

## OSYA TRAINING PROGRAM IS EXPANDED

### REGISTRATION TUESDAY FOR VARIOUS CLASSES OFFERED

The Out-of-School Youth and Adult Training program (OSYA) again offers opportunities for training in both industrial and agricultural fields which should prove helpful in relocation.

Registration will be held Tuesday evening, May 25, from 6:30 p.m. until 10 p.m. in Warehouse #316. W. L. Chaplin, OSYA Supervisor, will have charge and will have sufficient help to handle the work rapidly.

If enough interest is shown, the following courses will be offered:

1. Operation, care, and repair of tractors, trucks, and automobiles.
2. Metal work; welding, tempering, drilling, shaping, and machinery repair.
3. Woodworking; farm buildings and equipment.
4. Operation, care, repair, and construction of farm machinery and equipment.
5. Poultry, egg production.
6. Turkey production.
7. Poultry, meat production.
8. Rabbit production.

### ADDRESS FOR EXP. FREIGHT

Residents sending packages by express or freight should use the railroad name for Tule Lake which is STALEY instead of the Post Office address of Newell.

Mr. Chaplin calls particular attention to the fact that several of the courses are applicable to girls and women. He especially stresses the desirability of having older male members of the colony register for the poultry courses. Interpreters will be provided for registration and later instruction if needed.

### EXCELLENT TEACHING OPPORTUNITY IS OPEN

To develop teaching personnel and material for an American scholarship in the Far Eastern languages, six native speaking Japanese to serve as teaching assistants in the intensive language program of the American Council of Learned Societies are wanted, it was disclosed by the director of the organization.

Candidates for the positions will undergo a training period in order to familiarize themselves with the methods used for intensive language instructions.

After which they will be expected to handle large classes independently with other native-speaking tutors.

They will be involved in training of soldiers under the Army Specialized Training Program in the immediate future.

Candidates should be a college graduate, bilingual in both English and Japanese. He should preferably be not older than 25. Their Japanese should be fluent and of the Tokyo dialect.

## Tulean Intermezzo

You know, it would be an easy thing to write a column if we did like "some other men do" when they write about the relocation centers or about evacuees. Many many more times than once, stories about us and the places where we are living now have been published which are about as truthful as...well, we can't think of anything that untruthful at the moment.

One typical example is the case of a well-known columnist who wrote on the chances of the evacuees returning to the West Coast after the war, among other things, and said, "These American citizens are the Japanese born in the United States. They went to the centers of their own volition as a measure of safety to themselves."

Well, where that writer got the impression that the evacuees "went to the centers of their own volition as a measure of safety to themselves" we would like to know.

According to Webster, "volition" means "act of willing or choosing; exercise of the will, a state of decision or choice."

We, being only a messy evacuee, wouldn't know much about evacuation or relocation centers, but we did believe that when the exclusion orders went into effect, persons of Japanese descent had the choice of going to the center or the "jug"—two great choices.

That certain writer, among others, must have been misinformed somehow. And it does seem strange that even yet, the truths about the evacuation are not known by many.

But it is heartening to know that some know our real problems and are trying to help us in every way possible.

Maybe a good explanation of the whole thing could be, "Truth is the first casualty of war."

## THERE'S ONE IN EVERY BLOCK

## HIGH LIVING COSTS CAN BE MET BY WISE SPENDING

### ADVISORY COMMITTEE REPORTS

CHICAGO--It isn't so much what you earn, it's more how you spend it that determines whether or not the "high cost of living" is an obstacle to successful relocation.

This is the conclusion, based on experiences of approximately 300 more evacuees who were relocated in new jobs and new homes in the Chicago area during April, reached by the Advisory Committee for Evacuees.

Over 95 per cent of those who have come out of camps have located satisfactory employment and are making successful readjustments. Less than 5 per cent of those who have gone out on indefinite leave have failed and returned to the relocation center.

Many evacuees last month said, upon their arrival from camp, that opportunities were not as bright as they had been led to expect. Some were disappointed. Jobs were not as plentiful as they had thought they would be. Housing, in particular, was hard to obtain. The situation, at close-up view, was not the rosy picture they had been shown while still in camp.

Moreover, in April, unpleasant incidents received more attention than unreported accounts of successful cases. War headlines had a particularly bad effect, in the camps more than among evacuees on the outside.

## BLOCK 19 ELECTS

The Block 19 Young People's Club held an election-picnic last Sunday afternoon near Abalone Mountain at which time the following were elected to head the group for the coming term:

Roy Muraoka, pros.; Mitsuye Yokota, vice-pres.; Mae Tomita, sec.; Kiyoshi Morisaki, treas.; Takashi Muraoka, sgt.-at-arms; Ruby Tomita and Aki Kushida, girl's & boy's athletics, respectively.

Against isolated cases of discrimination and unpleasant incidents, however, a young machinist earning \$250 monthly, a factory worker saving \$50 out of his earnings, a young secretary receiving \$100--all made new homes, found friendly neighbors, went on their way, happy to be out of camps. These were the more typical of success stories receiving no mention in newspapers. Social adjustments, of course, must be made. Relocation is an individual challenge. Over 95 per cent are successfully meeting it.

## DISPATCH NEEDS TWO WORKERS

Relocation has taken its toll of the DISPATCH workers, four already this month, and at the present time there are two openings.

One as a reporter, male or female. Some experience preferred but anyone having any desire to write should apply.

Other position is as a mimeographer. Willing to do occasional work in the evenings.

Apply at 1608.
