Construction At Poston

Poston will attempt to build a swimming pool, amphitheatre--with a seating capacity of 3,000, a dancing pavilion, and shower rooms if enough volunteer labor can be recruited, states the Poston Chronicle.

According to the story, some 40 to 50 workers are needed daily but it has been found difficult for these reasons: 1. the people are not as yet sold on the idea 2. the people are afraid of being moved.

ISSEI ALSO CONTRIBUTE

HONOLULU, June 9--More than 1,700 Americans of Japanese descent in Hawaii recently presented a check for \$10,000 to the U.S. Government with the specific request that the money be used for "bombs on Tokyo." The donors said the gift represented an expression of their horror at and condemnation of the cold-blooded murder by the Japanese of the American flyers who bombed Tokyo April 17, 1942.

Lieut. Gen. Richard C. Richardson, Jr., commander of the Hawaiian Department, U. S. Army, accepted the check on behalf of the U. S. Government.

Walter Minata, who spoke for the donors, said: "We are going to act

like and fight like Americans....The campaign to raise this money was spontaneous.

"Both Americans of Japanese descent and alien Japanese contributed to the bomb fund," Minata said.

No reason for the change of policy was given, the story said, but it was expected that an administrative instruction from Washington would arrive to clarify the move.

Grew Speaks On Japanese

LEXINGTON, Kentucky, June 9--"The common people of Japan, who support their government body and soul, did not seek this war," said Joseph Grew, former Ambassador to Japan, in a recent speech at the University of Kentucky. "They do not have for us the long-standing hatred which mars the relationship of some pairs or groups of Western nations. In my many years in Japan, I found that most of the ordinary men and women of Japan--men and women of all social classes and of all regions--were friendly toward America. They showed, time and

BLACK DRAGON

(The following editorial is reprinted from the June 1 issue of the Washington Post, Washington, D.C.)

Momentarily daunted by the dissolution of the Comintern, Martin Dies has now discovered the shadow of a black dragon's wings hovering ominously over the length and breadth of America. You really have to hand it to our legislative sleuth. The fantasy of bearded Communists with smoking bombs having palled on the public, he has now conjured up "gryphons with great metal flanks" to keep the D.A.R. and little children awake at night. Brrr! For sheer terror, this has the red menace beat coming and going.

And the Texan has had nothing more substantial to work with, mind you, than the release of a few thousand Japanese-Americans from the relocation centers into which they were unceremoniously herded after Pearl Harbor. An untold number of these, according to the chief investigator of the Dies Committee, received training in an espionage school operated by the imperialistic Black Dragon Society of Japan. These secret agents are members of an organization terrifyingly titled the Futoku-Kai, and are prepared to unleash a wave of destruction upon the United States. Ten thousand of them, said the Dies investigator, are now in this country. The Dies Committee hasn't said so, but we suspect that somewhere at the back of all this must stand the tall, fearsome figure of Ko-Ko, the Lord High Executioner. And there ought to be some place in the scenario for the mysterious Dr. Fu Manchu.

The somewhat synthetic nature of Martin's dragon is revealed, however, when the facts of the situation are examined. Most of the persons released from the relocation centers are citizens of the United States--which means that they were born in this country--and have never been in Japan in their lives. They could have received the training of the Black Dragon School, therefore, only through correspondence courses, which are not generally considered effective for instruction in espionage. The War Relocation Authority, before releasing anyone, makes a painstaking investigation of his past and then double checks its findings against the records of the FBI. The truth is that there is no more reason for the confinement of these Americans of Japanese ancestry than there is for the confinement of Americans whose parents, and grandparents or great-grandparents happened to emigrate to this country from Germany or Italy.

One may reasonably ask by what authority the Dies Committee injects itself into this situation. The problem, if any, is one for our duly constituted security agencies. Until the FBI and the intelligence branches of the Army and Navy hear the whirr of dragon wings, we think the Nation need not tremble. As for Mr. Dies, he might usefully remember his recent pledge to end the work of his already celebrated committee and attend to the business of legislation for which his Texas constituents sent him to Washington.

FROM THE DISPATCH FILES

June 27, 1942--300 expected to register for the draft. Sales at Centeen #1 hit an all-time high of \$1500 in one day. Show shop scheduled to open at #717. Four \$1,000 defense bonds were sold at the post office one day last week.

OUR EFFORT

It was a tremendous relief to get the anniversary book out. On three occasions, we stayed up all night to grind the inside pages out. Through the window, we saw the dawn come up "like thunder 'cross the China bay." Shuji Kimura groped in, and with peanuts soda pops, we reminisced our college days and sang the songs of our respective alma maters.

It is not out of sheer conceit that this book was intended as our last contribution to the people of Newell before we go out. The book was not conceived only for souvenir keepsake but as a public reaction material. It is not even surprising to note that there are many Caucasians who have yet to hear that there was such a thing as forced evacuation of American citizens from the Pacific Coast into fenced camps.

It may be well to send your extra copies of the book to Caucasian friends outside. Perhaps you will be called to speak on our problems when you are relocated. The book, we're sure, will be a handy reference manual.

We don't expect everybody to appreciate what we've tried to do, but it gives us a sense of security to know that our stay in Tule Lake did not go to idle waste.

ONE IN EVERY BLOCK

Have you noticed that people who do most of the grumbling and complaining about any project, whether it's a dance or a block activity, are people who have no hand in the undertaking.

Gossip and rumor mongers---self-appointed block preservation-of-moral officer who noses around finding out who goes out at night and how late he or she comes home and who she went out with. Of course, if it's their own sons' and daughters, it's a different story!

OBERLIN COLLEGE WELCOMES THEIR NISEI STUDENTS

OBERLIN, Ohio, June 9—Expressing its friendship for Japanese-American students at Oberlin College, the Oberlin News-Tribune said in a leading editorial: "As the school year nears its close it is appropriate that we in Oberlin should be conscious of the fact that not once since their arrival on the college campus last fall have we had cause to regret the friendly welcome we extended at that time to the group of nisei students who have become our fellow Oberlinites. Though of Japanese ancestry, they have in every way behaved according to the best traditions of

the land of their birth and rearing and citizenship--the United States. We hope that the nisei themselves have found the people of Oberlin to be as genuinely American in their attitudes as the nisei have proved to be."

The editorial continued with a discussion of an informal talk recently made by a Chinese-American, Hung Wai Ching, a resident of Hawaii. Mr. Ching, who is active in community work in Honolulu, described the successful operation of American democracy in Hawaii where Japanese residents were not only loyal, but had the unhesitating trust of all the other racial groups on the islands. This, Mr. Ching claims, is a tribute to impartial government, an excellent public school system, and instruction in American standards of democracy and good sportsmanship.

More About Grew's Speech

(Continued from page 1) again, a true courtesy and friendliness which in some cases became devoted friendship and personal loyalty.

"The war against China and the war against the Japanese people were the same campaign," the former Ambassador continued, "run by the same men from the same headquarters; the War Office cliques who dreaded the rise of constitutionalism and who fought by every means, fair or foul, to keep the foreign war going as a means of promoting the domestic struggle for totalitarianism, dictatorship, and enslavement."

"We have already built the foundations of a new international system," Mr. Grew said. "Remember in this hour the people

HEADS-UP PLAYING GIVES BLOCK 36, 6-1 WIN OVER 21 KIYAMA PITCHES 4 HIT GAME

Before the biggest softball crowd in Tulsa Lake history, Block 36 took the first game of the two-out-of-three play-off contest for the City Ward Softball Championship from Block 21 by a 6-1 margin last Sunday afternoon.

Faced by Tom Kiyama's four-hit pitching and his 2 hits for 2 times at bat, the 36'ers bunched their blows in strategic spots and took advantage of many 21 errors to win going away.

For the first two innings, it was a scoreless hurling duel between Kiyama and Takeuchi of 21 but in the last of the third, Block 36 broke in to the scoring column. With one down, Hikawa slapped out a double, went to third on a past ball, then was called out on the next pitch for taking an illegal lead off third. But Tom Kiyama kept the ball rolling with a single into short right, stole second, and got to third when the Block 21 third baseman muffed Ishikawa's grounder. Higaki likewise hit a ground ball to second which was muffed and on the play Kiyama crossed the plate for the first run and Ishikawa went to third.

On the first pitch to Jim Kiyama, Higaki broke for second and as the catcher threw to second in the attempted put out, which was too late, Ienikawa dashed for home and scored the second run.

Block 21 got their only run in the top of the fourth. In the first three frames, Tom Kiyama had faced exactly 9 batters, aided by a double play in the first canto, but he set the stage for the Block 21 score in the fourth by walking Matsuoaka, who got to second on Kawamura's sacrifice. Honda struck-out, but Okai connected for a low line double over first to send Matsuoaka home.

From then on, Block 21 was held down and their rally in the seventh with

SECOND PLAY-OFF SET TOMORROW

The second game of the championship series between Block 36 of Ward 3 and 21 of Ward 4 will be played tomorrow, June 23, at field 17-26 from 6:45 p.m.

The first game was won by Block 36 with the score 6-1.

The umpires for the game will be Haruo Yamamoto, home plate; Harry Nakahara, 1st base; Harry Iwafuchi, 2nd base; and Issei Yoshimura, 3rd base.

If a third game is necessary, it will be played on Friday.

a man on second and third died.

Meanwhile, Block 36 added a run in the fourth when Okada singled over first and Kunisaka drove him in with a deep double into center.

Then after being blanked in the fifth, the winners got 3 more runs in the sixth as Kimoto, Okada, and Kunisaki crossed the plate after three hits and two errors. This gave the Block 36 team a 6-1 advantage and the contest ended with that score.

There was no doubt as to who was the best team that day. Takeuchi was constantly behind the batter in balls and strikes and the Block 21 fielding was erratic, while Block 36 played a smooth ball game.
