## SCRIP BOOK ON SALE FOR CO-OP PURCHASES

The immediate sale of scrip to colonists for the purpose of recording individual purchases to serve as a basis for the payment of patronage dividends to Co-op members, was decided at the meeting of the Board of Directors.

The reason for the immediate sale of these scrip books is to protect the Cooperatives from the payment of taxes on profits made from member purchases hereafter. Taxes may be levied against the past profits of Community Enterprises.

## KURAMOTO IS CO-OP PREXY

At the first meeting of the newly elected Board of Directors of the City's cooperative S. Kuramoto and S. Kubo were elected president and vice president respectively of the board.

The position of the general manager of the stores was given to Sumio Miyamoto with an assistant manager yet to be named.

Still in the process of revision, by-laws underwent changes recommended by McLaughlin, assistant solicitor from Washington D.C.

Formation of membership and auditing committee as recommended by the committee on committees was also adopted during the course of the meeting.

The first scrip issued will be the ones used for clothing allowance. As soon as a colonist becomes a member of the Co-op, these purchases will be credited to his membership number for use in the computation of his patronage dividends. The scrip is now on sale at the Civic Organization Office, #1608 in denominations of \$2.25, \$3.25 and \$3.75 and will be honored for all purchases at all community enterprise establishments.

Colonists are urged to purchase scrip as soon as possible so that money which would go for income taxes will remain in the colonists' hands.

Scorpions should have little trouble in extending their win streak to six straight Senior League victories this week-end as they tackle the lowly and cellar-dwelling Sunsets Sunday afternoon.

With Tets Nakamura, Scorp's ace passer, flinging the pigskin, the league leaders may spend the day polishing up their attack for their big battle with the Seagulls on November 21.

Marysville has a two game schedule this week, with the up-and-coming Isleton Cowboys on Saturday and the U.C. Bears on Sunday. Although the Cowboys were dumped in their opening battle against the Seagulls, they have won their last three games and will be hard to stop. But Marysville's well-coordinated offense and their reserves make them a slight favorite, and the same goes for the Bear game.

Seagulls strong passing game is expected to carry them through their two opponents--Riverside and Block 52 -- although the Rivermen have looked good in their past two performances.

## BASKETBALL

Deadline for basketball sign-up is Sat. Nov. 14 at Rec. Dept. Hand in team classification, roster, and home court.

# SPORTS LIGHT . . . TOKO FUJI.

Initial meeting to organize basketball activities was held last Monday night. Although nothing specific was decided on, several interesting conclusions were drawn from the random discussions.

The divisions decided on were A, B and C. In the unlimited class everything was rosy except for one thing: it will not be a race. Everything points to a runaway for the all-powerful Miks from Sacramento. They have developed into one of the top nisei teams on the coast in the last few years. Last year's title bound team boasting such luminaries as all-NCVC Kenji Hosokawa, George Nagasawa, Johnny Yoshimura, Hide Kagawa, Butch Takei, and sensational Tak Tsutsui will be augmented by stars acquired in camp.

From the Oakland ME Tigers comes Ziggy Akahoshi, one time all-JAU choice. Far-famed SF Miks have contributed high scoring and perennial all-JAU Mas Hara. Former Wakaba first stringer Mas Watanabe, considered one of the best ball handlers in the valley conference, has also joined up with potentially three deep Miks.

Against this star-studded array of maple-wood performers will be pitted the rest of the league. Thus far, the youthful Wakabas are the closest thing to competition that the Miks will have to face. The Waks were beaten twice last year by the first mentioned Miks--minus Akahoshi, Hara, and Watanabe.

The loss of pivot man Bonnie Yamagawa, to the Granada Relocation Center, and Mas Watanabe leaves the Waks with but a few veterans in Bob Iwata, and Yosh Matsubara.

If the crippled Wakabas are not expected to give the favorites much competition, what will the rest of the loop do? Tacoma Bussei, Clippers and the like are not even near the Miks in experience and ability. The only other team capable of pulling off an upset is the Marysville outfit. Peach Bowl Twins Yamamoto and Takeda have never beaten a Mik aggregation in the last couple of years, although we may see a turnabout. Other than that--all but rather remote possibilities considered--the pennant race is all but decided.

all students who plan to be relocated. A complete picture as possible of student needs and desires are being carefully studied, together with college and high school transcripts and letters of reference, by a committee of college deans, registrars and student counselors. Scholarship and qualities of character, adaptability, and leadership will be used as the basis for the se-

lection. Although the council is attempting to raise scholarship funds, it is too early to determine the amount of scholarship aid that will be available to students this fall; therefore students who can pay all or part of their expenses should do so. Opportunities for students to help pay expenses by part-time work will be offered by a number of colleges.
