

Gambling on the Project is strictly forbidden. The City council and the project director have explicitly made it clear that gambling is not allowed. Any person or persons who are caught gambling will be prosecuted by the district attorney of Modoc county seat.

## GAMBLING PROHIBITED IN THE COLONY

## 700 BALLOTS CAST BY NISEI IN RECENT STATE ELECTIONS

Approximately 700 nisei from this Colony cast their votes in the recent gubernatorial election which Earl Warren, a non-partisan candidate, defeated Governor Olson, who was up for re-election; legal aid department disclosed.

All the voters wish to publicly extend their appreciation and gratitude to Judge Frank E. Morebar, justice of peace at Tule Lake, and Mrs. Helen Haley Thomas, notary public, for their services here.

Mrs. Thomas will be in the Administrative building to notarize legal forms, Monday, 1:30 p.m.

## EDUCATION WEEK: OPEN HOUSE AT COLONY SCHOOLS

In observance of American Education Week, which has been set for the week November 8 to 15, the Tule Lake Project's Elementary school will hold an open house Thursday to Friday.

The schools invite the parents to visit the classes during this week.

For those parents who cannot come in the daytime, each of the three elementary schools will be opened from 7:30 to 9:30 p.m. one night of the week.

Although the pupils will not be there, the teachers will be in their rooms.

The open house schedule is as follows:

Thursday night, Nov. 12, Washington School, Block #72.

Wednesday night, Nov. 11, Hin Rock School, Block #50.

Tuesday night, Nov. 10, Lincoln School, Blocks #24, 35, 36, 37 and 58.

## RETURN SUGAR RATION BOOKS

Sugar being sent into the Colony from the outside has been withheld. It will be released only when it is proven that the person has their ration book on file here and the reason for sending the sugar is favorable.

If sugar ration books are not on file here, Colonists are again asked to turn them in to their block manager's. Once more it was made clear that everyone is getting the amount equivalent to those outside are receiving.

## DISPATCH STAFF DIGS POTATOES AND CARROTS ON THE FARM AND LIKES IT

A little bit tired, a little bit weary, THE DISPATCH staff, nevertheless came here, happy after spending a day on the farm. 24 men and girls helped pick potatoes and dig carrots and enjoyed a piping-hot lunch out in the open, Friday.

"I didn't think I'd have so much fun," said Reporter Rose Ichikawa.

## POST HIGH SCHOOL PRE-REGISTRATION

Pre-registration for high school graduates interested in college curriculum is now being taken by Mae Sato, higher education registrar, at 3108. Office hours are from 8:00 a.m. to 5:00 p.m. Mondays through Fridays and 8:00 a.m. to 12:00 a.m. on Saturdays.

## A CIVIL ENGINEER

...and a tin smith are wanted by the Placement office.

## DRS. BABA, HARA AND HASHIBA ADDED TO MEDIC STAFF

With the arrival over the past weekend of Doctors George R. Baba, Masauki Hara and George K. Hashiba, the medical staff of the base hospital is now complete. Doctors Kazuo and Yoshie Togasaki and Mr. Chiye Yamauka, registered nurse and public health nurse, have been previously mentioned.

New arrivals also include Mrs. Masauki Hara, and Miss Margaret Saito, accredited laboratory technicians.

Dr. Jerome W. Bettman, eye specialist from Stanford University Hospital in San Francisco, arrived in the Project Thursday for a two day visit. He left Sunday afternoon.

"Let's come out here more often."

It is hoped that other departments would follow the same suit in helping the farmers harvest the crops. Acres of vegetable are threatened by the impending cold weather.

On the heels of THE DISPATCH staff, a contingent of block managers went to the farm Saturday.

More than 100 recreational leaders will aid the farmers tomorrow.

# LAST CONTINGENT LEAVES FOR IDAHO BEET FIELDS

Twenty-five young men comprising the last contingent to leave the Project for the beet fields departed early Thursday for Caldwell, Idaho. Three women were included in the party.

Tom Yego of the community council, who returned from Caldwell Saturday, after a survey trip left again on the bus Thursday to continue his inspection. He stated that at least 90 per cent of those who left for beet work will begin returning in steady stream. The rest will secure employment on the farms during the winter doing routine farm chores.

"Two days here are enough," said Stanley Sugiyama who also went back to Caldwell with Yego. "I'm going back there. Carrots and potatoes are good money makers."

"We slept in well-reinforced tents with electricity and we had loads of fun. We visited Minidoka center and found it incomplete!"

Sugiyama was formerly editor of the *WATTLE DISPATCH*.

In this City's first high school voting the seventh graders showed up their upper-classmen by casting 250 of the total of 1267. The total votes show that the high school students are vitally interested in their school and its activities.

Blue and gold was chosen as the school colors, with a plurality of 193 votes over cardinal and white, runner-up which pulled 292 votes. Blue and gold, yes sir, a wise choice! (U.C. colors)

Of the thirteen symbols suggested, the Golden Eagle emerged victorious. Looking at the list of the suggestions reminded us of some sports league---Scorpions, Seagulls, Indians, Rattlers, Eagles, etc.

In the school naming contest, Tri-State High School was the unanimous choice of the students with a total of 824 votes being drawn. Closest rival was Newell with 386 votes. One vote for Sacramento High School was tabulated though it was not listed.

In resume, it's Tri-State High School with blue and gold as its colors and the golden eagle as its emblem. Now, all we need is a school song, a campus, and perhaps a football team to make the picture complete.

With cold weather setting in, the boiler rooms have become, more than ever before, the most popular gathering places for bull sessions. Now that we have cold nights, bull sessions and "tea" sessions have greatly increased.

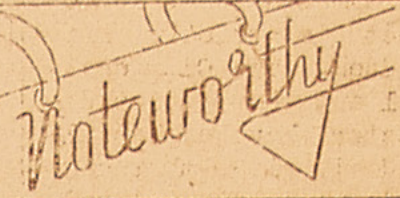

Starting quietly at first, the story about our supposed relocation has gained much momentum.

## STATE LAW REQUIRES HI SCHOOL GRADUATION

It was emphasized again that all boys and girls under 18 years of age and who are not graduates of high school are required under the California state law to attend school. Frank Fagan, placement officer, stated that careful checks are being made by all divisions, and any school age boy or girl found employed, will be terminated in accordance with the law. He said that both the parents and their children will be held responsible for violating this regulation.

Fagan added that this ruling will also apply to those employed outside the Project.

The similarity of this rumor to the one which took place in Manzanar is very striking, both involving crutches and wheel chairs which are supposed to be stored in the warehouses for wounded soldiers from abroad.

## VISITOR . . .

Dr. James A. McLaughlin, formerly of Harvard University and now assistant solicitor of the WRA, was a guest of the Legal Aid department last week.

## P. E. GRADS . . .

F. D. Fagan of the Placement office would like to interview high school and college graduates who are interested in physical education. Some new opportunities have just developed which Fagan would like to discuss.

## TRUCK DRIVERS WANTED

As additional trucks are now being issued to our project by the Ninth Army Command, opportunities are now open for an additional number of truck drivers and all men between the ages of 21 to 50 who have driving experience and wish to sign up with the Transport and Supply division are requested to see either Fred Matsunaga, principal dispatcher or the Chief of Transportation division, M.C. Cooke.

## TYPISTS WANTED . . .

There is an unusual demand for typists and those wishing to continue their typing career should apply at the Placement office immediately. At present there are four opening for typists.

## CABARET SCHEDULE

The popular International Cabaret will move into Wards IV, V and VI next week to cater to residents in those sections.

The schedule for the coming week is as follows:

Monday--at #720 for Ward 4.

Tuesday--at #2120 for Ward 4.

Wednesday--at #4218 for Ward 5.

Thursday--at #4718 for Ward 5.

Friday--at #5018 for Ward 6.

Saturday--at #5818 for Ward 6.

Tickets are sold for 10 cents each.
