Dear Molly -

Greetings from cold Minneapolis -
looks as if the relocation bug⁴ hit
me. I'm now working in a home
and expect to enter school later
according to your last letter school
starts for you today ha. Tell me
how a university is nowadays!
I've been here less than 3 weeks
but everything's swell. It's ready
to snow any day now. I love sunny
California. Write O.K. Love, Frank
