Los Angeles, Calif.

June 28, 1942

Dear Molly,

Well, schools out for you now ha! What are you planning to do all summer? Golly, there's really nothing cooking over here. Day and night I stay cooped in 'cause it's so hot. You see we have a home-made cooling system on our window and that sure keeps us cool. You forget the heat until you go outside to either the mess hall or to visit "Ben + Joe".

Baseball games are held practically every night and by sitting on ~~the~~ my porch I can watch it so it saves me the trouble of going on the hot field. They showed "Court of Monte Christo" last night but I didn't go 'cause you know I saw that one and I didn't like

it. Last week they showed 4, 100
men and a Girl - and I went.
But after seeing a picture once, it
isn't fun to see it over. Of all
things - they would pick on pics
I saw already though I go to
shows so rarely.

They're working on the swimming
pools already and the schools too.
But I don't even know where. Boy, this
place is so big I haven't even gone
through half of it. I attend church
regularly and I sure enjoy it. They
have a "Inspiration" every Friday and
it's fun. We all get together and
sing ~~choruses~~ choruses from hymn books
and community songs.

I can't think of anything else so
by giving you Myrtle's address 814
N. J. Barr. 358 - A 21st St. Pomona A.C.
Pomona, Calif.

Love,
Mary.
