 Office.....Toki Kunata, Hilo Hasegawa, Masae Saito

A FRIEND IS GONE

He was a little morale builder. He was a friend, a companion to all those who came to know him. Block 34 residents loved and adored him, loved and adored him almost selfishly.

Visitors from neighboring block would come expressly to Block 34 just to meet him. He was that affable individual who was never too tired to play with the neighborhood children and tagged along with them faithfully in spite of the abuse of his extended companionship.

Frivolous in nature, he refused to work but each day, he would go forward to meet his friends coming home from work with hearty joviality. He would put fervor into his handshake, sincerity into his greeting, and welcome into his every act.

In the days his friends have known him, not a single harsh word has been uttered from his lips.

He was indeed a true friend. A friend whom one can thoroughly rely, to whom one could trustfully turn for sympathy and consign the secret hopes and interests of his heart.

He passed away last Monday when a fleeting truck left behind his mangled body strewn on the road. There is just a small wooden tablet in the field marking his last remain.

"Tulo", the month-old-pup, mascot of Block 34, is dead.

JOHN D. COOK...

has become a regular guest at the meetings of Creative Writing Club. The Project's information chief read a few of his radio skits which has been used on Charley McCarthy programs. Club meets each Thurs. at 2507-C. Everyone is welcome to attend.

LAW AND ORDER

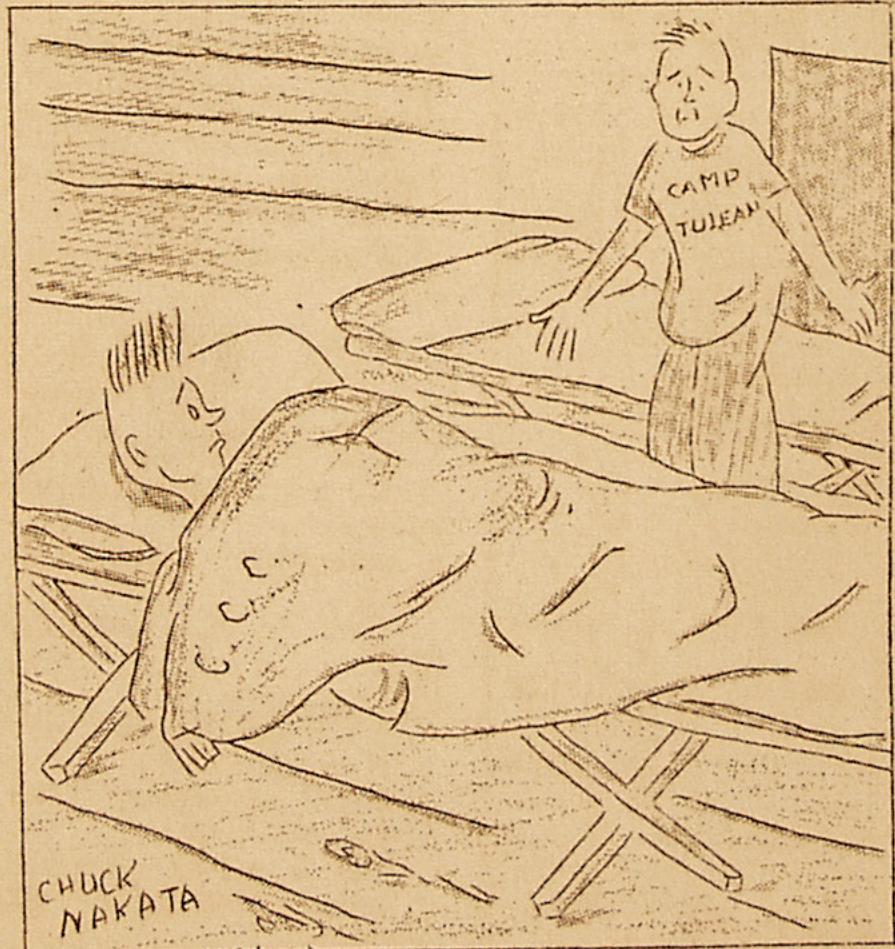

NOT VERY long ago one of the editors of THE DISPATCH was attacked by a gang of five persons on a misunderstanding arising from regulations concerning the night kitchen.

The conflict was settled when the Community Council found them guilty and recommended the administration to expel them from the Colony to some other relocation centers separately and individually: the sentence to be suspended for 60 days on their good behavior. The administration is believed to have accepted the recommendation of the Council.

We hoped that the action of the Council would have the deterrent effect on rising gangsterism here; but it apparently did not, for on the night of Sept. 4, a 26-year-old boy was reported to have been attacked by another gang of rowdy boys at dining hall 25 where a Popularity Queen campaign dance was being held. The facts of the case are being investigated by the police force here today.

If law and order is to be maintained in this Colony a strong action must be taken against these boys this time to prevent recurrence of such an unfortunate incident.

It is devoutly hoped that the administration will concur with this opinion which seems to be the opinion of the Colony as a whole. HMI

CHUCK NAKATA

"JUST BECAUSE YOUR CANDIDATE FOR QUEEN LOST, BILL, YOU DON'T HAVE TO STAY IN BED AND SULK."

HAYES EXPLAINS COAL SITUATION

(CONTINUED FROM PAGE 1)

the installation of a coal-hopper was found to be too expensive. This meant an outlay of \$15,000 and, in all probability, it could not be obtained at all because of priorities.

The Regional Office was requested to provide some sort of mechanical unloader on Sept. 1, and the following day a telegram was received that a portable coal conveyor was available and every effort would be made for its installation at the earliest possible date.

The usefulness of this coal conveyor will depend on whether coal shipments are made in drop-bottom cars. Present indications are that coal will continue to arrive in box cars, and if this is the case the only method of unloading the coal will be by hand.

In any event, this is a job that must be done for the comfort and safety of all colonists. Volunteer groups working the last three nights, along with the regular coal crew, have unloaded in excess of thirty carloads of coal. The cooperation of all workers has been splendid.

The fuel detail will provide work for 200 men, and all workers now employed on the detail are urged to tell their friends to enroll in this most vital work.

Act now!

JOE O. HAYES

Ass. Project Director

NOTE: LABOR DAY DANCE WILL BE HELD AT 7:30 AND 9:30 ONLY.

NEW FLAG POLE INSTALLED

Old Glory will wave in all her splendor over the Colony, with the erection of the new flag-pole in the intersection of the central firebreaks. The length of the pole is 122 feet and 10 inches including the ball-tip. The concrete base is 10' by 10' and is 13' deep. Approximately four working days were required to excavate and pour concrete for the massive base.

NURSING COURSE UNDER HOSPITAL

A change has been made in the home nursing course. The course will no longer be under the Adult Education Department but will be given by the staff of the Base hospital.

The class is being held daily from 8:30 to 9:30 a.m. in Mess Hall 720. Registered nurses from the hospital staff are acting as volunteer instructors.

Women between the ages of 25 to 40 are preferred. Red Cross certificates will be given following satisfactory completion of the course and a permanent registry will be maintained at the Base hospital.

It is also planned that a large proportion of these completing the course will be directly employed.

FINE ARTS DEPT. TO GIVE RECITAL

Fine Arts department will give an afternoon recital from 2-4 p.m. on Labor Day, Sept. 7 at #2508. Students of drama, dance and music will perform. Parents and interested friends are cordially invited to attend.

SE. CHRONICLE WRITER HERE

Scott Nowhall, staff member of the San Francisco Chronicle, arrived in the City Saturday. He will make his stay here through Monday, collecting data for articles on Tule Lake.

PHOTOGRAPHER VISITS COLONY

Upon the request of Project Director Shirrell, Francis Stewart, official project photographer, will spend the week end to record in pictures the Labor Day celebration. He arrived here Saturday.

VITAL STATISTICS

DIED: Manabu Yamada, 21, 7515-F, son of Mr. and Mrs. Tomijiro Yamada, Sept. 5, 4:25 a.m.

Yamada, formerly a student from Seattle, Wash. is survived by his parents Mr. and Mrs. Tomijiro Yamada; three brothers, Isamu, Noboru, and Susumu and a sister, Ayako.

Buddhist funeral services are pending with Yamada's mother who is in the hospital at Seattle, Wash.
