

## DRIVE SLOWLY

Action will be taken on the colony's drivers who continue to exceed the 20 miles per hour speed limit, the WRA wardens have reported again.

It was pointed out that the life of the tire is shortened by speeding.

## COLD HITS COLONY; 9°

Residents of the colony were treated to a dress rehearsal of winter weather when Monday morning dawned with the temperature ankle low at a cold, freezing 9 degrees.

This is the coldest temperature recorded in the city to date. Heavy frosts and bone chilling winds are indications that winter is steadily moving in.

The lowest temperature reading last year about this time was 12 degrees.

This is spring weather compared to the 27 degrees below zero weather recorded in Dec. 1932.

## NOVEMBER THERMO READINGS LISTED

Temperature reading for the month of November from 1932 to 1941 is as follows:

YEAR	MAXIMUM	MINIMUM
1932	66°	15°
1933	63°	7°
1934	73°	15°
1935	58°	1°
1936	75°	5°
1937	63°	15°
1938	66°	5°
1939	71°	14°
1940	60°	11°
1941	70°	12°

## RADIO PARTS AT SHOP ONLY

Radio parts can only be purchased through the radio shop of the community enterprises at #7207-A, hereafter, it was announced by Harold S. Jacoby, chief of internal security. Persons wishing to purchase special parts may consult Henry Ichinura at the shop.

This action was taken to minimize the problem of contraband parts.

## WEST COAST CLEARED OF ASSEMBLY CENTERS

SAN FRANCISCO—Transfer of the Japanese from the Pacific Coast assembly centers to the numerous Relocation Centers was completed last week. The evacuees are now directly under the supervision of the WRA, a civilian organization having no connection with the Army or the War Department.

General DeWitt, Commanding General, Western Defense Command and Fourth Army, praised the cooperation extended the military by several Federal civilian agencies in handling personal and property problems of the evacuees.

"Well co-ordinated team work," said General DeWitt, "accounted for the smoothness with which the complete operation was carried out. A regulated pace that met a schedule with the least possible disturbance to personal relations and dislocations of business or property interests characterized the entire procedure."

Commanders of the various military sectors were also cited for their devotion to duty.

## TWELVE WRA PROJECTS

The twelve War Relocation Centers in seven different states to which the evacuees have been transferred are the following:

- Arizona-----Parker Poston Sacaton
- Arkansas-----McGehee Donson
- California----Tule Lake Manzanar
- Colorado-----Lamar
- Idaho-----Eden
- Utah-----Delta Tropic
- Wyoming-----Heart Mountain

## REC'S AID IN HARVEST

Community Service is the division that the Recreation department is listed under. Today the "rec" department truly lived up its title. Close to a 100 members of the rec staff rolled up their collective sleeves and did volunteer work on the hard pressed project farm.

Farm officials praised the co-operative spirit of the Colonists and credited them with the saving of many hundreds of sacks of potatoes, crates of lettuce and other farm products.

## COLLEGE COURSES AT COLO. CENTER

ANACHE, COLO.—Four representatives of Lamar junior college visited Granada relocation center to interview 30 prospective students, disclosed the center paper.

The major problem confronting the college authorities is the transportation to and from the college.

The representatives emphatically stated that the college was unable to provide the transportation and it was up to the WRA to solve the problem.

Arrangements for extension courses for Project residents have been completed with the University of Colorado and Colorado State Board of Education.

## AID TO BE GIVEN IN PROPERTY PROBLEMS

Adequate assistance in handling problems concerning their properties is assured the residents of relocation centers with the establishment by the War Relocation Authority of the Division of Evacuee Property.

Its function is to oversee the administration of agricultural, residential and commercial properties to the best interests of the evacuees and the national welfare. Since the waste of any resources is detrimental to the war effort, this policy will insure the maximum utilization of these properties with full and proper regard for the rights of evacuees.

This does not mean that the Government will do the work of private agencies where satisfactory channels for the handling of properties already exist.

Primarily the Evacuee Property Division will act in the capacity of adviser or negotiator. Where necessary, then, an evacuee may enlist the assistance of WRA to:

Secure tenants or operators for both agricultural and commercial properties.

Negotiate new leases or renewals of existing leases.

Obtain buyers for real or personal property of all kinds.

Effect settlement of claims for or against an evacuee.

Adjust differences arising out of inequitable, hastily made or indefinite agreements.

Obtain an accounting for amounts due, and facilitate collection thereof.

Ascertain whether property is being satisfactorily maintained or whether damage or waste is occurring.

Check inventories of goods and equipment, and recommend utilization of material for the best interests of the evacuee and the nation.

Field offices have been set up in three locations to expedite business transactions.

### PLEASE RETURN

A pink angora scarf, which has been a keepsake was lost last week-end. Finder please turn it in at THE DISPATCH office, #1608.

## ADULT ED. TEACHERS RECEIVING FEE ARE WARNED

It has recently come to light that one or two teachers have been charging fees from their students. This is entirely unauthorized and against Project regulations, according to Mrs. M. Francis of the Adult Education dept. Teachers are paid according to the scale by which all other Project workers are paid. Any teacher found carrying on this practice from now on will be immediately terminated.

Selling sewing machine bobbins and other Government property to students has also been revealed. All bobbins provided with Government sewing machines are Government property. The misappropriation and resale of Government property is an extremely serious offense.

The only case in which a teacher is justified in selling anything to the student is when a purchase of the item by the teacher has been planned and agreed to by the students. In such cases the equipment or materials should be sold back to the students at cost, without profit to the teacher.

A receipt, showing the amount paid by the teacher for the equipment or materials, must be secured by the teacher, shown to the students and filed with the Adult Education department in the Administration building.

## Star Dusting

SO NEAR, YET SO FAR

Sometimes I wonder why I spend these lonely nights drumming the desk with my fingers, figuring what to do.

Live alone and like it, they say, but I've found life with myself a monotonous emptiness. My bed hasn't been made since last Sunday. A layer of fluffy, white dust has settled on its cover.

I turn on the radio but all I hear is a commercial blab. I open a book but the words blur in front of my eyes. I slam it shut.

Across the way in the barrack, I could hear the gay young voice of a girl laughing--so near, yet so far.

Nothing better to do, I throw my black G.I. coat on and head for the office to find somebody to start a "bull session" with. The topics are invariable. We talk about things boys usually talk about when they get together.

Through the window, we hoot and heckle at a boy and a girl coming home from a dance, although, in our hearts, there is only envy.

Waving the gang good-bye, I head for home in the far corner of the Colony. The field is abandoned and a chill wind comes to linger with a pall that lay across the silence. I dig my hands deep in the pocket in search for comfort.

Walking home between the dark rows of barracks, I could sometimes hear young children playing merrily on the floor and the soft reassuring voice of the mother.

Yes, it's tough to be a bachelor. Nobody wakes me up in the morning so I just snooze on and miss my breakfast. I eat at a table of ill-mannered old "foggies" who slop their food all over their mouths and vests. My shirts are always "tattle-tale gray."

Yes, I'm a member of the lost legion.

**SATURDAY NIGHT**

...announcement was made at the Kawawaki residence. Marjorie Kawasaki of Seattle and Morris Abe of Portland were the victims of cupid's arrow this time.

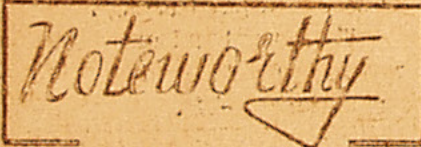

"Saying it with flowers", each guest was presented with a floral corsage--an orchid for each girl and red carnations for the boys. Enclosed in the envelopes attached were the words "Marjorie and Morris."

About 25 guests were present.

**OUIJA TOLD THIS ONE:**

...A Sunday afternoon tea at the home of Mrs. Ray Yasui was the occasion for the announcement of Alice Tamura's and Johnny Ito's engagement. Alice is formerly of Hood River Oregon and Johnny is from Gresham, Oregon.

While playing Ouija, the engagement was disclosed. Delightful refreshments were served--individual cakes with the words Alice and John written on them.

**TSUTOMU ORANA**

...arrived in the City from Washington, D. C.

**ANY PERSON**

...finding a government issued check bearing the name Marcelline Tomiko Uyeji please turn in to either the high school principal's office or to #50 block manager's office.

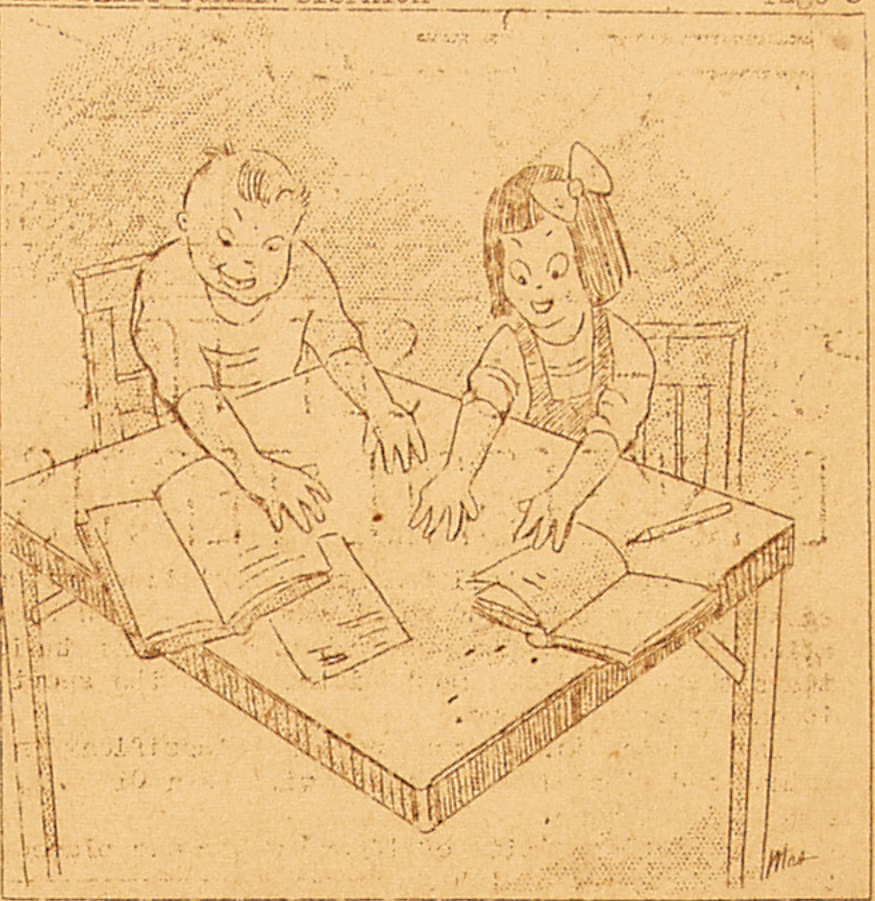

**OPPORTUNITY**

...to learn the trade of butchering from slaughtering to the finished product reaching the consumer will be offered to anyone interested.

Applicants are asked to contact Frank Fagan at the Placement office.

**WOMEN**

...interested in dish washing and kitchen help in or out of the Project are asked to register at the Placement office immediately.

"OUIJA, OUIJA, WHAT'S THE ANSWER TO, 'IF FARMER B HAD 45 BUSHELS OF APPLES...'"

**LOCAL JACL CHAPTER TO DISCUSS NATIONAL CONFAB**

**CORRECTIONS ON PAY CHECKS**

Employees of the warehouse, coal crew, garage, motor pool and property control are asked to call for the remainder of their September pay instead of October as stated in yesterday's Dispatch.

Checks may be claimed at the office of the Transportation and Supply Division.

**MORE CHECKS**

September and August checks for the Maintenance division are still being held at #325. Checks not claimed within a few days will be sent to the regional office.

**NEW CLASSES**

...in crocheting and embroidery will open soon. Registrations will be taken at #1808 on Thursday from 8 a.m. to 5 p.m.

Since the classes may be limited to 30 students, all those interested in these classes are urged to register early, according to Mrs. Irene Yoshihara.

To discuss problems pertinent to nisei welfare which will be brought up at the National JACL conference in Salt Lake City, November 17, the local Citizens' League will meet at #2120, 7:30 p.m. Thursday.

Walter Tsukanoto and Ted Nakamura will represent the Colony chapter at the confab to which all the relocation centers were requested to send delegations.

It was indicated by the League here that Dillon Myer, national director of the WRA, may attend the conference.

**VISITORS...**

C. H. Powers, regional construction engineer, Major Wilkes and Lieutenant Newbury have been visiting here to make final checks on buildings being constructed.

**CARD OF THANKS**

The Rev. and Mrs. Shigeo Tanabe wish to thank all for the many expressions of kindness and sympathy received during their recent bereavement.

## ZEROS WIN TWO JUNIOR GAMES

Zeros took a double victory during the past week-end to take a close second behind the league leading Panthers in Junior League standings.

Saturday, the O's put together everything from pass interceptions and long runs to romp over Clarksburg 38-6, and then on Sunday they handed the Octo-Puss their first set-back 7-0 on a first period touchdown pass from fullback Mas Honda to halfback Joe Yamanaka.

Seahawks clean record received a slight tarnish when the fighting Marysville team held them to a 0-0 tie, while the Blitzers and Hood River chalked up a like score.

### OCTO-PUSS WIN

Octo-Puss won their third victory last Saturday by a 13-6 score over Isleton. Cowboys counted first on a pass interception by Bob Tomita, but the Octo's came back on two twenty-five yard scoring passes from George Natsuhara to brother Frank and Stanton Tsujikawa, respectively.

Washingtonians won a thriller from the Thunderbolts 13-12.

### ISLETON DOWNS

#### ESQUIRES 6-0

After playing a magnificent defensive game in the first half, the Isleton Cowboys came through with a touchdown in the third quarter to squeeze a 6-0 victory over the here-to-fore undefeated and untied Esquires in a Senior loop game.

Nagao Tomita, Cowboy sub, snatched a lateral and dashed 30 yards for the game's lone tally to give Isleton it's third league win.

## SEAGULLS-MARYSVILLE BATTLE TO 0-0 TIE

In a thrill-packed see-saw battle last Sunday the undefeated and untied Seagulls and Marysville battled up and down the field and got exactly nowhere because when the final whistle sounded the score was a 0-0 tie, and put both teams 2½ games behind Scorpions.

It was Marysville's tricky shifts and reverses against the Gulls straight pass and run attack and from the spectators point of view it was an exciting game with plenty of spectacular plays and pass interceptions.

Seagulls had two golden opportunities to make a touchdown. In the second quarter with the ball in midfield a long pass downfield was deflected into the air by two defensive Marysville players and bounded into the arms of the Gull left end on the 10 yard stripe. A pass was incomplete in the end zone but a run around right end netted

five yards and a third down with five yards to go for a touchdown was set-up. But the Marymen stiffened their defense and the threat fled.

Again in the second half a blocked punt gave the birdmen the ball first and goal on the five but again they were unable to score.

Despite the tie, however, Marysville gained one game as they were previously scheduled to play the Shamrocks, who dropped from the Senior League.

# SIGN-UPS SET FOR BASKETBALL TEAMS

Nearly 30 basketball team representatives attended the managers meeting which was held at the Recreation Center on Monday evening, and from all indications there will be much interest in the sport if it can be started here.

Topping the discussion was the classification of teams and tentatively there will be a Class A, B, and Junior League.

Definite age limit of 16 and under was placed on the Junior League with a possibility of a PeeWee League but the A and B divisions will be made according to team caliber.

Each team entering a certain league will have to be approved by the other teams in that league so that the strength of the respective squads will be as equal as possible.

Deadline for handing in team rosters has been set at 5 p.m. Saturday, Nov. 14 at the Rec. Dept.

It will be necessary to indicate what league they wish to enter and also where the nearest two-basket court is located in their vicinity.

### SENIOR LEAGUE:

## BEARS, BRONCOS, RIVERSIDE WIN FIRST GAMES

Capitalizing on a blocked kick the U.C. Bears chalked up their first Senior League triumph last week-end over Block 52 by a 6-0 score.

P.A. Shibata passed to Shig Okada for the tally in the final quarter.

Riverside also won their first league game in three starts by dumping the Sunsets 12-6.

Broncos overcame a six point deficit in the fourth quarter to take a 14-6 victory over hapless Block 52 team in another Senior tilt.
