. The admission fee of 10 cents will be taken at the gate.

The curtain drawing show of the traveling night club will be held on Friday evening at the same hall. Proceeds from both of these shows will be used to buy Christmas presents for children.

ELIGIBILITY OF PUBLIC ASST GRANTS CLARIFIED

There has been some misunderstanding regarding eligibility of workers for unemployment compensation and eligibility for public assistance grants, according to C.R. Carter, associate chief community services division.

Up to the present time, there has been no set up for a system whereby eligible workers may be paid unemployment compensation. In the absence of such an organization, individuals eligible for this income who are in need may make application to the Social Welfare Department for public assistance grants.

However, the public assistance grants are payable only on a need basis, which means that eligibility for unemployment compensation does not mean automatic eligibility for public assistance grants, Carter explained.

CLEARANCE ON HALLS NEEDED

Due to the fact that many complaints and conflicts have arisen concerning use of recreation halls and dining halls, no facilities will be provided for private parties, dances, and entertainment unless proper clearance has been obtained through the Buildings and Grounds Clearance clerk of the Community Activities section, it was announced.

Dining halls in particular must receive clearance through proper channels even though the chef of a dining hall has granted permission for its use.

MORIBANA CLASS

Starting 7 o'clock tonight, a moribana class will be held at #5708 with Mr. Fujioka in charge. The class will be conducted every Tuesday.

NEW SUPERVISOR FOR WELFARE DEPT.

With the departure of Mrs. Louise Halle, whose health prevented her from continuing her work here, Miss Dorothy Montgomery arrived at the Colony on Nov. 15 to take over the work of supervising and training the social welfare staff.

Miss Montgomery, with more than eight years of state and county social work experience, is intensely interested in the welfare of the Japanese, and under the WCCA last spring, she opened the station in Stockton, and during the evacuation helped at Newcastle, Loomis, and Chico.

Miss Montgomery, her assistant, Naoko Hoshino, and staff of eight members are situated at #1608-C.

NEW PENALTY ON OFF SIDE

To penalize those persons wandering out of bounds, a new type of punishment is being tried by the Internal Security department.

These persons will be confined within the blocks in which they reside. Wardens will make several visits daily to check up on them.

If this type of penalty does not work, something more stringent in nature will have to be undertaken, commented Harold S. Jacoby, chief of internal security.

SENIOR LEAGUE

M'YVILLE LEADS; SCORPIONS LOSE

ESQUIRES MEET SCORPIONS IN CRUCIAL TURKEYDAY TILT

Marysville grabbed the Senior Football League lead from the Scorpions this past week-end when they knocked over the Broncos 7-0 on Sunday while the here-to-fore undefeated Scorp got pushed around 23-0 by the rambling Seagulls.

Gulls had too much of everything for the Scorpions as they pushed across a touchdown each in the first and fourth quarters and two in the third period. Highlight of the game was a touchdown kick-off return by halfback Janus Kurahara at the start of the second half. Two scores were made on passes,

JUNIOR LEAGUE:

PANTHERS KEEP CLEAN RECORD; SEVEN IN ROW

Panthers maintained the status of being the only undefeated and untied Junior League football team as they took a double triumph over the week-end.

Although in percentage the Marysville Jrs. are tied with the catmen, the standings give the Panthers seven straight wins, while the Juniors have only three victories and two ties.

Clarksburg forfeited to the Panthers on Saturday, while on Sunday the Isleton team gave the league leaders a real battle before going down 8 to 6. Margin of victory was a safety made on the opening kick-off when Frank Heric's boot went into the end zone and on an attempted run back, the ball carrier was nabbed behind the goal line by Panther center James Ichikawa.

Led by quarterback Sam Yoshimura and right end George Uchihara, the Marysville Ramblers camped the Midgets 21-0.

from Jack Hayashida, full-back, to end Shig Takawa, and from quarterback Tom Kashiwabara to Kurahara. In the final period center Harry Nakahara recovered a blocked punt in the end zone.

Other results are: Block 52 18, Sunsets 0; Esquires won over Block 52 by forfeit; Seagulls won over Sunsets by forfeit, Bears beat Isleton 12-7 but game is under protest.

In the feature Turkey Day clash the once defeated Esquires and the likewise once defeated Scorpions will meet to decide which team will keep in the running for the championship, since a set-back will just about eliminate one or the other.

Top Junior League game will pit the Zeros against the Marysville Jrs.

Other games scheduled are as follows:

JUNIOR LEAGUE

Tues. Nov. 26	Field
Hood River - Octo Pass	3
Blitzers - Washingtonian	7
Marysville - Zero	5

SENIOR LEAGUE

Block 52 - Marysville	2
Scorpions - Esquires	6
Isleton - Sunsets	4
Bears - Riverside	8

CHICO STUDENTS OFFER GOODWILL TO TULE NISEI

The Christian Student Association of Chico State College, Chico, Calif., has taken as one of its projects the study of the Japanese American question, according to a letter received here by Mrs. Dorothy Watters De Whitt, a former teacher at the college.

The group at the Chico school would like to correspond with any of the colonists here.

The student project aims to do "something to let them (the nisei) know we are thinking kindly of them," the letter said.

BLOCK 28 HAS 1ST JAPANESE BATHTUBS

Block 28 claims the honor today of the first in Project to install Japanese baths in its three shower rooms.

The tubs, made by the block carpenter and his helpers, are made of curved pine wood 6 by 4 feet and 2 feet deep.

The total cost of the material was \$25, the expenses of which was borne by assessing 50 cents per family apartment in the block.

LOCAL FIREMEN GET LAZY, NOT ENOUGH EXCITEMENT!

Tule Lake firemen are yawning these days for lack of excitement. Keep yawning, please!

WINTER WORK HERE GETTING SCARCE - FAGAN

"Those desiring winter work are warned that only a few jobs are open and prospects are that they will be filled in a short time," according to Frank Fagan, placement officer.

With best workers returning in ever increasing numbers, the remaining few positions open are being rapidly filled, Fagan added.

TEN EVACUEE WORKERS

...employed by the Great Northern Railroad paid a visit here Saturday and Sunday. They are working in Oregon.

NO. 4: A STORY OF HUMAN BIGNESS

CALDWELL, IDAHO CAMP—I have always watched with keen interest the reaction of white population against the frequent appearance of Oriental faces on Caldwell streets and in various shops, and especially the white farmers' reaction to evacuee workers.

In the town of Caldwell, the Japanese nisei seem to enjoy the respect of the townspeople and patronage of the town merchants. These nisei workers take in a show and have banana splits and ice-cream sodas afterwards. They go into restaurants and have steak and chicken dinners for 75 cents to a dollar. They shop in various stores and are given equal and cordial treatment. They are seen in Caldwell any night of the week, but on Wednesday nights the merchants send a bus to the camp to pick up any boys who want to go out and shop. They are brought back again on the same bus free of charge. The others, who may want to stay in town longer, get together in a group of four or five and hire a taxi-cab for a dollar to ride the distance of three miles from the town to the camp. On Sundays, the Methodist Church in Caldwell sends a bus to the camp for those who wish to attend church services in the afternoon. I understand the minister of this church speaks Japanese fluently.

The majority of the white farmers are astonishingly good to the evacuee workers. I have yet to hear any serious complaints against them. They don't seem to take advantage of the workers' plight. There is nothing bossy about them as we used to find with some of the Japanese bosses on the California farms. They are friendly and have a knack of learning the first names of their workers. Most of them come to the camp in the morning and

pick up their boys and bring them back in the evening. A lot of them lend their own passenger cars to the Japanese crew heads to transport workers. Several beautiful cars are seen parked along the camp road nightly. There is no patronizing attitude about them. Relations between the farmers and the evacuated workers are no different from any relationship between human beings under normal circumstances. In fact, there is a tendency on the part of us evacuee workers to take advantage of the acute shortage of labor to demand a lot of things from the farmers. But I understand that these demands are taken for granted in any best work in Idaho or California.

Of course, some white farmers are still ignorant of the status of the Japanese-Americans in this country. One truck driver expressed his surprise when he was informed that many nisei are now serving in the U.S. armed forces fighting for America.

Unlike some of the organized pressure groups on the coast, none of the white population here seems to think that the Japanese-Americans are "dangerous." One farmer was especially sympathetic. He rigged up a tent for his evacuee workers so that they may have some warm coffee before going into the field in the morning. One day when it rained, he invited the whole crew into his own home and have lunch together with the members of his family. Later I heard that this farmer has a son in an army hospital after having been seriously injured in the Pearl Harbor attack. I was tremendously impressed. It is this sort of tolerance, bigness, and human understanding that we must cultivate even as we live in a WRA center.
