

Seek 50 Laborers for Farm Work in Idaho

In Heart Mountain to recruit 50 laborers for farm work in Franklin County, Idaho, A. N. Johnson, representative, is interviewing interested residents this week at employment office 21-25.

Work is available on 2000 acres of cannery peas, 1000 acres of beans, 1200 acres of potatoes, 500 acres of green tomatoes, as well as 7000 acres of sugar beets of which 90 per cent have been planted with segmented seeds. This eliminates stoop labor and may be worked with a long handle hoe, according to Johnson.

Declaring that he would like to dispatch a group not later than May 10, Johnson revealed that living quarters consisting of combination wood bottom and side tents with hot water and lights are available at the farm security administration camp. Some of the laborers will be contracted to individual farmers if they so desire Johnson said.

Several Adult Education Instructors Wanted

Residents interested in teaching adult English classes are asked to contact Lawrence Nagayama at 24-17-B. Several other instructors, including an experienced teacher in English literature, are needed urgently, Nagayama said. Bookkeeping and shorthand-typing instructors are still sought, and those interested are asked to see Harold R. Bottrell, director of adult education, in The Sentinel building. If more sign up for Saturday English classes, a separate group will be established in block 25, Nagayama said.

Eighteen Nurses' Aides Needed at Hospital

An acute shortage of nurses' aides was reported today by Anna S. Van Kirk, chief nurse. Eighteen girls are needed immediately and those interested were asked to contact Nurse Van Kirk at the center hospital.

List Halls Available for Recreation Activities

With many blocks requesting a recreation hall for their particular block use, Merlin T. Kurtz, community activities chief, asked that the two recreation halls now being made available in each school zone be used.

Until such time as all the recreation halls now being used for stores and services, are turned over to the community activities, the space and coordination committees cannot consider turning over a recreation hall for the individual block use, Kurtz said.

The halls now available are the five pre-school and nursery building which may be used in the evenings for general recreational activities. They are: 6-26, 12-26, 15-26, 25-26, 28-25. The five halls to be made available soon for recreational purposes are: 2-25, 9-25, 14-26, 29-25, 30-26. Permits for halls may be obtained at 16N.

Ask Residents to Keep out of High School Area

Residents were asked by Rosio Matsui, police chief, to keep out of the High school building now under construction. Those found defacing the building or other government property will be prosecuted, Matsui said.

Dry Cleaning Desk Temporarily Closed

Acceptance of clothes for dry cleaning at 24-25S will be discontinued until further notice, Scott Taggart, director of community enterprises, announced.
