Dear Molly:

So sorry I forgot to write
the return address. Apologies
accepted?

School — School! Don
goin' nuts with studies and
social activities. More homework
every night. See be glad the
day I graduate. At least ever though?
In school Don taking
Physiology, Social Problems, English
& Literature, Business English and
General Arts. I hope I don't have
to take Phys. Ed. The weather is
pretty bad you know.

But — shoe rationing is
driving me nuts. Every month
I had to buy shoes whether
they were worn or not, now
I can't even own a shoe. I
wear shoes out guilt because
we do a lot of giving. Damn it!

I heard from Gene lately?
If you write to her please tell
her to write to me. I haven't
heard from her in a long time.
Don sort of buy so I can't drop
her a line at the present time.

By the way, how do you
like the song, "Moonlight Mood",
"Don't Leave That Song Behind", "Black
Magic"? Pretty up? "Moonlight
Mood" drives me nuts. It's really
lovely. I'd say the same for the
other.

Then — study hard and
keep out of trouble and you'll
hear from me soon. So long.

Love,
Gene
