Evacuees Should Return Home as War Situation Warrants, Director Says

WASHINGTON, D.C.—Japanese American eva-cuees from the West coast should be permitted to return to their former homes as soon as the military situation warrants, Dillon S. Myer, director of WRA, told a house appropriation subcommittee late last week.

Myer revealed that already 500 people of Japanese ancestry people of Japanese ancestry have been permitted to return to California. Another group, it was disclosed in other quarters, consisting of 45 evacuees recently was granted permission For Slaying to return to their homes in Ha-

Those who have returned to California mostly are wives of Caucasians and their children, Myer said, pointing out that American citizens they are American citizens "both by birth and parentage."

Myer told the committee that 22,000 relocation center residents have moved to various parts of the nation and that about 20,000 of them are employed. For the most part, he said, their re-cords have been highly satisfactory and their employers have been well pleased.

The "big" problem is relocat-ing those "town and business people and former employers and merchants," Myer said. Many are being trained in fields which there are shortages such as domestics, clerical help and nursing, he added.

Most of the 70,000 Japanese and Japanese Americans now living in segregation centers are not only "safe" from the standpoint of internal security, but are loyal to the United States and want to continue living here afer the war, the

director declared. He added that many of those living at Tule Lake—the center for "disloyal" Japanese allens and native born-are not necessarily anti-American but simply feel they cannot "make a go of it" here because they have cul-tural or sentimental interests in Japan.

Generally speaking, he said, the attitude of Americans toward the evacuees depends upon the amount of agitation which has been prevalent in their locality. On the whole, he added, the attitude is much better than it was a year or two ago, chief-ly because "the nation generally knows more about the problem."

jury investigating the ,fatal shooting of Shoichi James Okamoto, 30, former Heart Mountain resident, returned a verdict clearing the sentry of all charges. The internee was shot at the main gate of the center following a heated argument following a heated ar with the sentry May 24.

Modoc County District Attorney Charles Lederer announced that Okamoto had been shot "by a soldier in the U.S. army in the performance of his duty.

Testimony of Okamoto's fellow internees who were riding on the truck with him revealed that the slain man made a threatening move toward the sentry and that it was only then that the guard stepped back and fired the fatal bullet.

During the eight-hour inquest 500 to Arrive was shown that the truck driver (Okamoto) had clashed twice with the sentry, once when he was leaving the gate and again when he was return-He also refused to show ing.

After refusing to obey the orders of the sentry several times, the district attorney reported that "suddenly Okamoto made a move, crouching and raising one arm as though to grab the soldier's rifle. The soldier backed away and shot."

Lederer said that the testimony came from Okamoto's own fellow internees—and that they agreed that Okamoto's attitude bad been "sarcastic" and "belligerent."

The name of the sentry res-ponsible for the shooting was not disclosed.

Race-Baiter's Record Reveals Birth in Austria, Doubtful College Degree

The First Methodist church of Santa Maria, Calif., in a widely-distributed bulletin received here this week, openly attacked John R. Lechner, director of the Americanism Educational league and prime West coast race baiter. Aaron Allen Heist is pastor of the church.

In the four-page bulletin, all of which was devoted to the socalled Japanese problem, it was pointed out:

Sociologists Urge Return of Nisei Rights

LOS ANGELES-Another potent force last week went on record as favoring the restoration of full rights to evacuees, when the Los Angeles chapter of the American Association of Social Workers discussed fully the aspects of the problem.

Monsignor Thomas J. O'Dwyer presided at the session which listened to arguments from John R. Lechner, director of the Americanism Educational league and Clinton J. Taft of the American Civil Liberties Union.

Following the discussion a resolution presented by Harry Henderson, former secretary of the Los Angeles YMCA and secthe Los Angeles Talout and the returns from the service in the sociological department, University of Southern California, versity of Southern California, reference ever enlarges one's was adopted practically unanimously.

There is no more truth in 'an Austrian's an Austrian than a Jap's a Jap'—but just as much."

Discrediting Lechner's record, the bulletin states:

Militant 'Christianity

Every person of Japanese ancestry owes an ever-increasing debt of gratitude to the Christian churches of this nation. Without doubt they have done more and are doing more to integrate and re-establish nisei and their loyal parents in American life than any other group or organization.

The day when the church offered only spiritual aid and teaching is long since past, and, girding itself to meet the demands of a constantly changing world, the Christian church has become the Church Militant.

Protestant and Catholic churches alike have come to the front not only to preach but to practice the

teaching of the church.

Even before evacuation, church members aided our people in numerous and gratifying ways. They were not the soft-hearted groups who stood idly by weep-ing crocodile tears. They were the people of action bringing succor to a bewildered and confused minority. Nor did their aid stop there. The good Christians followed through evacuation and their presence were rollowed through evacuation and their presence were felt behind the barbed wire fences of relocation centers. That first Christmas behind the watch towers with its feeling of despondency was lifted from the depths by the Christian churches of the nation with their gifts and tidings of good cheer. It did not stop there.

The churches were a long step ahead of everyone in the relocation of everyone in the relocation of everyone.

in the relocation of evacuees. Different groups or-ganized hostels inviting workers out to aid in the national war effort and to reestablish themselves at the same time. Undoubtedly, the Christian churches are responsible for the relocation and reestablishment of more evacuees than any other organization or all other

groups combined.

Apparently of the belief that the American public would not accept persons of Japanese ancestry until they were known on the same basis as other people, friendliness. the churches were responsible for bringing both issei and nisei into wholesome contact with Sunday school groups, young people's organizations and adult classes. Without this healthy contact in new communities the newly-arrived evacuees would have been lost, utterly alone in new and strange cities.

Not averse to pointing the accusing finger at politicians, the Christian churches ready to fight for Christian treatment of its fellowmen, have demanded and reiterated their demands for rightful treatment.

The Christian churches have fought racial prejudice; intolerance and persecution. They have challenged the racists, the pressure groups and, the ignorant. Their work cannot be measured by the immediate accomplishments but by the future effect that is bound to result from their conscientious work.

Every evacuee should derive a great deal of satis-faction from the militant action of the recent international conference of the Methodist church in Kansas City where the representatives of 8,000,000 church goers unanimously went on record for the restoration of "full rights of citizenship" for loyal Japanese Americans, and the "return to their former residences and occupations."

The churches have our sincere appreciation for their efforts on our behalf but that is not enough. We there furtive glances cast our must show our deep gratitude in other ways. We must way from behind curtained show that we sincerely appreciate their efforts by ex-windows.

tending our assistance to them for the benefit of all lt seems, in retrospect, that we other groups and minorities who share in the broad were accepted in the same benefits of Christianity.

There are many things that we can do to help others because regardless of our own personal losses and attitudes there are some who suffer even more than we, so let us respond to Christianity by returning it to others.

Washington News-Letter

ertinent and impertinent about Washington: This city, with its some 260,000 civil service employees, claims a solid corner on the nation's white collar crowd. It also has more uniforms walking around in proportion to civilians than any other city. Captains and majors are commonplace, and there are just crowds and crowds of WAVES in seersucker blue, SPARS in summer green, and yoo-hooing sailors in white.

Washington has more taxi cabs than you can shake a stick at. It seems that all a person does is get a license. paint a sign on his car, and he's in the cab business. Cab drivers earn good money, so good in fact that people quit jobs paying \$12 to \$15 a day to drive a cab. Some moneyhungry opportunists, who work in the daytime at their regu-lar office jobs, drive cabs at night, and haul in anywhere from \$100 to \$200 extra per

Reasons for the abundance of cabs are: congested buses and street cars, a perplexing trans-portation system, and people's cagerness to get places in a hurry. The tempo of life is hurry. The tempo of the fast. Impatient jaywalkers are constantly getting bawled out by cops, and getting fined \$2 to their money is going about this

This is a city where "Help Wanted" signs are placed in windows of stores and restaurants, and are never removed. Desperate employers are not fussy. Signs read: "Help want-ed, male or female, full or part time, no age limit."

Washington is a city of public squares and circles, trees and gardens. It has California cities beat a mile

in arboreal splendor. And the good part of it is that you don't hear the California chamber of commerce guif about "Nature's paradise" "garden spot of the universe."

The wescome absence of civic braggadocio is due in part to the fact that Washington is a city of out-of-towners. A na-tive Washingtonian is a rare animal. You see more people standing on corners studying street signs or asking directions of policemen.

Washington is a city of high humidity. The moisture-laden atmosphere is murder to people with sinuses, asthma and rheumatism. When summer really turns on the heat in the dead of August, so they say, you just about hit the ultimate in climatic discomfort. A relocatee from Poston who weathered last summer's oppressiveness here said she'd much rather be in Poston in the summer, where the mercury plays around 130 degrees.

In pre-war days, office workers were allowed to go home when the thermometer registered 90 degrees. Due to the shortage of freen, conditioners will be operating only part time this summer or not at all.

People who wonder where all time of the year can get their answer by looking in their closets. It's hanging quietly from their clothes hangers. For if you want to do as the "Romans do" here, you'll sink a good share of your salary into summer duds. "Cool" is the word accented in clothing ads. "Breeze-inviting fabrics that have 1600 'open windows'

per square inch," etc. (More about Washington another time)

Reverend Fertig Says: One Year Ago Prejudice Affects All Minorities

ing article appeared in the May 27 Issue of the Open Forum, ACLU publication.)

"Would prohibiting the return of the Japanese to California be a threat to other minority Are blanket charges groups?" against, and unselective restrictions upon, the Japanese in the United States prophetic of what might happen to other American minorities? So think those other minorities, said the Rev. Fred Fertig in his discussion over KFAC on May 7. He then went on to say:

"What has been the attitude of these minorities since Pearl

"After Pearl Harbor, the first Los Angeles newspaper to ask for-fair treatment to the Japanese was a Negro newspaper. On the very night of December 7, Dr. Lechner, in Hollywood, speaking to a group of Korean Americans, asked that they recognize the loyalty of the great majority of Japanese Americans and act with courtesy and under-standing towards them.

"On December 8, a Jewish rabbi of this community in a public meeting reminded his hearers of the fate of the Jews as scapegoats by which Hitler's Germany was built. The rabbl compared the fate of these Jews with the possible fate of the Japanese in America. He asked Americans to remember that the belance of these Japanese American-born and had no connections with Japan or its milltaristic program.

"The first week of the war I received an air mail letter from a Filipino, a former resident of Los Angeles. He wrote: 'I feel for the Japanese Americans and the hatred they will now likely experience just because they happen to be Japanese. Give them my best wishes.' He wrote that although at that very moment he feared for the life of his parents in the Philippines.

"When the Japanese were evacuated, among the numerevacuated, among the numer-ous friends to see them off were their neighbors and schoolmates of as many an-cestries as are represented in California. Many of the pro-perties of Japanese Americans were assigned for care to Chinese Americans, At the visitor's gate at Santa Anita and Pomona assembly centers could be seen Negroes, Jews, Chinese, Mexicans.

"When their Los Angeles Japanese friends were moved to the relocation center in Wyoming, the local Chinese American girl scout troop sent them a packet of gifts. Explained troop leader Julia Chung: We felt that in this way we could best express our conviction that in Girl Scouting there are no racial barriers."

"When a state assembly committee came to this city to in-quire as to whether Japanese should be allowed to return to California, Floyd Covington, executive secretary of the Urban league, asked to appear.

"The Urban league is a national Negro organization that deals with job and housing discrimination against Negroes Mr. Covington desired to testify as to the concern Ne-groes held, that unreasoned prejudice against Japanese would spread through the whole American racial fabric.

"Though Mr. Covington was put on the schedule of witnesses and was present two full days, he was not called to the wit-ness stand. He was told that the Japanese problem was of no importance to the Negroes. We would think though that Mr. Covington would be better prethat Mr. pared to judge that.
"Recently, the leading Los An-

geles' minority publications have manager later told the pastor (shown unanimous interest in the campaign of racism that has been directed against the Japanese in America.

"On March 3, the B'nai B'rith Messenger, a Jewish paper, had this statement: Japanese could be forcibly evacuated for reasons of military security or for any other reason, could not persons of German ancestry (like Dr. Lechner and myself) or Negroes or Jews be evacuated next time?' That is the theme that runs through the minority press.
"It has been repeated in the

Los Angeles Tribune and the California Eagle, leading Negro papers; in the Associated Filipino Press and the Pacific Pathfinder, Filipino publications.

"Dr. Lechner, in his pamphlet dealing with the Japanese question, claims that the people working for the restriction of Japanese are not motivated by race prejudice. Whether that is or not, the effect of such a campaign of restriction is the same as if it was purely prejudice. It is the effect that we should be interested in.

In Germany, it spread from the Jews to the churches, labor unions, cooperatives and democraticallyminded groups in general.

"A couple of weeks ago mem-bers of our inter-racial church sought admittance to a local skating rink. They were re-fused admittance because two of our party were Negroes. The All People's that he didn't want Chinese either. There is no point at which to stop in racism. mas. . .

"In 1943, the annual Chinese Christian Youth conference representing Chinese Americans from all over the nation, and with several Chinese American soldiers voting, passed this resolution:

Whereas the war with Japan has promulgated wellorganized propaganda of racial hatred and discrimination affeeting loyal American citizens of Japanese ancestry, and, whereas propaganda as "No Japs in California" which is gaining prevalence in the state is against all principles of fair play and harmful to true democracy; therefore, be it re-solved that we Chinese youth . . . in consonance with the

sentiment of Mme. Chiang Kai-shek, "No hatred toward the Japanese people," condemn such activities to be un-American, undemocratic and unChristian'."

"I submit that not to allow loyal Japanese to return to Cal-ifornia is racial discrimination, and that it opens the doors to "Unfair discrimination indiscriminate prejudice against against one minority soon all minorities."

Rochester Area Offers Family Resettlement

ROCHESTER, N.Y.-Excellent ing housing and otherwise mak-ing a successful adjustment in opportunities for family relocation are open to evacuees resettling in the industrial city of Rochester, N. Y., internationally known center for the manufacture of camera, photographic and other goods, and in the surrounding agricultural area, where the principal crop is fruits and vegetables, according to Harold S. Fistere, WRA relocation supervisor for the Middle Atlantic area.

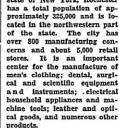

"Nearly a year ago a group of local citizens established the Rochester resettlement committee, which is now enlarging its service to reset-tlers," Fistere said. "Approximately 30 evacuees have already resettled in the Rochester area, including two who are working in clothing-manufacturing plants, two as domestics, one as an orchardist on a nearby farm. There are also five students at the Uni-versity of Rochester and the Eastman School of Music and ten girls who are training to be nurses at several Rochester hospitals.

"Because of its many employopportunities, community sentiment, excellent educational and recreational facilities, and accessibility to the cities of both the East and Midwest, the Rochester area is well suited to family resttlement on a permanent basis. The work of the citizens' committee is an indication that newly arrived resettlers will find await. ing them a cordial welcome and

SPORT

By GEORGE YOSHINAGA

The long forgotten sport, tennis, will be revived here at Heart Mountain with the construction of three courts on the high school lot.

The courts will be situated between the football field and the softball diamond and will run north and south. The work of clearing and leveling will be done by the athletic department but the actual work of lining the court with clay and building the backstop must be done by volunteers who wish to join the tennis club, which will be or-ganized for this purpose.

Those interested should signup immediately with the athle-tic department because work is expected to start soon. The members of the tennis club will have preference on use of the courts after they are completed.

Leading the host of racquet wielders is George Tanbara, former varsity letterman on the USO tennis squad.

Championship Game Set for Today

For 13-6 Upset Over Block 20

Amateurs scored three runs in the eighth and seven more in the last frame to blitz the favored Block 20 nine, 13-6, last Saturday to take the runner-up spot in the league standings.

The winners tallied a run in the first inning after two were out on two walks and an error and scored another in the third on two hits and an error.

Mercs Continue Victory March

Although throttled for five innings by the fireball offerings of Yosh Shimizu, the high-flying Mercuries pushed across five runs in the top of the sixth to dump the Double Cees, 5-1, in a class A softball game Saturday afternoon. The losers scored their lone marker in the opening frame.

Shimizu limited the Mercs to one hit until the hectic sixth when he was touched for three bingles. Mino Nishimura took the mound for the losers in the seventh. Yone Yashiro, chuck-ing for the Mercs, allowed six safeties.

Third baseman Ted Yano collected two of the four bingles allotted the winners.

In the Sunday tussle, the Block 20 team swamped the Royal Aces, 8-1. The Aces tal-led first in the second frame, but the victors scored twice to take the lead in the third stanza. They added six runs in the sixth inning to cinch the game. Shig Funo and Koso Matsushima went the route for Block 20 and Aces, respectively. George Hashimoto and Texic Watanabe slammed out round trippers for the victors.

Softballers Led By Sachio Ikeda

Sachio Ikeda, fleet center fielder for the Warehouse team, paced the softball batting race with seven hits in 12 attempts for an average of .583, followed closely by Mino Nishimura of the Double Cees with .556.

squad will start Texie Watanabe on the mound with Tak Ikeda and Tosh Asano ready to relieve should Watanabe falter. Joe watanabe will don the mask.
Last week, the sudden removal Watanabe proved disastrous as the Amateurs pounded the offerings of Ikeda and Asano unmerclfully.

The league leaders will open with Russ Hinaga, veteran workhorse, who has two wins to his credit. Hinaga will have to use all his cunning and experience to silence the booming bats of the favorites. Hinaga's battery mate will be Frank Shiraki.

Pacing the attack for the block outfit will be Watanabe, Min Horino, Shig Funo, Ikeda and Asano with Blackie Ichishita, Rosie Matsui and Tcm Kudow providing heavy stickwork for the underdogs.

The Amateurs oppose twice-beaten Zebra Ayes at 2 p.m. Sunday with the former favored to win their third game. The Ayes lost the services of George Yamaoka, catcher and relief pitcher, but George Hinaga, regular pitcher, is slated to return from Denver in time for the game.

Youthful George Iseri will take the mound for the Amateurs with Fuzzy Shimada receiving his slants. Tabo Shimizu will catch for the Zebras.

Mercuries, Block 20 Favored in Tussles

Two more class A softball games are set for the week-end with the league-leading Mercuries tangling with the Royal Aces and the Block 20 nine meeting the JayBees. Both contests will be held on the ad field.

The Mercuries are favored to retain their unblemished record in the 1:30 p.m. tilt today. Yone Yashiro will chuck for the Mercs against the Aces' Koso Matsushima. The Block 20 squad, behind the slants of long Shig Funo, is given the nod over the JayBee aggregation at 1:30 p.m. tomorrow

Billings, Montana
The Billings Gazette in an editorial recently directed attention to the problem presented by the presence in United States of persons of Japanese birth or ancestry and concluded that the "decision best be reached if a majority of Americans consider the questions involved without passion but with the resolve to do justice."

There is no indication of a clearcut tendency of popular opinion or governmental policy about what shall be done with the loyal Japanese Americans after the war, the Gazette said.

The Billings paper quoted The Sentinel's May Sentinel's May 6 editorial which stated that for evacuees "there will be no such things as the life we knew before we were forced to leave our homes" and that "every individual nisei must make his own way and provide for his parents."

The opinion of the Mountain editors may not re-flect the views of a majority of the evacuees, but it shows what some of them are thinking, and the decision about the future of these people is something that demands thought, the Gazette declared.
