### A Story of Nisei Soldier and His Wallet

This is the story of Private George S. Yamashiro, one of Uncle Sam's soldiers from Fort Benjamin Harrison, Indiana, and the wallet that he lost which may play a great part in determining his immediate future.

Private Yamashiro lost his wallet Saturday night, probably in the shower room at 27-29. With the wallet went his train ticket, furlough pass without which he may be in serious trouble, military driver's license, \$70 in cash which is many months spending money for a soldier, and sundry papers.

Private Yamashiro has been visiting friends at 27-11-A. His furlough expires soon, and unless he gets back on time it means the guard house. He needs the wallet to return to his post. One of Uncle Sam's soldiers is in trouble, and he just has to get that wallet back. Private Yamashiro will be most grateful and ask no questions if he can recover that wallet.

### Unemployed Must Register Before Sunday

To be eligible for clothing allowance and unemployment compensation, residents unemployed must register before Sunday, Nov. 15, with the employment office in the Administration building, William B. Macfarlane, placement officer, warned.
