Gila loses Co-op License

Arizona Corporation Commission recently rejected the application of the Gila River Cooperative Enterprises to do business in Arizona on the grounds that the cooperative, which filed as a non-profit corporation, does not comply with Arizona's laws governing non-profit corporations in that its 7,879 members would benefit through savings in the services it was organized to render, reports the Gila News-Courier.

At a hearing, the case of the government and the Gila River Cooperative Enterprises was presented before the Arizona Commission in the hope that the order cancelling the license would be revoked.

CONSTRUCTION OF PROJECT SCHOOLS NOW 70% COMPLETE

With all Tule Lake school students anxiously watching, the new Junior and Senior High Schools moved one step closer toward reality this month. The entire construction on the school is 70% complete, according to Tosh Asai, assistant engineer.

Completion of this structure will be speeded up considerably with the arrival of the iron for the truss. Harry Katsuyama, the building engineer, stated.

LAYOUT OF NEW HIGH SCHOOL

SKETCH A--The 44' x 22' wood-work shop is 90% done. It will be finished as soon as the windows are installed. The shop will also be used as storage space for material to be used on the balance of the buildings.

SKETCH B--Under the supervision of senior foreman, I. I. Yoshizumi, the 50' x 217' classroom building is 80% complete.

SKETCH C--Only 50% of the 12-room classroom building, which includes two rest-rooms for the instructors, is complete. This building is under the supervision of senior foreman, "Sport" Wadamura.

SKETCH D--The combined gym-auditorium building, under the direction of Richard Kondi, is approx-

imately 60% finished. "Completion of this structure will be speeded up considerably with the arrival of the iron for the truss." Harry Katsuyama, the building engineer, stated.

SKETCH E--The 50' x 263' home economics, science, commercial, and art and craft building is under the supervision of senior foreman, R. Tanabe. This building is 70% completed.

SKETCH F--40% completed is the 12-room classroom and biology room building, which is under senior foreman, S. Yamato.

SKETCH G--The 10-room classroom building is about 50% complete.

SKETCH H--Awaiting installation of windows, the administration building is 90% complete. The bottleneck in constructing buildings has been the slow arrival of materials. The buildings are now expected to be finished in about two months.

GILA
Passes to Phoenix were reduced to an absolute minimum because of resentful feeling in Phoenix toward Japanese fascists. Rumor to the effect that eight persons of Japanese ancestry had been killed in Salt Lake City was curbed.

MENIDOKA

Ratification or rejection of the Charter for Community Advisory Council will have been voted upon July 15. By an unanimous approval, a printed Japanese section of the Irrigator was voted upon.

Sixteen students will receive diplomas from three Seattle high schools. All 16 had a semester of class to complete when they were transferred.

1000 bushel of spinach grown on center farm were shipped to the U. S. Army. 13 volunteers left for Denver making the total gone 76.

POSTON
Twenty issei and 12 nisei were elected into the Community Council of Unit I. 1384 evacuees left the project during the last four months, it was revealed by the Employment Division.

Many types of fish are being sent into Poston, English sole, barracuda, corbina, and red snapper. Plenty fishy, huh? A new record was established by the Agricultural Department of Unit 3. Approximately 600 field crates of nappa were harvested from one and one-fourth acres.

KOHWER
Electric fans for the hospital are anticipated. Judo team meets Jerome.

4 KITTENS, JOINED TOGETHER, BORN ALIVE IN NEW YORK

Four kittens, joined together, born alive! Believe it or not.

In the June 21 edition of The Oregonian appears a story of the birth of four alley-cats born in New York inseparably joined together.

Normal in every other way, the kittens have the proper number of heads, feet and tails, and appear very healthy.

Although an official of the Association for the Prevention of Cruelty to Animals advised Mrs. P. A. Hollander, owner of the mother of the kittens, that the kittens should be separated and destroyed, Mrs. Hollander refused to permit it and declared she would care for them as if they were normal. (What a normal life they'd lead!)

THE SECOND GAME

...of the play-offs for the City Softball Championship is slated for tonight and it will be the last of the series if Block 21 plays like it did last Sunday.

If it wasn't for some costly errors, the results of the first game could have been different. With all the heavy sluggers in the Block 36 lineup, the only thing that will beat them is an airtight defense.

Block 21 can turn the tables tonight but the odds are definitely on Block 36 and Tom Kiyama's fine left-handed hurling.

ALTHOUGH ELIMINATED

...in the semi-finals by Block 21, Block 54 played two of the best games in the series from the fans point of view. In their 10-1 triumph over Block 47, they showed a hustling ball club that could hit and field well.

When Block 21 best them 4-2, the lowest series score thus far, they staged two double-killings which were neatly executed.

Giving credit where credit is due, Hiro Morimoto was the only person to get 2 hits in the Block 21-54 clash.

THOSE WHO SAW

...the two contests that Block 70 participated in have nothing but praise for Masa Toki, who turned in two terrific fielding and hitting performances.

His homer, triple, and double in three trips to the plate against 36 will be hard to beat by anyone.

...Block 36-21 fracas, the two sensational catches of the day were made in succession in the third inning by Shig Tanaka, 21 second sacker, who stepped on two line drives which seemed cinch hits.

IF A THIRD PLAY-OFF

...contest is necessary, it will be played on Saturday and not on Friday as reported yesterday. Time and place will be announced later by the Rec Dept.

BLOCK 36 CAN CINCH SOFTBALL TITLE TONITE

The second game of the championship series will be played tonight from 6:45 between the Blocks 36 and 21 of Wards 3 and 4 respectively at field 17-26.

Some spirited come-back is necessary on the part of Block 21 to be in the finals with their already 6-1 defeat. They will rely on Kawai and Okai for their hitting power but some tall hustling will be needed on the part of the team to muzzle the smooth Block 36 squad.

Southpaw Kiyama will lead the title bound 36's with Kimoto and Okada's timely hits.

The umpires for the game will be Haruo Yamamoto, home plate; Henry Nakahara, 1st base; Harry Iwafuchi, 2nd base; and Iggy Yoshimura, 3rd base.

Contributions will be accepted during the game to defray expense.
