General Commends 442nd Team

Had Vital Battle Role In Campaign

WITH THE 5TH ARMY, Italy—Appreciation for the outstanding part which American soldiers of Japanese ancestry played in the climactic days of the Italian campaign with the Fifth army against the Germans was expressed in a special division commendation to members of the 442nd Japanese American combat team.

Read as a feature of the Victory Parade and Awards Ceremonies of the 442nd at the Novi airport near Genoa, the commendation, signed by Maj. Gen. Edward M. Almond of Luray, Va., commanding general of the 92nd "Buffalo" division, credited the Japanese Americans with "a great part in vanishing the German foe on the Italian front."

The complete text of the commendation as read to the assembly unit, guests and townspeople was:

"To the officers and men of the 442nd Infantry regiment:

"I desire to express my high appreciation for the splendid performance by the officers and men of the 442nd Infantry regiment during the recent operations of the 42nd Infantry division when the regiment took part in the Fifth army offensive from March 28 until the capitulation of the enemy in Italy on May 2.

"The 442nd Infantry, with its fine combat record, arrived in the Italian theatre on March 26, having just previously left a record of distinguished combat in France with the Sixth army group, United States army. Arriving without organizational errations of the 442 Infantry equipment, the regiment so rapidly equipped itself and conditioned its weapons that it was ready to enter the offensive on April 5 in the most effective manner against the German Gothic line in the Ligurian Apennine mountains.

"The performance by units, and by individuals has been magnificent example of speed, drive, and endurance in combat against an enemy entrenched in most difficult terrain and employing every known device of modern combat.

"The task assigned your regiment was a most difficult one which entailed repeated assaults against strongly prepared successive defensive positions. The endurance, stamina, and courage of the individuals of this regiment under these difficult conditions deserve the highest commendation. This has been accorded by the army group commander, Gen. Mark W. Clark

'Vast Majority' of Californians Would Be Friendly, Writer Says

BOSTON, Mass.—The "vast majority" of California's eight million persons have no other wish than to live peacefully with the 4,000 Japanese Americans who have come back so far, Kimmlis Hendrick, staff correspondent of the Christian Science Monitor, declared in a San Francisco dispatch recently published.

Hendrick referred to "18 widely deplored incidents affecting returned Japanese Americans" which have taken place in California, and said that because the 18 incidents "have received wide publicity, it is important to know that in cities like this (San Francisco) and Los Angeles,

Japanese Americans are wanted as war workers, and more would be welcomed if housing conditions permitted."

The Monitor correspondent also added that the Japanese Americans are wanted on the coast "because it is realized that they are fundamentally Americans, as indicated by the heroic part some of their sons and husbands are playing in the armed forces."

"In all cases," he stressed, "they have taken places in rural areas."

Hendricks commented on the recent objections raised by certain members of the Stockton ILWU to returned Americans of (continued on page six)

Third Special Scheduled For June 18 Will Carry Nearly 300 to New Homes

Heart Mountain's population dropped to new low—6741—with the departure this week of approximately 300 persons, some bound for their former homes on the West coast while others relocated to new homes and work throughout the East.

The majority of residents left on Monday night's special train which carried 219 people to communities where their normal life will again be resumed. The remainder left individually or in family groups.

The peak population during Heart Mountain's nearly three years of existence was approximately 11,200, although more than 13,000 persons have been inducted into the center.

With the decline of population, community functions were tapering off with two mess halls scheduled for early closing and others approaching the minimum of 100 persons allowable.

Preparations for the third special train, to leave Heart Mountain late now underway and another 250 or 300 people will leave June 18.

Arrangements will be similar to the departure Monday, according to Claud C. Gilmore, assistant relocation officer.

Monday's departure went off "without a hitch" despite the crowd of 3500 residents who crowded around the depot at train time.

Arrangements now pending anticipate the June 18 train leaving at 7:30 p. m. Baggage for the train, however, will be picked up on the day of departure, Gilmore said, instead of during the week. Complete information regarding the next movement will be carried in the bulletins previous to the departure date, Gilmore said.

"The departure of the group Monday night was a truly inspiring event," Project Director Guy Robertson said.

"To me the scene of the 219 people leaving for their former homes was one of the highlights of Heart Mountain history. Those people are facing the future unafraid, with the full knowledge that they are good citizens and that they are both willing and anxious to show the American public that they are staunchly loyal to this nation.

"The situation on the West coast has not been too good, but there is no doubt but what California, Oregon and Washington groups now opposing the return of the evacuees will soon have to change their tactics," the project director said.

"There is only a small minority opposing the return of the nisei and their loyal parents and that insignificant group has drawn fire and criticism of the entire nation. The good peoples of the coast, who are in the vast majority, will soon stamp out such opposition.

Supreme Court 'Thumbs Down' Tamesa Case

WASHINGTON, D. C. — The Supreme Court of the United States refused to review a decision that an American citizen of Japanese descent may not refuse to obey his draft board orders on the ground he is detained in a relocation center.

The review was asked by Minoru Tamesa, of Heart Mountain, Wyo., who refused to report for a physical examination ordered by his draft board. The U. S. District court in Cheyenne found him guilty of violating the Selective Service act and sentenced him to three years' imprisonment.

The Supreme Court's ruling equally affects 62 other Heart Mountain youths who were tried and convicted at the same time. Another case involving 18 other Heart Mountain youths charged similarly, has been pending during the consideration of the original case in the highest court.

According to the petition filed in behalf of Tamesa and the 62 others, A. L. Wirin, American Civil Liberty Union attorney, and J. B. Teltz, the defendant had declared his loyalty to the United States, but protested that his constitutional rights had been taken from him by enforced evacuation from his home in California under military orders, and by his enforced detention at the center.

Coast's 'Threatened Violence' Is Major Problem Facing WRA

WASHINGTON, D. C.—Threatened violence against Japanese Americans was described this week as a "major problem" facing the WRA in its effort to restore them to normal life.

Dillon S. Myer, WRA director, told a House appropriations subcommittee in testimony made public that the agency expects to close its eight remaining relocation centers for Japanese Americans by the end of the year. He said it will turn the segregation center at Tule Lake, California, over to the Justice department at that time.

This will require moving about 53,000 persons to communities they select and aiding them to reestablish themselves, Myer said.

About 110,000 persons of Japanese ancestry were evacuated from the West coast in 1942 at the start of the war with Japan. The War department lifted its mass exclusion order last Jan. 2.

Since then, the WRA has been assisting the evacuees to return to normal communities. Myer said about half are returning to the West coast.

"Our major problem," Myer told the sub-committee, "is one we have had for some time, and that concerns the reluctance, particularly on the part of the old people in the centers, to be relocated because of a feeling of insecurity."

In certain areas, particularly on the West coast, during the last three months, we have had some occurrences such as shooting into dwellings, boycotts and other atrocities on the part of misguided un-American patriots and a small group of people who have an economic interest in opposing the return of evacuees."

Secretary of Interior Ickes has reported that 20 shootings have occurred at the homes of Japanese Americans in California since Jan. 2.

'Horizontal Hank,' Marauder Hero, Back Home

SEATTLE—Seattle-born S/Sgt. Henry H. Goshu, better known as "Horizontal Hank" who left Japan in July, 1941, when war loomed, was back home this week, a hero of Merrill's famous Marauders, wearing the Presidential Unit citation, Infantry combat badge, the Bronze Star and the Pacific ribbon with three campaign stars.

In the thick of the Burma campaign he fought the enemy with bullets and broadcast as a member of army combat intelligence and the psychological warfare division.

"I used to broadcast by loud speaker four times a day," he related. "We gave war news Tokyo withheld or distorted to make Axis defeats look like victories.

"I made surrender appeals to

trapped troops, interspersed with Japanese music. The music was very effective. I learned that they wept, but were prevented by their officers from giving up."

He was called "Horizontal Hank" because of the time he spent crawling along the front lines.

One of his duties was interrogating captured Japanese and one of them happened to be his former classmate at the University of Kobe. Neither was much surprised, he said.

"Most of them were sullen and in a suicidal frame of mind at first," he said. "After they discovered, to their great surprise, they weren't going to be tortured or mistreated, they talked a blue streak and told everything they knew."

Sergeant Goshu, who belongs to the Methodist church, admitted he earned the right to cut six notches in his rifle in jungle combat.

But malaria did what Japanese bullets failed to accomplish and after seven attacks he was returned home last month and given a medical discharge two weeks ago.

He said he expects to enter wartime government service in a field where his knowledge of Japan and the language will be of value.

Sergeant Goshu, son of Hiroshi Goshu, a former Seattle druggist, graduated from Beacon Hill grade school and was sent to Japan in 1934 to complete his education for the U. S. consular service.

Wyoming College Honors Two Nisei

Two former residents of Heart Mountain received awards at the recent assembly of the University of Wyoming.

Lilly Fukui won a Phi Gamma Nu key for the highest scholarship average among women majors in commerce. She is a graduate of San Jose high school and was attending San Jose State college at the time of evacuation.

Saburo Nagumo won the Alpha Epsilon Delta book for the most outstanding freshman in pre-medicine. He was graduated from Heart Mountain high school in 1944.

Rev. Nishi to Speak At Christian Church

The Rev. Shunji F. Nishi, Episcopalian minister, will be guest speaker at the 11 a. m. service of the Community Christian church Sunday.

Reverend Nishi, who has been assigned to help the resettlers in the Cleveland area, is now serving on the staff of the Cleveland Church federation. He is touring the Pacific coast and several of the relocation centers. Guest speaker last Sunday was Dr. Hachiro Yuasa, former president of the Doshisha university in Kyoto. He also spoke to the Chi Sigma Lambda group in the evening.

Picnic Enjoyed By 4000 Persons

Approximately 4,000 persons enjoyed the center-wide farewell picnic last Sunday. Although rain put a stop to the proceedings in the afternoon, the picnic was acclaimed a success by the many who attended.

Addresses were given by Project Director Guy Robertson and Shinji Fujimoto, chairman of the picnic committee.

40 Attend Zebra Dinner-Dance

With approximately 40 persons in attendance, the Zebra club held its third annual dinner-dance Saturday at 6-27. Eddie Yamaoka was toastmaster and Kaz Shimizu, emcee. The committee in charge of arrangements was headed by Chi Akizuki. Assisting him were Yuk Kudow and Shimizu, decorations, and Meiji Kawakami and Terry Sentachi, food. Guests were Frances Tanahashi and Roy Yamadera.

Elsie King Leaves For Washington

Mrs. Elsie King, secretary to Project Director Guy Robertson, will leave today to accept a position in Washington, D. C. Mrs. King was among the first to arrive when the center opened in 1942.

Her husband, Lt. Jerry King, is stationed somewhere in the Philippines. Lieutenant King was a member of the agriculture department prior to his enlistment in the army in January 1943.

Justice of Convenience

Fortunately this nation's judicial system was not established on the precepts of Justice of the Peace L. B. Crosby of Parlier, Calif. Last week Judge Crosby established his own rule for dispensing what was accepted locally as justice.

Certainly we are fortunate that local groups the nation over do not make up their laws as they go along meeting different and varied situations.

Judge Crosby last week meted out a six-month suspended sentence to Levi Multanen, a local rancher, for firing a shotgun into the home of Charles Iwasaki, another local resident who had returned to his home last March, after having been evacuated by the army with all other persons of Japanese ancestry from the West coast. Iwasaki was also allowed to return to his home by the army.

Fortunately no one was injured although evidence presented at the trial indicated that anyone within the 125-foot range, the distance from which Multanen shot, would have been killed instantly. Multanen was charged with "using a gun in a rude and threatening manner," which apparently is a new one for the books.

Multanen admittedly "went after revenge" when he convinced himself that his nephew had been killed at the hands of the Japanese in the South Pacific. Multanen received a letter from his nephew two days after the shooting.

Despite the evidence in the case, Judge Crosby, ignoring all court precedence and ethics, invited the community to participate in the court's decision.

"In a sense," the judge was quoted as saying, "the decision was a community arrangement. There was a big crowd of Parlier farmers at the trial and we talked it over—all of us."

"It was brought out that 98 per cent of our community felt the War Relocation authority was wrong in resettling these people, and that a jail sentence for Multanen might fan their anger to a point where more violence would ensue."

Judge Crosby, apparently a salty old character, who told the press "I'm 65 years old but I don't stem my fodder yet," established a dangerous precedent with the obvious intent of satisfying his constituents.

Should Judge Crosby's policy of expediency be practiced on a larger scale it is easy to see how any community could establish its own laws of convenience. What if the judge and the community decided that the local taxpayers' burden was too heavy and they simply declined to pay the necessary taxes to carry on the war; what if they arbitrarily expressed their dislikes for rationing and cancelled the point system locally. Following such a line of thinking it might also be declared by the Parlier people that the army had sufficient soldiers under arms and no more Parlier boys needed to join the ranks.

What if the majority of the community decided that it should expel its Catholic residents; its Jewish residents; that a particular business should not be granted a license—the scope of such homemade law is limitless.

Such naive action by Judge Crosby is dangerous to the very foundations of our social and political structure.

Secretary Ickes, irate over Judge Crosby's decision, said the judge was a "disgrace to the bench."

We might add that in our opinion Judge Crosby is not only a "disgrace to the bench" but that as a representative of the judicial system he kowtows to public opinion, ignoring the basic principles of Americanism and that the time is long past when someone should begin to "stem" his fodder for him.

We further concur with Secretary Ickes that the charge against Multanen of "using a gun in a rude and threatening manner" was "damned rude" indeed.

ON THE OUT-SIDE

DES MOINES, Ia.—Some 205 persons were to have left Heart Mountain on a single day this week, The Sentinel says. This is in addition to numerous others heading out the front gate for the last time on other days during the week. It is welcome news to those of us already on the outside.

We wonder now many of these new relocatees realize the scores of factors which together have made possible this mass resettlement. It is a long story and justice cannot be done to it in a single short column. Much of the story never will be known, for what were overlooked as insignificant acts may have had a large part in the shifting of an entire community's attitude toward the evacuees.

In its broad outline, the story of the preparation for the resettlement program is somewhat comparable to the story of the preparation for an invasion D-day. Literally hundreds of widely varied functions—many of them apparently unrelated to the primary objective—were undertaken in many places and all with the one objective of preparing for that D-day.

The D-day in this case is the day when Joe Nisel and his evacuee family re-enter America by the act of passing out the center gates.

First of the many agencies which helped pave the way for Joe Nisel's return is, of course, WRA. Its widespread network of offices, its field workers, its troubleshooters and all the rest of them under a variety of titles have the one aim of making Joe Nisel's re-entry into American life pleasant, smooth and secure.

Some of the government agencies co-operating with WRA are the United States employment service, the social security agency, the fair employment practices committee, the several bureaus of the department of agriculture, and others playing lesser roles.

And, of course, the roles of the war and justice departments in re-opening the Pacific coast are well known.

But government agencies are only the beginning of the story. In a large number of cities throughout the country are citizens advisory councils made up of prominent public-spirited local leaders with an interest in the relocation program. Many of these persons never have personal contact with the evacuees themselves, but they work on a voluntary basis in guiding local public opinion, developing evacuee housing, employment and community acceptance programs, and otherwise paving the way. Sometimes the churches work with these citizen councils, and at other times they operate independently through their own national boards.

Some churches operate hostels; others have assigned field workers to travel from area to area to help in the program. It would not be fair to point out any single church as the most active; let it suffice to say the Friends Service committee has been in the van's rendering invaluable assistance like the YMCA, YWCA, JAFL, Fair Play committee and others.

Nor must it be forgotten that the relocatees themselves are the best possible aids to the resettlement.

Letters to the Editor

To the Editor:

It has been very easy to take The Sentinel for granted ever since its first issue. The Sentinel has built up a reputation for forthright editorials and excellent news coverage. With such a reputation, it was possible for most of your readers to take for granted the continued splendid efforts of the paper.

Those of us who, at one time or another, have helped to put out the weekly editions realize the tremendous difficulties of draining personnel, of "camp stagnation," etc. It is with a feeling of real loss that we learn of The Sentinel's impending termination. The task of reporting and interpreting the historical months of relocation center living and the subsequent resettlement period has been carried out most ably and honestly.

Teresa Honda
Washington, D. C.

To the Editor:

Congratulations to The Sentinel for turning out a consistently fine paper despite the turnovers, and the departure of your former editors.

May we take this means through the Heart Mountain Sentinel to express our thanks to the many friends of Fred Yamamoto who have so generously contributed to the Fred Yamamoto Book Memorial fund.

We are going to make a formal presentation to the Palo Alto high school on Wednesday, June 13, at its annual award assembly.

We have asked that the books be used as unit for classroom and for reference purpose. We have suggested that the books deal with problems of (1) international amity, and (2) good citizenship in the U. S. We have stated that preferential study of the Japanese American problems need not be made,

ment program. Every relocatee is a living advertisement for his fellows still in the centers, and the vast majority have done nothing to jeopardize the chances of evacuees coming along later.

The spectacular feats of Nisel soldiers also have been a mighty factor in bringing public attention to the problems of the Japanese American. The 42nd Combat Team was organized partly for its publicity value, and its members, not forgetting those who have made the supreme sacrifice, have exceeded every expectation.

And far from the least important of the factors is John American Citizen whose sense of fair play was aroused by the evacuation of its aftermath. His sentiment has been expressed in the editorial and news columns of scores of nationally important newspapers and magazines. In the vox pop columns, even in the writings of nationally syndicated pundits and chroniclers of gossip and chit-chat.

In the sense, the fight of the Japanese American for a chance to live as an American has come to symbolize the struggle within the United States between democracy and the native brand of fascism. And fascism never yet has succeeded for long here.

Joe Nisel and his parents and grandparents, his children and his brothers and sisters, may feel a little frightened and alone when they walk out that front gate. But walking with them in spirit are thousands upon thousands of other Americans who are pulling for them, every step of the way.

—Bill Hosokawa

for we felt that the problems of amity and good citizenship were not simply the understanding of one group of people, but of all.

Once again, may we thank all of you for your very generous contributions. We would like to suggest to all those who attended Palo Alto high school to aid and contribute to the Palo Alto-Stanford Community Gold Star Memorial scholarship. Contributions may be sent directly to Palo Alto high school, or if sent to us, we will pass it on.

To the Editor:

I have just finished reading the May 12 issue of The Sentinel and I noticed a story of Koo Kawada, who has gained success as a supervisor of a radio condenser company.

My congratulation goes to him.

But may I tell you a story of a fellow whom I know has gained success also. He is Yukio Sadamura, formerly of Heart Mountain. Working with him is a friend of his from Rohwer, Ark. His name is Shig Kimura.

Yukio started work a year and a half ago as a laborer at the Cuneo Press. Not satisfied with the type of work, he decided to learn body and fender repair trade. Working at 60 cents an hour at the Smith's garage on Ashland for three months, he decided that he should go on.

Then the opportunity struck! A man named Frank Pascal, owner of one of the largest rent-a-car systems in the country, met Yukio one day and asked him if he wanted to work on his fleet cars—Yukio never hesitated. He took the offer. Handicapped by little experience, he struggled till he succeeded! And now, he, with the help of Shig Kimura, is just about cleaning up.

Both boys are working on a percentage basis. Their average earning is about \$700 to \$800 a month.

Shig started work as a dishwasher at the Tidewild Country club over two years ago. After working as a hotel waiter, bus boy and stock room clerk, he got a job in a garage as a nightman. Working four months at this garage, he decided to go along with Yukio, and now he is also cleaning up as well as learning the trade.

His dad is the proud possessor of a patient of a dahlia bulb; known to most of us as the "Royal Glory."

Council, JAFL Aid Relocatees

MILWAUKEE.—The Milwaukee Council and the local JAFL chapter will combine their efforts to extend a warm and helpful welcome to new resettlers.

Members of the two organizations stand ready to assist with the many questions and problems, with the exception of permanent housing, which naturally confront every newcomer. Three college students, who are working in town for the summer, were recently helped by their fellow nisel.

Resettlers and visitors are invited to telephone either Masumi Kaneko, JAFL president, or Sam Minami, council chairman. Both are listed in the latest telephone directory.

by the army commander, Lieutenant General Lucian K. Truscott, Jr., to which I add my sincere thanks and appreciation for your splendid service to the nation, the United States army, and in particular to the 92nd Infantry division. You as individuals should take great pride in your accomplishments as tried and true soldiers who had a great part in vanquishing the German foe on the Italian front. I am sure your performance will be a great satisfaction to each of you for the rest of your lives.

"I am proud to have had you under my command and bid you Godspeed with the knowledge that wherever you serve as soldiers you will give a fine account of yourselves and merit the fine reputation that you have established while serving with the division.

"Good luck!"

**63 Tonsillectomy
Cases Reported**

A total of 63 tonsillectomy cases underwent operations at the local hospital between May 23 and June 5, according to Dr. Thomas B. Cracrott, chief medical officer.

Four Evacuée physicians were in charge of operations. They are Drs. Fusataro Nakaya, Ki-yohide Nakaki, Morton Kimura and Paul K. Ito. Assisting them were Margaret McCaffery, operating supervisor, and also Mae Sakurai, Yoshiko Tsuji and Akie Kodama, nurses/aides.

Japanese ancestry, and stated that the incident was of special interest "because in it organized labor stepped forward as the defender, within its own ranks, of freedom from racial discrimination."

The Monitor writer said that "it appears that chief opponents of admitting Japanese Americans were Mexican, Filipino and Negro members" and added that "observers find it hard to understand why they would oppose a fourth minority unless they had been put under pressure to do so from the outside."

"The question being asked about the Stockton case," Hendrick declared, "is—are organized farmers in this state, long opposed to unionization of farm labor, taking this divide-and-conquer method to break up agricultural unionism?"

SPORTS

Tidbits

By EDDIE YAMAOKA

Never before in the three-year history of Heart Mountain has diamond sport reached such a pitch as this year. For instance there are three softball leagues, including the young men's loop, old men's block circuit and the industrial league. In a short while, a girls' loop is expected to get underway. The baseball league has six teams, with approximately 80 ball players participating. Taking all into consideration, baseball is doing its share of providing recreation for a good percentage of people in this camp.

The "neglected" group was the youngsters from 12 years and below. It's true that they had their share of "one o'cats" and "choosing sides" during school days, but now that school is out, they more or less had to be contented as spectators.

Early this week, the athletic department announced formation of a softball league for these so-called "neglected" youngsters. Now these boys have something to do. It was a wise move on the part of the athletic department because a lot of mischiefs and delinquency will be done away with through the formation of this league.

First Athletic Head

Home for a short furlough recently was Tj5 Joe Suski. Joe in his Heart Mountain days, was the first supervisor of athletics for this camp, conducting all sports in "stilk-like" fashion.

We first met Joe in the Santa Anita assembly center. He was then performing for the Dodger line. After that center broke up, he was shipped here and continued playing ball for the Huskies. As athletic director, Joe was respected by everyone, old and young. He showed no favoritism and knew just what the boys wanted. In 1943 when the relocation bug struck Joe, the people of block 24 erected a softball field and named it Suski field in his honor.

Hero of the Week

Once again, only one baseball game was played over the week-end, but nevertheless, that lone tilt provided a hero of the week. He is Tak "Bojangles" Sugiyama, stellar guardian of the hot corner for the first-place Zebras. Tak came up the hard way during the first two years, but this year he has finally hit his stride. In last week's encounter, he garnered 4 hits in 5 attempts. One of them almost went for a round-tripper, but he was tagged out at the home plate. After a poor start this season, Tak is slowly getting his eye on the pellet and is now batting a cool .390.

Six Teams to Resume Loop Play

9-Run Rally Wins Game For Zebras

Pushing across nine runs in the fifth inning the league-leading Zebras overcame a 3-2 deficit to turn back the Oldtimers, 12-8, last Saturday, for their fifth loop victory.

Bert Shimane doubled to open the Zebra uprising in the fifth and came home when the catcher's throw sailed into center field. Chi Akizuki hit a hard grounder which was too hot for chucker Jim Oyama to handle. Kelchi Ikeda got to first on an error.

Then Mori Shimada came through with a timely double to send both runners across the plate. Shig Tachibana followed with a single to score Shimada. Another single by Tak Sugiyama scored Tachibana. Ernie Inouye worked the pitcher for a walk. Sugiyama came in when the left fielder misjudged Russ Hinaga's towering fly.

Shimane, in his second appearance of the inning, walked to fill the bases. When Akizuki grounded out, Inouye romped home. Ikeda received a free pass to load the bags again. Then Okagaki slashed a timely single, scoring Hinaga and Shimane.

The Oldtimers forged ahead in the third canto when they scored three runs. Rosie Matsul smashed a triple and came in on Shig Iseri's single. Jim Umemoto cracked another single, advancing Iseri to second. A bad peg to first by catcher Akizuki enabled the two runners to score.

Although outclassed, the Oldtimers in a determined bid for victory shoved across five runs in the last two innings. In the eighth, Iseri, first batter, was safe on an error. After advancing to third on two wild pitches, Iseri scored on Umemoto's one-base blow. Harry Nouchi banged out a single. Shkuma walked, filling the bags. Umemoto and Nouchi scampered on Oyama's timely double.

In the ninth, Matsul garnered his second hit of the day by knocking a single to center. Iseri singled to send Matsul to second. Umemoto was safe on a fielder's choice. Matsul tallied on a wild pitch, Umemoto going to second. Nouchi slashed a terrific triple to score Umemoto.

Ernie Inouye replaced Russ Hinaga in the eighth inning. After relieving Oyama in the fifth, Frank Shikuma hurled steady ball, yielding but one run.

Zebras' Tak Sugiyama, who collected four hits in five tries, was the hitting star of the game. Jim Umemoto and Oyama garnered three blows apiece to lead the attack for the losers.

Marble Tourney Slated Friday

The group activities department under the supervision of Yuk Abe will sponsor a marble tournament 1:30 p. m. Friday 15, at 16-NE. The contestants will be divided into four age groups as follows: 9 years and under, 10 to 12 years, 13 to 15 years and 16 years and over.

Abe said "steelies" and "jumbos" will not be allowed. The rules and regulations will be explained at the tournament, he added.

Inouye Takes Second Tourney

Winning his second tournament this year, Fred Inouye carded a net 68 to cop the 18-hole handicap medal play sponsored by the Heart Mountain Golf club last Saturday. His score was 83-15-68.

M. Hiyaue was runner-up with an 85-12-73. Third place went to Bob Nishimoto with 75-0-75. The Rev. Teshin Shibata, John Nakano and Tom Kunyuki also shot a net 75, but went unplaced because of higher handicaps.

Low gross honors were won by Fred Morita with a 75. Nakano turned in the best morning score with a 34%. Art Okado and Mac Kawahara shared the best afternoon score, each with a 36.

An 18-hole handicap medal play is scheduled for 8:45 a. m. Sunday on the local course. Dr. Morton Kimura's perpetual trophy will be at stake.

Class B Softball League Opens

The Cherokees, Eager Beavers and the Mystery Nine came through with victories in the opening round of the class B softball league last week.

Greatly aided by walks, the Cherokees coasted to a 12-5 victory over the Knights. The winners piled up six runs in the initial stanza to clinch the game. Akira Nakao enjoyed a perfect day at bat with two hits in as many tries. Tosh Nakaki and relief chucker Bert Shimane gave up six hits between them but issued 15 walks. Shig Tachibana, Cherokee twirler, yielded six bingles.

Slaving off a sixth inning rally, the Mystery Nine edged the Bulldogs, 4-3. After H. Ando singled, K. Ando blasted a homerun in the second inning for the Mystery Nine's first two runs. S. Ise pitched a two-hitter for the losers while H. Ando yielded five safeties.

The Block 9 Eager Beavers came from behind to hand the Nine Spot Bees a 9-7 licking. Trailing 6-5, the Beavers staged a four run rally in the sixth to ice the game. F. Takaki garnered three hits in four trips to top the winners' hitting. K. Araki and G. Ogawa followed with two apiece. T. Kachina and G. Yamada with two bingles each were heavy hitters for the losers. The winning chucker K. Araki gave up seven safeties while Yamada was touched for 12 blows.

Elites, Oldtimers Clash Today; Zebras Tangle With Amateurs Sunday

Off-postponed because of inclement weather, play in the local baseball league will be resumed this week end after a layoff of at least a month. Weather permitting, all six teams will swing into action, but for sometime now ole King Sol has failed to make his appearance over the week-ends.

Arie's Hurling Beats 7-8 Team

Behind the effective hurling of Steve Arie, the 24-25 softball outfit set down the 7-8 combination, 7-1, last week to retain leadership of the Old Men's block softball league. The losers' only single by Sam Nakamura spoiled a no-hit game for Arie. The 24-25 scored two runs each in the first and fourth innings and added three more in the sixth canto. Hakobu Koyano and Frank Ito with two runs apiece shared hitting honors for the winners.

Scoring five runs in the last inning, the 23-30 squad downed the 28-29 team, 10-5, in a postponed tilt Sunday. Eddie Higashi of the losers enjoyed a perfect day at the plate with three hits in as many tries. Russ Hinaga and Thomas Yamasaki led the attack for the victors with two apiece. Ai Sako, 28-29, chucker, yielded seven bingles. Washiro Tachibana was touched for six safeties.

Two Scout Games Scheduled Today

Two games will be played today in the opening round of the Boy Scout softball league. Troop 333 will meet troop 343 at block 23 with troop 379 opposing troop 345 at block 15. Both tilts are scheduled for 9:45 a. m.

Nisei Cops Big Ten Broad Jump Event

Henry Alhara, nisei freshman star of the University of Illinois track and field team, became the first Japanese American to win a Big Ten track title when he won the broad jump with a leap of 23 feet 4 and 1/4 inches on May 26.

Alhara's feat helped the Illini to their first Big Ten track championship since 1934.

In winning the broad jump, Alhara, who starred for New Trier high school last year after coming to Illinois from a relocation center, defeated another nisei entrant, the University of Minnesota's Satochi Yamamoto.

In today's encounter at 2 p. m., the powerful Block 20 Elites will tackle the Oldtimers aggregation. The Oldtimers, latest addition to the baseball loop, replace the Sportsmen, who disbanded earlier in the season when relocation riddled the team. Taking a 12-8 lacing from the loop leaders last weekend, the Oldtimers will again be the underdog against the second-place Elites.

Frank Shikuma, who did a remarkable relief job in the Zebra game, will probably get the starting mound assignment. Yukio Kudow will work behind the plate. Potential pellet pulverizers include George Okuda, Rosie Matsul, "Choppy" Umemoto and Jim Oyama.

The Elites will send Texie Watanabe to the hill in quest of their sixth victory. Doug Sagar will don the catcher's paraphernalia. The Elite team will be greatly strengthened with the return of Shig Funo, who was laid up temporarily with a sprained ankle, and the addition of Tak Tsutsul former Tu-lean base chaser. Facing the team at the plate will be Tak Ikeda, Happy Furiya, Watanabe, Kelso Osumi, Funo and Tsutsul.

The most important game of the week-end will take place 2:30 p. m. Sunday when the league-leading Zebras meet the third-place Amateurs. In their first half engagement, the two teams battled to a 9-9 deadlock. The defending champs will probably call on the old "war horse", Russ Hinaga, to toll on the mound. Since the relocation of Tabo Shimizu, the backstop job will be taken over by Chi Akizuki. Ernie Inouye will be held in reserve just in case the "war horse" should buck into trouble. Power at the plate will be supplied by Tak Sugiyama, Akizuki, Kelchi Ikeda and Shig Tachibana.

For the Amateurs, George Iseri, speedball flinger, will trek to the mound. Working behind the plate will be Fuzzy Shimada. Iseri two weeks ago hurled a one-hitter against the Heart Mountain Juniors, and will be out to silence the Zebra stickers. Supporting him in the run-getting department will be Tosh Umemoto, George "Kingsize" Yamamoto, "Snooks" Kadota and Shimada.

The Maryknoll nine will take on the Heart Mountain Juniors in a twilight game 6:30 p. m. Monday. Either Billy Shundo or Yuzo Yasuhara will twirl for the Catholic boys, while veterans Frank Shiraki will receive the slants. Pacing the outfit in the hitting department will be Yasuhara, Shundo, Babe Fujloka, Tak Suzuki and Mas Nagao.

The Juniors, out for their initial win of the season, will rely on the hurling of Herb Inouye to bring home the "bacon". Johnny Ikebe will be his battery mate. "Shorty" Nagalshi, Klyo Tomikawa, Mas Umemoto and "Choo Choo" Nakaki will pace the Juniors at the plate.

Community Enterprises Trustees Banned from Holding Council Posts

The trust declaration of the local community enterprises has been amended to prohibit any trustee or member of the trust committee from holding the office of councilman or block manager, it was learned this week. The amended trust declaration has been approved by the project director and recorded at the county clerk offices.

Sections of the declaration on the method of electing members of the trust committee and the board of trustees have been amended as follows:

Section 3—On Sept. 8, 1944 and on the first Friday in March and September thereafter, there shall be elected by secret ballot at a special election, two members from each full block and one member from each half block to the trust committee.

No member of the trust committee shall hold the office of community councilman or block manager at the same time he is a member of the trust committee.

Said trust committee shall have the power to elect the member of the board of trustees as provided in this declaration.

Section 5—Members of the board of trustees shall be elected by secret ballot by said trust committee at a meeting regularly called for such purpose. Thereafter, election of a member of the board of trustees shall be held at least 10 days prior to expiration date of term of trustee.

Trustees elected may be any qualified voter of Heart Mountain relocation center except blocked nationals.

No trustee shall hold the office of community councilman or block manager at the same time he acts as trustee.

Section 6—The trustees shall be elected to serve as follows: The five persons receiving the highest number of votes at the first election held by the trust committee shall serve for the period of nine months. The remaining four trustees shall serve for the period of six months. Thereafter, members of the board of trustees shall be elected for the term of six months as the terms of the trustees expire.

Out of the nine members of the board of trustees, the terms of four trustees shall expire every April 30 and October 31, the term of the remaining five shall expire every July and January 31.

Should a vacancy occur, a successor shall be elected immediately. However, should a vacancy occur when three-fourths of the term has already expired, the vacancy shall not be filled except when more than two vacancies exist at the same time. The persons filling vacancies will serve for the remaining period of the term.

Section 19 was also amended as follows: Cash register

receipts shall be turned in for tabulation by patrons at such time as the board of trustees may designate. Failure to turn in cash register receipts within the time specified by the board of trustees shall constitute a forfeiture of the right to a patronage refund.

All balances of net savings not represented by cash register receipts turned in shall be credited to unallocated general reserve to be used at the time of liquidation.

Any losses incurred in the disposal of merchandise, fixtures and equipment and other assets during liquidation, and all expenses in the process of liquidation shall be charged to unallocated general reserve account. Upon liquidation all remaining assets after paying all obligations shall be refunded to all patrons on basis of their patronage since the organization of the Heart Mountain community enterprises.

USES Aide Forum Speaker

The chief aim of the United States Employment service is to match men with jobs, Russell Johnson of the Cody USES office told the audience at the center forum sponsored by the adult education department last week in the high school study hall. Walter C. Schlosser, head of the department, introduced Johnson, who spoke on "What to do when looking for a job."

He discussed such subjects as payroll deductions (social security, old age pension, bonds and income withholding tax), unemployment compensation, labor unions, GI bill of rights and stabilization act. Johnson stressed that any person eligible for unemployment compensation must be an eligible worker. He also discussed in detail the GI bill of rights, which provides hospitalization and rehabilitation, education, loans, opportunity of reemployment and readjustment allowance.

Jury Verdict Favors Fujimoto In Oregon City Eviction Suit

OREGON CITY—After being locked up for 15 minutes, a circuit court jury here this week returned a verdict in favor of the plaintiff, Masayuki Fujimoto, in the eviction suit against Dale and Lorene Bergin.

The case was started before Judge E. M. Page after he had overruled a motion to strike portions of the answers, filed by Glenn Jack, Bergin's counsel, which permitted the matter to be decided on the jury's interpretation of the lease agreement between the contending parties.

This is the second action in the Clackamas circuit court in which the lease agreement was found to be in favor of the Japanese regaining possession and control of his property. The first was tried without a jury, before Judge Earl O. La-

Stars & Stripes Upreads League For Terrorism

ROME, Italy — Stars and Stripes, U. S. army newspaper in a strongly worded editorial this week upread the anti-Japanese Exclusion League and others for recent attacks on nisei in the United States.

The army paper, pointing to the fighting record of the nisei, declared "nobody has asked where their grandpas came from," and added that no battalion "was more respected by the troops over here" than the 100th.

The editorial also referred to the rescue of the "Lost Battalion" by the nisei, commenting: "That was a pretty tough assignment. A pretty dirty job in the hands of the Americans whose families were being beaten up by the families of other American lads."

Bodine Enters Foreign Field

PHILADELPHIA.—Thomas R. Bodine, resident of West Hartford and formerly of the Japanese American Student Relocation council, has sailed for France as a member of the American Friends Service committee relief group which will take part in the Quaker program of emergency aid to the civilian war victims.

Bodine, an investment researcher for the Connecticut General Life Insurance company from 1937 to 1941, was given a leave of absence from his company so that he was able to take the course which the American Friends Service committee gave in relief work.

In June 1942, he was loaned to the offices of the National Japanese American Student Relocation council and became its first West coast director in their program which helped the interned students find opportunities to continue their schooling in nonrestricted areas. Bodine came to the central offices of the Service committee in February, 1945 to prepare for foreign service.

80-Year Old Man Leaves for Chicago

Probably inspired by the relocation of Mrs. Eka. Inouye, 93, Heart Mountain's oldest resident, a week ago, Tatsunaka Kimura, 80, of 8-4-F, left here Monday on the special train for Chicago.

ERC Status For Nisei Eliminated

Effective June 1, all citizens of Japanese ancestry and those Japanese aliens who volunteer for induction and who are forwarded by their selective service local boards for induction will not be transferred to the enlisted reserve corps after induction, the Powell board, which also includes the Heart Mountain project, has been advised by Wyoming state selective service headquarters at Cheyenne.

Such registrants will be inducted and forwarded to reception centers for processing and assignment in accordance with current instructions for other registrants.

It was also announced that those citizens of Japanese ancestry and Japanese aliens who volunteer for induction and who have been or will be inducted and transferred to the enlisted reserve corps prior to June 1 will be called to active service not later than June 30.

As a result of new instructions, the Powell board will forward Japanese Americans for pre-induction physical examinations and inductions in the same manner as other registrants.

Priority Open To Evacuees

WASHINGTON, D. C.—Evacuees may now be eligible to apply for priorities in the construction or upkeep of a home under the H-3 housing program, according to H. Rex Lee, relocation division chief.

A general order of the National Housing agency, effective Oct. 16, 1944, which can be applied to Japanese American evacuees, provides that housing may be provided under the H-3 program for the following purposes:

- "To relieve present or impending personal hardship to a specific individual or his family.
- "Reconstruction or replacement of housing damaged, destroyed, or removed from the market by condemnation or acquisition by public authorities in order to maintain insofar as practical the present volume and physical condition of the existing housing supply.
- "Remodeling or conversion of existing structures to provide an increased supply of housing where the NHA determines the lack of housing in the area is causing undue stress in living conditions.
- "Construction, alteration or betterment of housing for veterans of World War II."

John B. Blandford, Jr., administrator of the NHA has given the assurance that all applications submitted by Japanese-Americans will be given equal consideration with any other applications. Blandford in realizing the difficulties which confront evacuee families in finding living accommodations believes a number of them could qualify under the H-3 program upon presenting evidence as a "hardship case."

KILLED ON OKINAWA

HUNT, Ida.—TJ Eddle Y. Fukui, 21, eldest son of Suelchi Fukui, former Minidoka resident and printer for the Burley Herald, was killed recently on Karafuta Island in the Okinawas, according to a war department wire received by his father.

From The Nation's Press

Philadelphia, Pa.

Pointing out that there have been 24 incidents of violence and intimidation against Japanese Americans who have returned to California from relocation centers, the Philadelphia Record declared: "That is bad enough, but most frightening is Secretary Ickes' report that no suspects have been brought to trial in any of 15 'shooting attempts' in rural California areas."

The writer believes "state and county enforcement agencies are either conniving with the terrorists or condoning their vicious behavior."

The editorial continued: "Two-thirds of the 110,000 Japanese Americans in this country were born here. They have the rights of any other American under law. Japanese Americans have fought valiantly in our armed forces. They have a splendid bond buying record. They have given their blood to the Red Cross.

"Now they are going home—only to be confronted with the night riders torch, bullets from ambush, curses and threats. Before the eyes of the visiting diplomats of the nations of the world at San Francisco this constitutes a national disgrace. We believe with Ickes the West coast terrorism is the work of a small minority but it's about time that the decent humans majority put an end to this persecution."

Chicago, Ill.

"We assemble at San Francisco a congregation where for the first time most of our guests see a free sky and there undertake to create a free world of which they have little knowledge and for which many of them have little desire," the Chicago Daily Tribune declared.

"Our incongruities are not amusing," the editorial continued. "Our travesties are not laughable. It is not by a playwrights keen wit that they are staged on our West coast where, incidentally, it is a popular doctrine that freedom does not extend to Japanese Americans who have fought the battles of the America where they were born."

New York, N. Y.

Commenting on terror incidents in California, the New York Times said: "For months now riders in the night in California have been spreading terror and applying the torch to the homes of many who went back at the request of their government and in abiding faith that they would be left alone to work their lands, for most were farmers . . . Obviously, our law-enforcement officers are making no effort to enforce the law. That policy will merely encourage excesses that should be stopped."

Wilmington, Del.

On the subject of 24 incidents of terrorism as reported by Secretary Ickes, the Wilmington News says: "The entire community shares the blame by its failure to insist upon the sort of vigorous law enforcement which would swiftly put an end to terrorism."

"The safeguards of the constitution are not the property of any special class. They apply with equal force to every citizen, to loyal Japanese Americans as well as to Americans of every other ancestry and background."
