MALE REGISTRATION NEAR END

FOOTWEAR IS ON SALE

Despite the rationing of shoes, there are several types of footwear on sale at Canteen 5, the Co-op announced today.

Play shoes, infants' shoes up to size 4, slippers and rubber soled shoes with fabric uppers are still unrationed and on sale.

STORES CLOSED HALF DAY WED.

Commencing this week, the Co-op stores will be closed every Wednesday morning, the management disclosed today.

The stores will open in the afternoon, however, as on other days. The daily store hours are 8:15 a.m. to 12 noon and from 1:15 to 5 p.m.

Colonel Scolby Answers Telegram Sent By Tulean

In reply to a telegram sent by a number of colonists last week, Col. William P. Scolby, aid to the Assistant Secretary of War, Washington, D.C. telegraphs as follows:

"Secretary of War has directed that I reply to your resolution of Mar. 1. Public Pronouncement has already been made by the President of the U.S. and by the Secretary of War. It is only by mutual confidence and cooperation that the loyal Japanese Americans can be restored to their civil rights. The present program is not complete rehabilitation but it is the first step in that direction. The U.S. Government has evidenced its faith in the loyal Japanese Americans by giving them the opportunity to serve their country. This is their opportunity to demonstrate to the American people that they have faith in America."

(The telegram sent by colonists to the Secretary of War was not made public, nor was a copy given to the Administration.)

WEDNESDAY ALIEN SKED

To register on Wednesday, Mar. 10 are aliens residing in the Blocks 19, 20, 21, 40, 41 and 42 who are 17 years of age or older.

The visitors hall across the Administration building is being used for alien registration.

SUGAR COMPANY AGENT SEEKS 1500 WORKERS

Hoping to recruit as many as 1500 sugar beet workers from the Project, E.Q. Marsing, representative of the Amalgamated Sugar Company from Nyssa, Ore. and Caldwell, Idaho, has established headquarters at the Placement office. He expects to stay here from one to two months so that he can recruit and supply interested people with necessary information.

According to Marsing, early spring work begins about

Wednesday Is Final Day For Citizen Men To Sign

With registration well underway, it is now possible to announce deadlines on the registration of male citizens and aliens, according to Harvey M. Coverley, Project Director. As previously announced, male citizens will complete their registration on Wednesday, Mar. 10. This will be the final day on which male citizens

will be allowed to register.

Female citizens will continue to register in the Administrative Personnel Recreation Hall. All unregistered female citizens in Wards V and VII will register Thursday, Mar. 11.

All unregistered female citizens in Wards IV and VI will register Friday, Mar. 12; all unregistered female citizens in Ward II will register Saturday, Mar. 13. All unregistered female citizens in Wards I and III will register Monday, Mar. 15.

The present schedule for aliens will be concluded Mar. 15. All aliens will continue to be registered at the visitors hall, opposite the Administration building.

Male citizens may ask questions or be interviewed at 6618 today and tomorrow between the hours of 8 and 6, until the close of registration on Mar. 10.

BLOCK 22 EXHIBIT

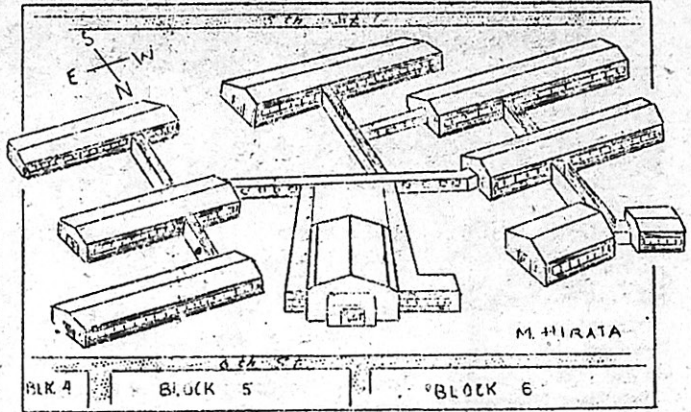

With artificial flowers, hand-carved vases and dolls on exhibit, the Block 22 handicraft show has been opened to the public. The exhibit will be open until Wednesday, Mar. 10 from the hours 9 a.m. to 9 p.m. at the block dining hall.

Featured in the exhibit are dolls made by Mrs. Watabe, instructor in doll making.

HIGH SCHOOL CONSTRUCTION

Tule Lake WRA's proposed Junior and Senior High School moved one step closer toward reality this week, with construction operations advancing on six of nine proposed units at the site—located in the firebreak between Blocks 4, 5, 6 and 5th Street, running between the warehouse and hospital areas.

The 44' x 222' machine-shop unit, situated near the directional arrow in the sketch, is making rapid progress. It is 60% completed, and will be fully erected within one and a half months, pending arrival of sufficient lumber, according to M. Izuka, carpenter foreman. His crew, composed of 20 carpenters, is presently engaged in rafter erection work. K. Takano, senior foreman, is assisting Izuka in construction of this unit. Woodwork classes, as well as me-

chanical classes, will have headquarter and shop here.

The 50' x 217' 10 room classroom building, situated next to the shop unit, is completed in floor construction. Carpenter foreman, I. Yoshizumi, and his hard working crew, consisting of 13 carpenters, is presently preparing for the main framework erection phase.

The centrally located gym-auditorium unit is approximately 15% completed, according to T. Sakai, carpenter foreman in charge. "Progress on this structure will be speeded up considerably, with the arrival of heavy timber support posts. All other building materials are on hand," Sakai stated.

The 50' x 263' Home Economic-Science-Commercial-Crafts unit, being built alongside 5th Street near the warehouse gates, is 50% completed. This unit will house: typing, crafts, sewing, home economics, physics and chemistry classes. Carpenter Foreman R. Tanabe and his crew of 20 carpenters are making steady progress on this unit.

The administration building, size 50' x 88', near health-wing of the gym, and the adjoining library unit, size 40' x 60' is completed in floor construction. T. Sakai is foreman in charge of these two units.

Surveying work on the three remaining classroom units, a 12-room and two 10-room buildings, is moving ahead appreciably under supervision of Paul Matsumura, head surveyor. Foundation work on the three buildings will be inaugurated by end of this week.

All units will be connected by passageways, similar to the passageway-system at the Base Hospital. Harry Katsuyema, building engineer, is supervising the school construction project. Richard Kondo is aiding Katsuyema in the massive undertaking.

MORE ON: SUGAR BEETS

(cont. from Page 1) this season is almost over, which is sometimes in Aug., the Sugar Beet workers can return back to the beet field where the beets are ready for harvesting. The harvesting runs from Aug. into the first part of Dec.

Questioned about the housing facilities and transportation to the beet field, Marsing replied that many will be housed in F.S.A. Camp, although a few will find places on private farms. Transportation will be furnished both ways by the company.

Concerning wages Marsing said, "We are expecting higher wages."

GRANADA CO-OP RAISE \$24,380

AMACHE, COLO.--A sum of \$24,380, far beyond the goal of \$15,000, was raised in the charter membership drive of the Consumer Enterprises, Inc. which ended this week; the Feb. 27 issue of the Granada Pioneer stated.

The amount raised in the Granada center was more than three times that of any other center.

10 Teams Enter New Girls' Loop

A ten team girls' loop was scheduled to start play yesterday in the new girls' basketball league.

Many of the teams from the past National and American League are entered but there are some new entries.

Taking the favored role to grab the league title will be the Mikettes, National League champion and loser of the city title by 1 point.

Of course the power of the new squads are not known yet and there may be a surprise team in the bunch.

Girls' city and American League champs, Teenettes, from Block 23 are not entered although they may be playing under another name.

List of entries are as follows: Avalons, Mikettes, Termiettes, Block 39, Cubettes, Castlettes, Cellarettes, Unknowns, Marysville, Yukon Lassie.

BOYS LEAGUE GETS STARTED

The Ward 1, 2, and 4 League, to be known from now on as the Central League, for boys 14 years and under started play yesterday with those entries: Modoc Ramblers, Block 30, Block 19, Plover Midgets, Red Devils, Block 29'ers, Zeros, and Junior Angels.

Teams will play three times a week.

AMERICAN LEAGUE ALL-STARS TRUNCED BY NATIONALS 33-10 NATIONAL GALS SHOW SCORING PUNCH IN LOP-SIDED VICTORY, OGATA HIGH

Before a good sized crowd last Saturday, the National All-Stars proved themselves invincible as they over-powered the American League All-Stars 33-10 in a girls' exhibition game.

The Nationals were composed of players from the Mikettes, Termiettes, Try Six, and Cubettes, while the American players were from the Teedettes, Yukon Lassies, Cagerettes, and Castlemont.

In the first half, led by Bubbles Keikoan and Sumi Washino, the Nats grabbed a 13-1 lead, which is usually as high as a complete girls' game score gets.

The Americans sent in Eiko Yoshida and Rosie Fujiye in the second half and they managed to run the count up to 10 points but the powerful National team was not to be denied as Terry Ogata banged the hoop for 13 points to make it an easy win.

Added to the two points made in the first half, Miss Ogata had a grand total of 15 for the game, which was good enough for game honors. Bubble Keikoan was next high for the winners with 10, while Rose Fujiye topped the losers with 5. NATIONALS(33)(10)AMERICAN Keikoan 10..F...Yoshizaki

3 DAYS LEFT FOR BLK TEAMS TO SIGN

Block teams are reminded to hand in their team rosters by March 11, the deadline date, if they are interested in entering the Ward Leagues which will be formed soon.

Qualifications are unlimited but non-block residents are definitely ineligible.

According to the Rec Dept. the response thus far has been very good and a good league should be formed in each Ward.

Name and address of players, captain, and manager must be on the roster.
