Dear Mrs. Whitney,

I decided to include a note with Sue's letter - although there isn't much to write about.

How has everything been in Iceland? Is Mr. Whitney better?

Gracious, it looks much as if every place is having a lot of rain. We had a continuous rain spell Tuesday night thru Wednesday - all day, too. If only the grounds didn't get so sloppy! I rather feel I am an accomplished balancer now. If my guess is right, another rain storm is "brewin'". I hate them over the week end as it means I will be unable to attend mass.

Louise & I have been studying our Catechisms very faithfully every night. We never realized religion was so

Complicated & interesting.
We should be able to discuss
things much more intelligently
when Father Clement comes
over again.

I am looking forward to
a letter from you - perhaps
to-morrow.

Please give my regards to
Mr. Whitney & the boys.

With love -

Henrico.
