

### Final Registration Instructions Released

Registration will continue until 4 p.m. Thursday, March 4, for all male residents, 17 years of age and over, both issei and nisei who for any reason have not registered, Joe Carroll, housing and employment head, announced. The central place of registration will be 8-25.

A check, which will be completed tonight, March 1, will indicate all those males who have not registered.

A recent instruction from the WRA Director Dillon Meyer, states that all persons who have not as yet registered but who have expressed desire to either repatriate or expatriate ARE REQUIRED TO REGISTER if they have not made application to repatriate or expatriate prior to January 28.

This does not mean their applications for repatriation or expatriation will not be given proper consideration, but it does mean those persons will have to register regardless and are subject to penalty should they refuse to do so, Carroll said.

Plans are now being formulated for a mass registration of all women to be held the latter part of this week. Details regarding the registration will be released in The Sentinel supplement bulletins.
