Feb. 16, 1942

Dear Mally-char:

Just got your most
than well-come letter. And
about the calendar, forget
about it, cause they sold
the Heart Mountain calendar
and are giving real pretty
calendar, free with a dollar
purchase of goods at our
canteen. Thanks alot anyway.

Our new semester is going
to start next week, but I
am still in 11th grade. Because
in this state, there isn't
any 11-17 or 13, so they made
me repeat 11-13 over. Yeah.
all the boys started registering
today for the Army. After they're
through, the girls over 17

years of age are going to register
for waac's. God its really
going to be sad with all
the boys gone. Any way,
they're asking for volunteers
first and later if theres
not enough volunteers
their going to draft them.

My ~~old~~ sister and my
beau are trying to join
the farming bureau. So they
wouldn't have to go, but
their city slickers and
don't know anything about
farming. Saturday, we went
to the Valentines social, god
did we have alot of fun.
Came home about 11:30 P.M.

We're going to see movie
every week, tomorrow we're
going to see "Senior Family
Reunion" we never get to
see new picture, its always

old. But all the pictures
I didn't see I get to see,
so don't make any difference
to me. About Errol
Glynn's case, my father
worked for him and he
said ~~that~~ Errol don't look that
type. In my opinion I think
he's innocent. Good camp
life is going. All the kids
out here are ice skating.
I don't care to ice skate, I
rather play ping pong.

Oh! Mally about this
Guirid's letter what do you
mean by that. There
wasn't any other letter in
the envelope except mine.
And about Haruko, I
never see her around.

Molly, can you tell me
if Mrs. Moses is still
there. If she is there
please tell her to write.

I'll be closing
until next time
I remain

Mary
