Use Prompt Action In Job Applications—Fagan

Ninety-five per cent of those who apply for outside employment through the Placement office can obtain the jobs, if prompt action is taken, according to Frank D. Fagan, Placement officer.

At present only about 60% are successful, due to too much delay in making application. Others, in this and other projects, who are quicker to act get the jobs.

Those really intent on getting positions are advised by Mrs. Alice Hasegawa of the Placement office to watch

Yasui Can't Enter Centers

Mitsuru Yasui, whose conviction on a charge of violating the alien curfew is now before the United States Supreme Court, sought to obtain his release on bond so that he might leave the county jail and go to a Japanese relocation center, according to The Oregonian of June 16.

Federal Judge James A. Fee, however, denied bail, pointing out that while the rules of procedure seemed to give him power to release a prisoner on bond while an appeal was pending before the Supreme Court, he at the same time would hesitate using such power.

Yasui purposely violated the curfew so that he could bring a test case attacking the validity of the regulations as applied to

the bulletin board of the office.

"Much time has been saved, as well as jobs, through our system of putting applications through the Placement office instead of corresponding personally with the prospective employers," Mr. Fagan added.

NO CASE OF DISLOYALTY BY EVACUEES ON LEAVE

11,000 ON LEAVE--NOT ONE CASE OF DISLOYALTY. So runs the headline of a story on the Japanese internees in the June 17 issue of the San Francisco Chronicle. Disclosing plans to move 30,000 Japanese-Americans out of relocation centers in 1944, Director Dillon S. Myer stated, "The record itself is good and we have no report of sabotage or espionage on the

BODINE WILL NOT BE HERE

Mr. Thomas I. Bodine, field director, from the Japanese-American Student Relocation Council will not be coming to this Project as announced because he has been called back to Philadelphia, Penn.

All interviews and meetings with Mr. Bodine has been cancelled until further notice, it was announced this morning.

American-born persons of Japanese ancestry. Yasui was sentenced last November to one year and to pay a fine of \$5000.

APPLY NOW FOR CIVIL SERVICE

All applications for the civil service examinations, to be held within 10 days, must be in the hands of Frank D. Fagan, Placement officer, before Saturday of this week.

Anyone who has not filled out form 57 must do so at once, he warned.

part of those people who have gone out."

Among the highlights in Myer's testimony were:

1. The best information indicates that Americans interned in Japan are suffering no particular mistreatment.

2. About 6000 of the 100,000 persons of Japanese ancestry in the centers have requested that they be returned to Japan.

3. The yearly cost of maintaining a Japanese evacuee is \$439, of which \$174.92 goes for food.

4. Approximately 1300 evacuees volunteered for service in the U.S. Army during February and March.

5. The WRA has been releasing 1000 Japanese-Americans on leave weekly for the past three or four weeks.

6. Twenty-four per cent of the evacuees have answered "no" to questionnaires asking them to swear total al-

SOLDIERS MAKE GOOD SHOWING

CAMP SHELBY, Miss., June 15--Japanese-American soldiers "have most certainly made a very favorable impression on the residents here while visiting in Hattiesburg," according to a letter received by the Commanding Officer Col. C.W. Ponce, from Mr. Earl Finch, owner of the Rolfin Stock Farm near Hattiesburg. Mr. Finch in his letter continued: "I am quite sure that I voice the sentiment of our people here when I wish for you and those men a long and pleasant stay with us." He remarked upon their "excellent behavior" of a group that had visited his farm and extended an invitation for further visits.

legiance to the United States.

7. About 8000 Japanese-Americans now in this country have visited Japan, most of them only for a brief period.

PROJECT AGRICULTURAL PROGRAM SET

SEES GOOD YEAR.

While on the outside, the outlook for this year's crop has been blighted as a result of floods, early frost and unseasonable cold, drought, and labor shortages, Clifford R. Kallam, Farm Supervisor, announces "wonderful prospects" for the 1943 Project farm crops.

Having had ample rainfall thus far, a normally warm spring, an early planting, with better farm organization, better equipment, and last year's experience, Mr. Kallam seemed confident of a good year. Following on the

It was reported that the program is falling behind schedule.

heels of a recent announcement that the diet of the evacuees this year will depend largely on the success of the agricultural program at the relocation centers, his confidence was doubly assuring.

VOLUNTEERS WORK AT HEART MT.

Volunteers went to work on the Heart Mountain Center farm to make the outlook "optimistic" for the coming year, reports the Heart Mountain Sentinel.

Halting operations for a day this month was a sleet and snow storm, which along with other reasons made the farm program fall behind schedule, but it was believed that work would be caught up soon.

According to Alden Ingraham, agriculture assistant, it was not too late to plant the critical crops necessary to meet the needs of the Project for the coming year.

FIRST CROP IN JULY.

The premiere of this year's project farm produce will probably be staged in the early part of July, when daikon and rappa greens will appear on colony mess tables, according to the Agricultural Technical Staff.

This performance will be followed by lettuce in the latter part of July, and potatoes and the greater part of the crop in August.

New faces in the cast will be tomatoes, cucumbers, and corn. Melons, urt, eggplants, and kohlrabi are still in the experimental stage.

GILA HAS ALL-YEAR FARM PROGRAM

Due to the weather, the Gila Project has been able to carry an agricultural program through the winter.

Harvesting of cabbages, garlic, and tomatoes was started late last month, it was revealed in the Gila-News-Courier.

BLOCKS 54, 21, 70, 36 IN SEMI-FINALS CITY FINALISTS WILL BE DECIDED IN GAMES TONIGHT

HUGE CROWDS WATCH ELIMINATION GAMES

An estimated 6,000 people witnessed the three first-round games in the city softball championship tournament which was held last Wednesday evening.

The three winners advanced into the semi-final round along with Block 36, who had a bye.

BLOCK 70 IN SURPRISE WIN

The surprise game of the three elimination play-off contests played Wednesday was the comparatively easy 20-11 victory that Block 70 got from Block 39 by playing heads-up ball and by out-hitting their opponents.

It started off as a walk away for the 39'ers, sporting a 5-2 lead after the first two frames, but from the third inning on, Block 70 players started teeing off on Butch Takei's hurling. By the end of the sixth, 70 had taken the lead, 13 to 6 and they added 7 more in the seventh for a huge 20-6 advantage.

Except for the first canto, Nitta, 70 pitcher, held the opposition in

WATANABE HURLS BL 54 TO VICTORY

While his team mates pounded John Hatamiya's pitches all over the lot, Eay Watanabe, hurled a masterful three-hit game to move Block 54 into the semi-final round in the city play-off tournament by a 10 to 1 score over Block 47 Wednesday evening.

54 jumped into the lead in the first half of the first inning. The lead-off man, H. Uyeno, and Kay Watanabe singled in succession to put a man on first and second. Nakamura sacrificed and the runners advanced a base. Then Uyeno came in for the first tally when Terashima hit a high fly to center. Watanabe scored

check up through the sixth inning, seemingly with a slow "nothing" ball. But in the last of the seventh the Block 39 batters started to get ahead of his pitching and after a barrage of hits, had to be relieved by Toki, who retired the side after 5 runs had come in.

A total of 33 base hits were made by the two teams, the winners getting 20 of them.

Batting honors went to Kasahara, Block 70' short stop, with 3 hits in 4 trys.

a moment later as Ko Uyeno slugged out a single to make the score 2 to 0. Scoring ended when the next batter flew out but the winners had the lead which they never gave up.

In the third, fourth, and fifth innings the boys from 54 collected 8 tallies on 11 bingles while Block 47's lone run came in the third after a couple of errors.

47 had a beautiful scoring opportunity in the second as they had a man on second and third with none away. But Eay Watanabe struck out and next two stickers and a fly to short center retired the side. Outside the second and third frames, Block 54 had the situation in hand.

Ko Uyeno, 54 short-stop, hit 4 for 4 to top the hitters while Kay Watanabe had 3 for 4.

It's Block 54 vs. Block 21 on field 17-27 and Block 70 vs. Block 36 on field 21-72 in the semi-finals of the City Championship Softball Tournament. Time: 6:45 p.m. Date: Friday, June 18.

With the two winners to go into the two-out-of-three series, starting Sunday, for the honor of being named the best block softball team, rip-roaring action is expected. As witnessed last Wednesday, all the clubs are capable of slugging hard and often and no favorites can be picked for certain.

BLOCK 21 KEEPS UNDEFEATED SLATE

Block 21 advanced into the semi-finals of the softball championship tourney with a rousing 10 to 2 triumph over Block 13, and kept their reputation of being the only undefeated block team in the city.

After a scoreless first inning, the 21'ers blasted 4 straight hits in the second and aided by an error chalked up 4 runs. They added 2 runs each in the fourth, fifth, and sixth innings to gain a 10-0 lead before Block 13 marked up two runs in the last of the seventh.

Two pitchers of Block 13 were touched for 12 bingles while Takeuchi of 21 gave up 7. Although Takeuchi was in trouble almost every inning, he managed to get by until the final canto without having the opposition score.

Enjoying a 2 for 2 day at the plate was Block 21 first baseman Matsuoka to take batting honors, while Kawaya, also of the winners, had 3 for 4.
